19TH YEAR. NO. 56.

EAST LIVERPOOL, O., FRIDAY, MARCH 7, 1902.

TWO CENTS.

LOST FOR SEVERAL DAYS BUT NOW BEFORE SOLONS

**East Liverpool Registration Bill
Is Expected to Have
Smooth Sailing.**

CASE OF BARBARA BOLTON

**Attracts Attention and Some Sen-
ators Oppose Sending Her
to Massillon.**

STATIONARY ENGINEERS' BILL

**Amended in the Senate And Passed.
Archer Bill Making the State Res-
ervoir Lands Parks Is Postponed.
Important School Measure.**

From a Staff Correspondent.

Columbus, March 7.—The East Liverpool registration bill was buried under an avalanche of measures and was lost for a while. Mr. Crist, who introduced the bill, could not understand why it had not been returned to the house by the revision committee in whose hands it had been placed, and so yesterday he proceeded to ascertain the why and whereof of the delay. He found that the bill had been lost sight of by the committee, but a search was instituted for it which resulted in its discovery in an obscure committee room. The revision committee made a few slight changes in the bill which do not affect its spirit, and if there is not a further miscarriage of plans it will be placed on the calendar and passed next week. Mr. Crist left for his home Thursday evening.

Representative Crist's joint resolution providing for the removal of Barbara Bolton, an insane patient of East Liverpool, from the Columbiana county infirmary to the Massillon hospital for the insane, passed the house and on Thursday was messaged over to the senate, where it was at once referred to the committee on benevolent institutions, which, it is expected, will report back to the senate by not later than Tuesday. The resolution had smooth sailing in the house, but may encounter some opposition in the senate.

The Bolton woman is an alien and it developed several weeks ago during the discussion of a measure by Senator Wilhelm, of Stark, to admit a non-resident to one of the state hospitals that considerable sentiment exists in the upper body against admitting persons not having a legal residence in Ohio to these institutions. This feeling may be ascribed to the crowded condition of these hospitals. Senator Connell will, in spite of this objection, strive earnestly to secure the passage of the resolution.

The house adjourned Thursday afternoon until Monday afternoon. The finance committee of the senate started on a junketing tour this morning and will visit the state institutions at Massillon, Cleveland, Sandusky and Toledo. Only a few senators were in their seats today and no business worth speaking about was transacted.

The Fisher bill making January 29, the anniversary of the late President McKinley, a state holiday, was passed by the house on Thursday. The Pollock bill requiring the use of the union label on all state printing, which was defeated early this week, was reconsidered and passed by the house on Thursday. The slight changes made to the stationary engineers' bill by the senate on Wednesday were concurred in by the house on Thursday and the bill is now a law. Senator Longworth, of Cincinnati, introduced a bill drawn by the state library association, which provides for county libraries. The commissioners may upon petition of 50 per cent of the selectors establish a library, where there is none at a county seat, which shall be supported by a tax levy of five-tenths of a mill.

After a spirited debate in which personalities were exchanged, the senate on Thursday postponed action on the Archer bill which dedicates the Lewistown and Licking reservoirs and the lakes and reservoirs in Summit county as public parks. The bill places the management of these parks under the control of the state board of public works, chief state engineer and canal commission, and objection was made on the ground that its ob-

ject was to perpetuate these departments.

Representative Gear, of Wyandot, has introduced a bill, its object being to compel each county to pay for its own schools. It is claimed that one-half of the counties of the state are paying for the education of the youth of other counties. The author claims that Columbiana county receives from the state treasury for school purposes \$5,501.26 in excess of what it puts in. Forty-one counties receive nearly \$200,000 more than they give.

The Republican house caucus held a meeting on the redistricting bill which it is proposed to amend to make changes in the Columbus, Dayton and Toledo districts. Mr. Crist took part in the discussion and served notice that no change was desired in the Eighteenth district. No action was taken, but another meeting will be held next week.

WHOLESALE HOUSE

**MAY BE ESTABLISHED BY A GRO-
CERY CONCERN HERE.**

**Deal Now in Progress to Secure the
Rinehart Property for
a Site.**

If the plans of a certain company recently formed in a nearby town do not fail, there will be a very large wholesale grocery concern established in East Liverpool within a few weeks.

Prominent men in this line of business have had their eye upon this district for a long time, and they have determined to open a house here. One of the greatest handicaps has been the absence of a suitable location. It is well known to every one interested in building and business sites, there is not a structure in the city that would be suitable for the purpose mentioned.

When the deal was closed by the Pennsylvania company for the Rinehart property on Second street the grocery firm was not long in opening negotiations with the new owners. The members of the proposed corporation were encouraged to believe that the building could be secured.

If the deal goes through the building will be remodeled and fitted up in such a manner as to provide all conveniences necessary for a large and up-to-date wholesale grocery business. The concern will be the largest in this section.

AT SHERIFFS' SALE

**E. H. Riggs Purchased Clark Property
in Wellsville for
\$3,650.**

Lisbon, March 7. (Special).—E. H. Riggs, of Wellsville, has purchased at sheriff's sale the property formerly belonging to Anna D. Clark, situated on Water and 18th Streets, Wellsville. It is sold as a result of the suit of Horace D. Nicholson, administrator, against Anna D. Clark. Riggs paid \$3,650 for the property.

FEARS HER HUSBAND

**Mrs. A. M. Weaver, of Wellsville, Has
Weaver Under Bond to
Keep Peace.**

Lisbon, March 7. (Special).—Albert M. Weaver, of Wellsville, has been bound over under \$200 bond to keep the peace. On the transcript from Squire MacKenzie's court appears the affidavit of his wife Mary who says she fears he will assault and beat and unlawfully destroy her personal property.

TO IMPROVE BEAVER RIVER

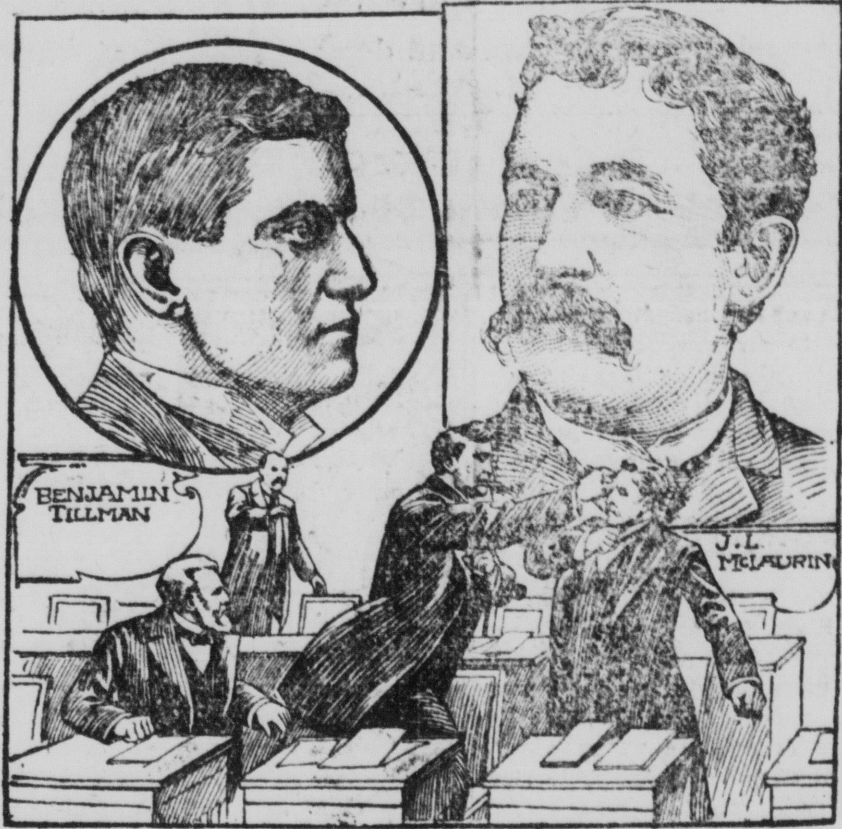

**Survey Provided for in Rivers and
Harbors Bill.**

Washington, March 7.—Representative Atcheson has had a paragraph put in to the rivers and harbors bill, authorizing a survey of the Beaver river from its junction with the Ohio to Beaver Falls, the object being the establishment of slack water navigation between those two points.

Wants Title Quieted.

Lisbon, March 7. (Special).—Isabella Coleman has asked that the court quiet the title of the New Lisbon Coal Co. to the mineral rights in 381 acres bought by her subject to its leases. She claims that the company has never done anything in the way of opening miner in land, which lies about 2½ miles north of Lisbon along the Erie railroad.

Fine job work—News Review office.

THE TILLMAN-McLAURIN FIGHT IN THE SENATE.

Senators Tillman and McLaurin, of South Carolina, recently gave the senate's dignity quite a jolt when they engaged in a fist fight on the senate floor. Tillman said McLaurin had been improperly influenced to vote on a certain measure. McLaurin said the statement was a lie, and blows followed.

BIG NEW PLANT TO BE ERECTED

**New Clay Company Formed to
Build Tile Works Near
Wellsville Mill.**

CAPITAL STOCK \$50,000

**Brick, Roofing, Building Blocks And
Other Material to Be Manufactured.
Prominent Wellsville Men Incorpor-
ators of the Concern.**

The Champion Clay company, with a capital stock of \$50,000, has been incorporated and will begin the erection of an immense tile works, at the mouth of Rouse's run, near the Wellsville sheet mill, at once.

The new company will manufacture brick, roofing, tile building blocks and other clay products.

Thomas H. Silver, Julius Goetz, Henry Cooper, Samuel Anderson and G. W. Adams, all of Wellsville, are the incorporators.

TWENTY CENTS AN HOUR

**The New Rate of Wages in Effect for
Wheeling Traction Company
Employees.**

Information was received in this city today by street railway employees to the effect that the Wheeling Traction company had advanced the wages of all employees, both on the Ohio and West Virginia sides of the Ohio river, from 19 to 20 cents an hour.

The men asked for an advance several months ago, and the company posted a notice stating it would pay 20 cents an hour for three-year men, 17 cents an hour for those working six months and 18 cents for the second six months.

This was not agreeable to the employees, as they thought it would not be long until the road would be equipped with cheap men. Another letter was addressed to the company, after which it was agreed to pay all men 20 cents an hour straight. This is the same rate paid on the East Liverpool railway, the exception being all first year men are being paid 18 cents an hour, and after that 20 cents an hour is paid.

RAILROAD EXTENSION

**Work to Begin Tomorrow on New
West End Street Railway
Line in Wellsville.**

The work of extending the East Liverpool railway west of Wellsville will be started tomorrow morning. The company has secured the services of Roy Rinehart to superintend the work, and a gang of workmen has already been engaged.

The extension is one mile in length, and materials for the track have been on the ground for some time. It will depend entirely upon the weather as to the length of time it will take to finish the contract.

Ordered to Take Testimony.

Lisbon, March 7. (Special).—W. F. Lones, of Wellsville, has been ordered to take the testimony of A. P. Dennis, Wellsville, subscribing witness to the will of the late Frances A. Riddle, of Wellsville, and report to court.

AN ELECTRICIAN CRIPPLE FOR LIFE

**Thomas Jones Meets With Terrible
Accident at Chester
Tin Mill.**

HAND GROUND TO PIECES

**While at Work Under a Huge Electric
Crane He Took Hold of the Rail,
And the Wheels Passed Over His
Hand.**

Thomas Jones, an electrician, lies at his home in the East End crippled for life, as the result of a terrible accident at the Chester tin mill about 10 o'clock this morning.

At the time of the accident Jones was engaged in placing wires under the huge electric crane in the tin house. In some unaccountable manner he placed his left hand on one of the rails and the wheels of the crane passed over it, literally mashing it to shreds.

The injured man was immediately removed to the mill office and Dr. Lewis summoned. He dressed the wounds temporarily and called Dr. Clark, from East Liverpool, to assist in the amputation which he knew must follow.

The young man was then removed to Dr. Lewis' office, where the four fingers were amputated and he was later removed to his home.

The accident is one of the worst that has happened at the mill since the present management took charge.

CHILD'S ARM BROKEN

**Little One Got a Serious Fall From
the Upsetting of a
Chair.**

Letha, the 17-months-old daughter of Mr. and Mrs. Roy Rinehart, met with a peculiar and very painful accident yesterday.

Mrs. Rinehart had placed the child upon a chair while she went to the kitchen to bring some needed article. When she returned the chair was lying upon its side and it is thought overbalanced, throwing the little one to the floor, breaking her arm and dislocating the shoulder. The fracture was reduced and the child made comfortable, but the hurt is a very painful one.

DAMAGES \$300

**Coal Float, Struck By Ice, Will Have
to Be Repaired at Much
Cost.**

The large coal float at the foot of Market street was so badly damaged by the recent flood in the Ohio river that it will have to be docked before the necessary repairs can be made.

This float belongs to the coal combine of Pittsburgh, and it will cost at least \$300 to repair the damage, which was caused by it being caught in the ice gorge.

A RISE IS EXPECTED

**Towboats and Packets on the Ohio.
The Water Still Fall-
ing Here.**

The warm weather yesterday and today made quick work of the snow and a rise of several feet of water in the Ohio is expected. The following boats

ESCAPING GAS IN A KILN CAUSED A BAD EXPLOSION

passed down: Jim Wood, Harry Brown, Josh Cook, James Moren, Hornet No. 2, Fallie, B. D. Wood, Tom Rees, Valiant, The Josh Cook and Harry Brown were up late last night with empties, and the Nellie Walton, which is helping up the river with an empty tow, is also due.

The Greenwood passed up this morning and will be down tomorrow morning about 9 o'clock. The Lorena is due up today and also the Virginia. The last named packets will go south tomorrow evening. The Ben Hur and Keystone State will be up as usual Sunday.

The river at this port at noon registered 17.6 feet and falling.

PETITION CIRCULATED

**TO SAVE COUNTY TREASURER
SMITH FROM LOSS.**

**Public Money in Lisbon Bank Which
He Must Lose Unless
Relieved.**

A petition is being circulated throughout the county in behalf of County Treasurer Smith who is about to ask the state legislature to relieve him of the responsibility of paying out of his own pocket the money that was lost in checks and drafts at the time of the collapse of the First National bank of Lisbon.

The petition asks taxpayers to do what they can to relieve Mr. Smith of the payment of the money which he thought he had placed in safe keeping in a responsible bank.

The law requires taxes to be paid at the treasurer's office in currency and that no checks or drafts be accepted, but it has been the custom of the county treasurer for years to take drafts and checks from the taxpayers and then deposit them in the bank and get the currency in return merely for the accommodation of the taxpayers.

When the Lisbon First National bank failed, Smith had deposited checks and drafts in the bank to the amount of \$800 or \$900, and as the bank will pay out in the neighborhood of 75 per cent of the loss, the legislature will be asked to grant to Treasurer Smith 25 per cent and thus relieve him of the responsibility of paying the loss.

SNOWBALL THROWERS

**Will Be Arrested on Sight And Locked
Up—Mayor Issues
Order.**

Mayor Davidson issued instructions to the police this afternoon to arrest every boy caught throwing snowballs, and the officers do not propose to make any exceptions.

Always willing to be lenient with the youngsters, Mayor Davidson has allowed them all reasonable privileges but not satisfied with this the bolder ones have openly defied him and persisted in the practice of throwing snowballs in the streets to the extreme danger of pedestrians.

Scores of windows have been broken and so many complaints have been coming to the mayor that he proposes to set an example that will stop the practices of bad boys.

TARR LINGERS IN JAIL

**Lisbon People Think Liquor Alone Is
Responsible for His
Condition.**

Lisbon, March 7. (Special).—Infirmary Director W. A. Tarr is still in jail. The affidavit filed in probate court will demand removal of the case to that court, where physicians will give their opinions as to his sanity. Although the affidavit was filed on Wednesday, the hearing cannot be held before next week, Judge Boone being out of town.

It is not the opinion of Lisbon people that Tarr's mind is unbalanced except by the excessive use of liquor for the last several days.

SEEKS A DIVORCE

**Eli Flickinger, of Columbiana, Ac-
cuses His Wife of
Unfaithfulness.**

Lisbon, March 7. (Special).—Suit for divorce has been filed by Eli L. Flickinger of Columbiana and Alice Flickinger. They were married September 1, 1900, and three children have been born.

The husband charges unfaithfulness names Bert Miller, of Lisbon, as co-respondent. He asks also the custody of the children.

**J. S. Campbell, a Kiln Burner,
Sustained Terrible
Injuries.**

HURLED ACROSS THE SHED

**And Tumbled Into a Heap in a
Corner in a Dazed
Condition.**

HIS FACE AND ARMS BURNED

**Hair Singed And It Is Feared His Eye-
sight May Be Seriously Affected.
Much Damage to the Kiln Results
From the Explosion.**

Suffering from terrible burns about the arms, face and head, J. S. Campbell, a kiln burner, lies at his home on Third street under the care of a physician. It is feared the man's eyes are also injured and the sight may be seriously affected.

Campbell is employed at the G. F. Brunt porcelain works. At about 5 o'clock last evening he went to the pottery for the purpose of starting fire in one of the kilns, but unknown to him a gas valve near the bottom had been leaking for some time, allowing the kiln to become filled.

With a lighted torch in hand Campbell went to the mouth of the kiln, but no sooner had he placed the torch at the opening than a terrific explosion resulted. He was thrown with tremendous force entirely across the kiln shed and rolled into a heap in a corner in a thoroughly dazed condition.

Aside from the bruises he sustained, Campbell was severely burned. His hair, eye lashes and mustache were badly singed and the skin of his face and arms painfully seared. He was immediately taken to his home, where Dr. J. H. Norris made an examination of his injuries. While the burns are serious, it is not thought by the physician that there is any immediate danger. The most deplorable feature of the accident is the belief that the man's eyesight will be impaired.

The kiln in which the explosion occurred was considerably damaged. The mouth was completely blown out and the interior dismantled.

Y. M. C. A. ANNIVERSARY

**Reunion And Social Next Thursday
Promises to Be a Big
Affair.**

There will be a membership reunion and social next Thursday, March 13, at the Y. M. C. A., which, it is expected, will break all records.

The occasion will be the anniversary of the advent of Mr. Wright as secretary and the reopening of the rooms. Invitations have been sent to state and local secretaries in Ohio and there will doubtless be a full gathering of the members of the association and of the auxiliary.

Committees of the members, of the board of directors and of the ladies' auxiliary will join in arranging for the occasion. When arrangements have been completed the program will be published.

YOUNG PEOPLE WED

**Miss Estella Moninger Becomes the
Wife of Mr. W. H.
Travis.**

Rev. Dr. J. C. Taggart performed the ceremony at the First U. P. parsonage last evening that united Miss Estella Moninger and Mr. A. H. Travis. The ceremony was performed in the presence of a few friends.

Both the bride and groom are among the city's popular young people and both have numberless friends who extend congratulations.

They will make their home at 111 Sixth street.

Deserves All.

The East Liverpool News Review is rejoicing over a circulation increased from 887 a year ago to 2,600 today. The Review deserves all of the 2,600 and we wish the management greater prosperity.—Buckeye State, Lisbon.

Cox Jury Disagreed.

Youngstown, March 7.—The jury trying William A. Cox for the murder of Enos Brain at Washingtonville disagreed. Cox will probably be released on bail.

ervoir Lands Parks Is Postponed.
Important School Measure.**

From a Staff Correspondent

Columbus, March 7.—The East Liverpool registration bill was buried under an avalanche of measures and was lost for a while. Mr. Crist, who introduced the bill, could not understand why it had not been returned to the house by the revision committee in whose hands it had been placed, and so yesterday he proceeded to ascertain the why and whereof of the delay. He found that the bill had been lost sight of by the committee, but a search was instituted for it which resulted in its discovery in an obscure committee room. The revision committee made a few slight changes in the bill which do not affect its spirit, and if there is not a further miscarriage of plans it will be placed on the calendar and passed next week. Mr. Crist left for his home Thursday evening.

Representative Crist's joint resolution providing for the removal of Barbara Bolton, an insane patient of East Liverpool, from the Columbiana county infirmary to the Massillon hospital for the insane, passed the house and on Thursday was messaged over to the senate, where it was at once referred to the committee on benevolent institutions, which, it is expected, will report back to the senate by not later than Tuesday. The resolution had smooth sailing in the house, but may encounter some opposition in the senate.

The Bolton woman is an alien and it developed several weeks ago during the discussion of a measure by Senator Wilhelm, of Stark, to admit a non-resident to one of the state hospitals that considerable sentiment exists in the upper body against admitting persons not having a legal residence in Ohio to these institutions. This feeling may be ascribed to the crowded condition of these hospitals. Senator Connell will, in spite of this objection, strive earnestly to secure the passage of the resolution.

The house adjourned Thursday afternoon until Monday afternoon. The finance committee of the senate started on a junketing tour this morning and will visit the state institutions at Massillon, Cleveland, Sandusky and Toledo. Only a few senators were in their seats today and no business worth speaking about was transacted.

The Fisher bill making January 29, the anniversary of the late President McKinley, a state holiday, was passed by the house on Thursday. The Pollock bill requiring the use of the union label on all state printing, which was defeated early this week, was reconsidered and passed by the house on Thursday. The slight changes made to the stationary engineers' bill by the senate on Wednesday were concurred in by the house on Thursday and the bill is now a law. Senator Longworth, of Cincinnati, introduced a bill drawn by the state library association, which provides for county libraries. The commissioners may upon petition of 50 per cent of the selectors establish a library, where there is none at a county seat, which shall be supported by a tax levy of five-tenths of a mill.

After a spirited debate in which personalities were exchanged, the senate on Thursday postponed action on the Archer bill which dedicates the Lewistown and Licking reservoirs and the lakes and reservoirs in Summit county as public parks. The bill places the management of these parks under the control of the state board of public works, chief state engineer and canal commission, and objection was made on the ground that its ob-

ject was to perpetuate these departments.

Representative Gear, of Wyandot, has introduced a bill, its object being to compel each county to pay for its own schools. It is claimed that one-half of the counties of the state are paying for the education of the youth of other counties. The author claims that Columbiana county receives from the state treasury for school purposes \$5,501.26 in excess of what it puts in. Forty-one counties receive nearly \$200,000 more than they give.

The Republican house caucus held a meeting on the redistricting bill which it is proposed to amend to make changes in the Columbus, Dayton and Toledo districts. Mr. Crist took part in the discussion and served notice that no change was desired in the Eighteenth district. No action was taken, but another meeting will be held next week.

WHOLESALE HOUSE

**MAY BE ESTABLISHED BY A GRO-
CERY CONCERN HERE.**

**Deal Now in Progress to Secure the
Rinehart Property for
a Site.**

If the plans of a certain company recently formed in a nearby town do not fail, there will be a very large wholesale grocery concern established in East Liverpool within a few weeks. Prominent men in this line of business have had their eye upon this district for a long time, and they have determined to open a house here. One of the greatest handicaps has been the absence of a suitable location. It is well known to every one interested in building and business sites, there is not a structure in the city that would be suitable for the purpose mentioned.

When the deal was closed by the Pennsylvania company for the Rinehart property on Second street the grocery firm was not long in opening negotiations with the new owners. The members of the proposed corporation were encouraged to believe that the building could be secured.

If the deal goes through the building will be remodeled and fitted up in such a manner as to provide all conveniences necessary for a large and up-to-date wholesale grocery business. The concern will be the largest in this section.

A RISE IS EXPECTED

**Towboats And Packets on the Ohio.
The Water Still Fall-
ing Here.**

The warm weather yesterday and today made quick work of the snow and a rise of several feet of water in the Ohio is expected. The following boats

ESCAPING GAS IN A KILN CAUSED A BAD EXPLOSION

passed down: Jim Wood, Harry Brown, Josh Cook, James Moren, Horner No. 2, Fallie, B. D. Wood, Tom Rees, Valiant. The Josh Cook and Harry Brown were up late last night with empties, and the Nellie Walton, which is helping up the river with an empty tow, is also due.

The Greenwood passed up this morning and will be down tomorrow morning about 9 o'clock. The Lorena is due up today and also the Virginia. The last named packets will go south tomorrow evening. The Ben Hur and Keystone State will be up as usual Sunday.

The river at this port at noon registered 17.6 feet and falling.

PETITION CIRCULATED

**TO SAVE COUNTY TREASURER
SMITH FROM LOSS.**

**Public Money in Lisbon Bank Which
He Must Lose Unless
Relieved.**

A petition is being circulated throughout the county in behalf of County Treasurer Smith who is about to ask the state legislature to relieve him of the responsibility of paying out of his own pocket the money that was lost in checks and drafts at the time of the collapse of the First National bank of Lisbon.

The petition asks taxpayers to do what they can to relieve Mr. Smith of the payment of the money which he thought he had placed in safe keeping in a responsible bank.

The law requires taxes to be paid at the treasurer's office in currency and that no checks or drafts be accepted, but it has been the custom of the county treasurer for years to take drafts and checks from the taxpayers and then deposit them in the bank and get the currency in return merely for the accommodation of the taxpayers.

When the Lisbon First National bank failed, Smith had deposited checks and drafts in the bank to the amount of \$800 or \$900, and as the bank will pay out in the neighborhood of 75 per cent of the loss, the legislature will be asked to grant to Treasurer Smith 25 per cent and thus relieve him of the responsibility of paying the loss.

SNOWBALL THROWERS

**Will Be Arrested on Sight And Locked
Up—Mayor Issues
Order.**

Mayor Davidson issued instructions to the police this afternoon to arrest every boy caught throwing snowballs, and the officers do not propose to make any exceptions.

Always willing to be lenient with the youngsters, Mayor Davidson has allowed them all reasonable privileges but not satisfied with this the bolder ones have openly defied him and persisted in the practice of throwing snowballs in the streets to the extreme danger of pedestrians.

Scores of windows have been broken and so many complaints have been coming to the mayor that he proposes to set an example that will stop the practices of bad boys.

TARR LINGERS IN JAIL

**Lisbon People Think Liquor Alone Is
Responsible for His
Condition.**

Lisbon, March 7.—(Special)—Infirmary Director W. A. Tarr is still in jail. The affidavit filed in probate court will demand removal of the case to that court, where physicians will give their opinions as to his sanity. Although the affidavit was filed on Wednesday, the hearing cannot be held before next week, Judge Boone being out of town.

It is not the opinion of Lisbon people that Tarr's mind is unbalanced except by the excessive use of liquor for the last several days.

SEEKS A DIVORCE

**Eli Flickinger, of Columbiana, Ac-
cuses His Wife of
Unfaithfulness.**

Lisbon, March 7. (Special)—Suit for divorce has been filed by Eli L. Flickinger of Columbiana and Alice Flickinger. They were married September 1, 1900, and three children have been born.

The husband charges unfaithfulness names Bert Miller, of Lisbon, as co-respondent. He asks also the custody of the children.

**J. S. Campbell, a Kiln Burner,
Sustained Terrible
Injuries.**

HURLED ACROSS THE SHED

**And Tumbled Into a Heap in a
Corner in a Dazed
Condition.**

HIS FACE AND ARMS BURNED

**Hair Singed And It Is Feared His Eye-
sight May Be Seriously Affected.
Much Damage to the Kiln Results
From the Explosion.**

Suffering from terrible burns about the arms, face and head, J. S. Campbell, a kiln burner, lies at his home on Third street under the care of a physician. It is feared the man's eyes are also injured and the sight may be seriously affected.

Campbell is employed at the G. F. Brunt porcelain works. At about 3 o'clock last evening he went to the pottery for the purpose of starting fire in one of the kilns, but unknown to him a gas valve near the bottom had been leaking for some time, allowing the kiln to become filled.

With a lighted torch in hand Campbell went to the mouth of the kiln, but no sooner had he placed the torch at the opening than a terrific explosion resulted. He was thrown with tremendous force entirely across the kiln shed and rolled into a heap in a corner in a thoroughly dazed condition.

Aside from the bruises he sustained, Campbell was severely burned. His hair, eye lashes and mustache were badly singed and the skin of his face and arms painfully seared. He was immediately taken to his home, where Dr. J. H. Norris made an examination of his injuries. While the burns are serious, it is not thought by the physician that there is any immediate danger. The most deplorable feature of the accident is the belief that the man's eyesight will be impaired.

The kiln in which the explosion occurred was considerably damaged. The mouth was completely blown out and the interior dismantled.

Y. M. C. A. ANNIVERSARY

**Reunion And Social Next Thursday
Promises to Be a Big
Affair.**

There will be a membership reunion and social next Thursday, March 13, at the Y. M. C. A., which, it is expected, will break all records.

The occasion will be the anniversary of the advent of Mr. Wright as secretary and the reopening of the rooms. Invitations have been sent to state and local secretaries in Ohio and there will doubtless be a full gathering of the members of the association and of the auxiliary.

Committees of the members, of the board of directors and of the ladies' auxiliary will join in arranging for the occasion. When arrangements have been completed the program will be published.

YOUNG PEOPLE WED

**Miss Estella Moninger Becomes the
Wife of Mr. W. H.
Travis.**

Rev. Dr. J. C. Taggart performed the ceremony at the First U. P. parsonage last evening that united Miss Estella Moninger and Mr. A. H. Travis. The ceremony was performed in the presence of a few friends.

Both the bride and groom are among the city's popular young people and both have numberless friends who extend congratulations.

They will make their home at 111 Sixth street.

Deserves All.

The East Liverpool News Review is rejoicing over a circulation increased from 887 a year ago to 2,600 today. The Review deserves all of the 2,600 and we wish the management greater prosperity.—Buckeye State, Lisbon.

Cox Jury Disagreed.

Youngstown, March 7.—The jury trying William A. Cox for the murder of Enos Brain at Washingtonville disagreed. Cox will probably be released on bail.

LOST FOR SEVERAL DAYS BUT NOW BEFORE SOLONS

**East Liverpool Registration Bill
Is Expected to Have
Smooth Sailing.**

CASE OF BARBARA BOLTON

**Attracts Attention and Some Sen-
ators Oppose Sending Her
to Massillon.**

STATIONARY ENGINEERS' BILL

**Amended in the Senate And Passed.
Archer Bill Making the State Res-
ervoir Lands Parks Is Postponed.
Important School Measure.**

From a Staff Correspondent
Columbus, March 7.—The East Liv-
erpool registration bill was buried un-
der an avalanche of measures and
was lost for a while. Mr. Crist, who
introduced the bill, could not under-
stand why it had not been returned
to the house by the revision commit-
tee in whose hands it had been placed,
and so yesterday he proceeded to as-
certain the why and whereof of the
delay. He found that the bill had
been lost sight of by the committee,
but a search was instituted for it
which resulted in its discovery in an
obscure committee room. The revision
committee made a few slight
changes in the bill which do not af-
fect its spirit, and if there is not a
further miscarriage of plans it will
be placed on the calendar and passed
next week. Mr. Crist left for his home
Thursday evening.

Representative Crist's joint resolu-
tion providing for the removal of Bar-
bara Bolton, an insane patient of East
Liverpool, from the Columbiana coun-
ty infirmary to the Massillon hospital
for the insane, passed the house and
on Thursday was messaged over to the
senate, where it was at once referred
to the committee on benevolent in-
stitutions, which, it is expected, will
report back to the senate by not later
than Tuesday. The resolution had
smooth sailing in the house, but may
encounter some opposition in the
senate.

The Bolton woman is an alien and
it developed several weeks ago during
the discussion of a measure by Sen-
ator Wilhelm, of Stark, to admit a non-
resident to one of the state hospitals
that considerable sentiment exists in
the upper body against admitting per-
sons not having a legal residence in
Ohio to these institutions. This feel-
ing may be ascribed to the crowded
condition of these hospitals. Senator
Connell will, in spite of this objection,
strive earnestly to secure the passage
of the resolution.

The house adjourned Thursday af-
ternoon until Monday afternoon. The
finance committee of the senate start-
ed on a junketing tour this morning
and will visit the state institutions at
Massillon, Cleveland, Sandusky and
Toledo. Only a few senators were in
their seats today and no business
worth speaking about was transacted.

The Fisher bill making January 29,
the anniversary of the late President
McKinley, a state holiday, was passed
by the house on Thursday. The Pollock
bill requiring the use of the
union label on all state printing, which
was defeated early this week, was
reconsidered and passed by the house
on Thursday. The slight changes
made to the stationary engineers' bill
by the senate on Wednesday were con-
curred in by the house on Thursday
and the bill is now a law. Senator
Longworth, of Cincinnati, introduced
a bill drawn by the state library as-
sociation, which provides for county
libraries. The commissioners may
upon petition of 50 per cent of the
selectors establish a library, where
there is none at a county seat, which
shall be supported by a tax levy of
five-tenths of a mill.

After a spirited debate in which
personalities were exchanged, the sen-
ate on Thursday postponed action on
the Archer bill which dedicates the
Lewistown and Licking reservoirs and
the lakes and reservoirs in Summit
county as public parks. The bill
places the management of these parks
under the control of the state board
of public works, chief state engineer
and canal commission, and objection
was made on the ground that its ob-

ject was to perpetuate these depart-
ments.

Representative Gear, of Wyandot
has introduced a bill, its object being
to compel each county to pay for its
own schools. It is claimed that one-
half of the counties of the state are
paying for the education of the youth
of other counties. The author claims
that Columbiana county receives from
the state treasury for school purposes
\$5,501.26 in excess of what it puts in.
Forty-one counties receive nearly
\$200,000 more than they give.

The Republican house caucus held
a meeting on the redistricting bill
which it is proposed to amend to make
changes in the Columbus, Dayton and
Toledo districts. Mr. Crist took part
in the discussion and served notice
that no change was desired in the
Eighteenth district. No action was
taken, but another meeting will be
held next week.

WHOLESALE HOUSE

**MAY BE ESTABLISHED BY A GRO-
CERY CONCERN HERE.**

**Deal Now in Progress to Secure the
Rinehart Property for
a Site.**

If the plans of a certain company
recently formed in a nearby town do
not fail, there will be a very large
wholesale grocery concern established
in East Liverpool within a few weeks.
Prominent men in this line of busi-
ness have had their eye upon this
district for a long time, and they
have determined to open a house here.
One of the greatest handicaps has
been the absence of a suitable loca-
tion. It is well known to every one
interested in building and business
sites, there is not a structure in the
city that would be suitable for the
purpose mentioned.

When the deal was closed by the
Pennsylvania company for the Rine-
hart property on Second street the
grocery firm was not long in opening
negotiations with the new owners. The
members of the proposed corporation
were encouraged to believe that the
building could be secured.

If the deal goes through the build-
ing will be remodeled and fitted up in
such a manner as to provide all con-
veniences necessary for a large and
up-to-date wholesale grocery business.
The concern will be the largest in this
section.

AT SHERIFFS' SALE

**E. H. Riggs Purchased Clark Property
in Wellsville for
\$3,650.**

Lisbon, March 7. (Special)—E. H.
Riggs, of Wellsville, has purchased at
sheriff's sale the property formerly
belonging to Anna D. Clark, situated on
Water and 18th Streets, Wellsville. It
is sold as a result of the suit of Horace
D. Nicholson, administrator, against
Anna D. Clark. Riggs paid \$3,650 for
the property.

FEARS HER HUSBAND

**Mrs. A. M. Weaver, of Wellsville, Has
Weaver Under Bond to
Keep Peace.**

Lisbon, March 7 (Special)—Albert M.
Weaver, of Wellsville, has been bound
over under \$200 bond to keep the peace.
On the transcript from Squire Mac-
Kenzie's court appears the affidavit of
his wife Mary who says she fears he
will assault and beat and unlawfully
destroy her personal property.

TO IMPROVE BEAVER RIVER

**Survey Provided for in Rivers and
Harbors Bill.**

Washington, March 7.—Representa-
tive Acheson has had a paragraph
put in to the rivers and harbors bill,
authorizing a survey of the Beaver
river from its junction with the Ohio
to Beaver Falls, the object being the
establishment of slack water naviga-
tion between those two points.

Wants Title Quiet.

Lisbon, March 7. (Special)—Isabella
Coleman has asked that the court quiet
the title of the New Lisbon Coal Co. to
the mineral rights in 381 acres bought
by her subject to its leases. She claims
that the company has never done any-
thing in the way of opening miner in
land, which lies about 2½ miles north
of Lisbon along the Erie railroad.

Fine Job Work—News Review Office.

THE TILLMAN-McLAURIN FIGHT IN THE SENATE.

Senators Tillman and McLaurin, of South Carolina, recently gave the senate's dignity
quite a jolt when they engaged in a fist fight on the senate floor. Tillman said McLaurin
had been improperly influenced to vote on a certain measure. McLaurin said the statement
was a lie, and blows followed.

BIG NEW PLANT TO BE ERECTED

**New Clay Company Formed to
Build Tile Works Near
Wellsville Mill.**

CAPITAL STOCK \$50,000

**Brick, Roofing, Building Blocks And
Other Material to Be Manufactured.
Prominent Wellsville Men Incor-
porators of the Concern.**

The Champion Clay company, with
a capital stock of \$50,000, has been
incorporated and will begin the erec-
tion of an immense tile works, at the
mouth of Rouse's run, near the Well-
sville sheet mill, at once.

The new company will manufacture
brick, roofing, tile building blocks and
other clay products.

Thomas H. Silver, Julius Goetz,
Henry Cooper, Samuel Anderson and
G. W. Adams, all of Wellsville, are
the incorporators.

TWENTY CENTS AN HOUR

**The New Rate of Wages in Effect for
Wheeling Traction Company
Employees.**

Information was received in this
city today by street railway employes
to the effect that the Wheeling Traction
company had advanced the wages of
all employes, both on the Ohio and
West Virginia sides of the Ohio river,
from 19 to 20 cents an hour.

The men asked for an advance sev-
eral months ago, and the company
posted a notice stating it would pay
20 cents an hour for three-year men,
17 cents an hour for those working
six months and 18 cents for the sec-
ond six months.

This was not agreeable to the em-
ployees, as they thought it would not
be long until the road would be
equipped with cheap men. Another
letter was addressed to the company,
after which it was agreed to pay all
men 20 cents an hour straight. This
is the same rate paid on the East
Liverpool railway, the exception being
all first year men are being paid 18
cents an hour, and after that 20 cents
an hour is paid.

RAILROAD EXTENSION

**Work to Begin Tomorrow on New
West End Street Railway
Line in Wellsville.**

The work of extending the East
Liverpool railway west of Wellsville
will be started tomorrow morning.

The company has secured the ser-
vices of Roy Rinehart to superintend
the work, and a gang of workmen has
already been engaged.

The extension is one mile in length,
and materials for the track have been
on the ground for some time. It will
depend entirely upon the weather as
to the length of time it will take to
finish the contract.

Ordered to Take Testimony.

Lisbon, March 7. (Special)—W. F.
Lones, of Wellsville, has been ordered
to take the testimony of A. P. Dennis,
Wellsville, subscribing witness to the
will of the late Frances A. Riddle, of
Wellsville, and report to court.

AN ELECTRICIAN CRIPPLE FOR LIFE

**Thomas Jones Meets With Terrible
Accident at Chester
Tin Mill.**

HAND GROUND TO PIECES

**While at Work Under a Huge Electric
Crane He Took Hold of the Rail,
and the Wheels Passed Over His
Hand.**

Thomas Jones, an electrician, lies
at his home in the East End crippled
for life, as the result of a terrible ac-
cident at the Chester tin mill about
10 o'clock this morning.

At the time of the accident Jones
was engaged in placing wires under
the huge electric crane in the tin
house. In some unaccountable man-
ner he placed his left hand on one of
the rails and the wheels of the crane
passed over it, literally mashing it to
shreds.

The injured man was immediately
removed to the mill office and Dr. Lew-
is summoned. He dressed the wounds
temporarily and called Dr. Clark, from
East Liverpool, to assist in the ampu-
tation which he knew must follow.

The young man was then removed
to Dr. Lewis' office, where the four
fingers were amputated and he was
later removed to his home.

The accident is one of the worst
that has happened at the mill since
the present management took charge.

CHILD'S ARM BROKEN

**Little One Got a Serious Fall From
the Upsetting of a
Chair.**

Letha, the 17-months-old daughter
of Mr. and Mrs. Roy Rinehart, met
with a peculiar and very painful ac-
cident yesterday.

Mrs. Rinehart had placed the child
upon a chair while she went to the
kitchen to bring some needed article.
When she returned the chair was ly-
ing upon its side and it is thought
overbalanced, throwing the little one
to the floor, breaking her arm and
dislocating the shoulder. The fracture
was reduced and the child made com-
fortable, but the hurt is a very painful
one.

DAMAGES \$300

**Coal Float, Struck By Ice, Will Have
to Be Repaired at Much
Cost.**

The large coal float at the foot of
Market street was so badly damaged
by the recent flood in the Ohio river
that it will have to be docked before
the necessary repairs can be made.

This float belongs to the coal com-
bine of Pittsburgh, and it will cost at
least \$300 to repair the damage, which
was caused by it being caught in the
ice gorge.

A RISE IS EXPECTED

**Towboats And Packets on the Ohio.
The Water Still Fall-
ing Here.**

The warm weather yesterday and to-
day made quick work of the snow and
a rise of several feet of water in the
Ohio is expected. The following boats

ESCAPING GAS IN A KILN CAUSED A BAD EXPLOSION

passed down: Jim Wood, Harry
Brown, Josh Cook, James Moren, Hor-
net No. 2, Fallie, B. D. Wood, Tom
Rees, Vallant. The Josh Cook and
Harry Brown were up late last night
with empties, and the Nellie Walton,
which is helping up the river with an
empty tow, is also due.

The Greenwood passed up this
morning and will be down tomorrow
morning about 9 o'clock. The Lorena
is due up today and also the Virginia.
The last named packets will go south
tomorrow evening. The Ben Hur and
Keystone State will be up as usual
Sunday.

The river at this port at noon reg-
istered 17.6 feet and falling.

PETITION CIRCULATED

**TO SAVE COUNTY TREASURER
SMITH FROM LOSS.**

**Public Money in Lisbon Bank Which
He Must Lose Unless
Relieved.**

A petition is being circulated
throughout the county in behalf of
County Treasurer Smith who is about
to ask the state legislature to relieve
him of the responsibility of paying out
of his own pocket the money that
was lost in checks and drafts at the
time of the collapse of the First Na-
tional bank of Lisbon.

The petition asks taxpayers to do
what they can to relieve Mr. Smith of
the payment of the money which he
thought he had placed in safe keeping
in a responsible bank.

The law requires taxes to be paid
at the treasurer's office in currency
and that no checks or drafts be ac-
cepted, but it has been the custom of
the county treasurer for years to take
drafts and checks from the taxpayers
and then deposit them in the bank
and get the currency in return mere-
ly for the accommodation of the tax-
payers.

When the Lisbon First National
bank failed, Smith had deposited
checks and drafts in the bank to the
amount of \$800 or \$900, and as the
bank will pay out in the neighbor-
hood of 75 per cent of the loss, the
legislature will be asked to grant
to Treasurer Smith 25 per cent and
thus relieve him of the responsibility
of paying the loss.

SNOWBALL THROWERS

**Will Be Arrested on Sight And Locked
Up—Mayor Issues
Order.**

Mayor Davidson issued instructions
to the police this afternoon to arrest
every boy caught throwing snowballs,
and the officers do not propose to
make any exceptions.

Always willing to be lenient with
the youngsters, Mayor Davidson has
allowed them all reasonable privileges
but not satisfied with this the bolder
ones have openly defied him and per-
sisted in the practice of throwing
snowballs in the streets to the extreme
danger of pedestrians.

Scores of windows have been broken
and so many complaints have been
coming to the mayor that he proposes
to set an example that will stop the
practices of bad boys.

TARR LINGERS IN JAIL

**Lisbon People Think Liquor Alone Is
Responsible for His
Condition.**

Lisbon, March 7.—(Special)—In-
firmity Director W. A. Tarr is still
in jail. The affidavit filed in probate
court will demand removal of the
case to that court, where physicians
will give their opinions as to his san-
ity. Although the affidavit was filed
on Wednesday, the hearing cannot be
held before next week, Judge Boone
being out of town.

It is not the opinion of Lisbon peo-
ple that Tarr's mind is unbalanced ex-
cept by the excessive use of liquor
for the last several days.

SEEKS A DIVORCE

**Eli Flickinger, of Columbiana, Ac-
cuses His Wife of
Unfaithfulness.**

Lisbon, March 7. (Special)—Suit for
divorce has been filed by Eli L. Flick-
inger of Columbiana and Alice Flick-
inger. They were married September
1, 1900, and three children have been
born.

The husband charges unfaithfulness
names Bert Miller, of Lisbon, as co-re-
spondent. He asks also the custody of
the children.

**J. S. Campbell, a Kiln Burner,
Sustained Terrible
Injuries.**

HURLED ACROSS THE SHED

**And Tumbled Into a Heap In a
Corner In a Dazed
Condition.**

HIS FACE AND ARMS BURNED

**Hair Singed And It Is Feared His Ey-
esight May Be Seriously Affected.
Much Damage to the Kiln Results
From the Explosion.**

Suffering from terrible burns about
the arms, face and head, J. S. Camp-
bell, a kiln burner, lies at his home
on Third street under the care of a
physician. It is feared the man's eyes
are also injured and the sight may be
seriously affected.

Campbell is employed at the G. F.
Brunt porcelain works. At about 5
o'clock last evening he went to the
pottery for the purpose of starting fire
in one of the kilns, but unknown to
him a gas valve near the bottom had
been leaking for some time, allowing
the kiln to become filled.

With a lighted torch in hand Camp-
bell went to the mouth of the kiln,
but no sooner had he placed the torch
at the opening than a terrific explo-
sion resulted. He was thrown with
tremendous force entirely across the
kiln shed and rolled into a heap in
a corner in a thoroughly dazed con-
dition.

Aside from the bruises he sustained,
Campbell was severely burned. His
hair, eye lashes and mustache were
badly singed and the skin of his face
and arms painfully seared. He was
immediately taken to his home, where
Dr. J. H. Norris made an examination
of his injuries. While the burns are
serious, it is not thought by the phy-
sician that there is any immediate
danger. The most deplorable feature
of the accident is the belief that the
man's eyesight will be impaired.

The kiln in which the explosion oc-
curred was considerably damaged. The
mouth was completely blown out and
the interior dismantled.

Y. M. C. A. ANNIVERSARY

**Reunion And Social Next Thursday
Promises to Be a Big
Affair.**

There will be a membership reunion
and social next Thursday, March 13,
at the Y. M. C. A., which, it is ex-
pected, will break all records.

The occasion will be the anniver-
sary of the advent of Mr. Wright as
secretary and the reopening of the
rooms. Invitations have been sent to
state and local secretaries in Ohio
and there will doubtless be a full
gathering of the members of the as-
sociation and of the auxiliary.

Committees of the members, of the
board of directors and of the ladies'
auxiliary will join in arranging for
the occasion. When arrangements
have been completed the program will
be published.

YOUNG PEOPLE WED

**Miss Estella Moninger Becomes the
Wife of Mr. W. H.
Travis.**

Rev. Dr. J. C. Taggart performed
the ceremony at the First U. P. pa-
rsonage last evening that united Miss
Estella Moninger and Mr. A. H. Tra-
vis. The ceremony was performed in
the presence of a few friends.

Both the bride and groom are among
the city's popular young people and
both have numerous friends who ex-
tend congratulations.

They will make their home at 111
Sixth street.

Deserves All.

from 887 a year ago to 2,600 today.
The Review deserves all of the 2,600
and we wish the management greater
prosperity.—Buckeye State, Lisbon.

Cox Jury Disagreed.

Youngstown, March 7.—The jury
trying William A. Cox for the murder
of Enos Brain at Washingtonville dis-
agreed. Cox will probably be released
on bail.

EAST END

A STRICKEN FAMILY

SON DEAD AND FATHER AND MOTHER BOTH ILL.

The Latter Speechless From Apoplexy And Not Expected to Recover.

A son dead, the father ill with the grip and the mother suffering with a stroke of apoplexy, is the sad condition of a family residing on Erie street, Chaffinville. For weeks Charles L. Birch, aged 25 years, has been suffering from consumption and although the parents did all possible to prolong his life, death won a victory and the young man died last evening about 10 o'clock. He was lame and had been a sufferer from an accident for several years. The funeral service will be held tomorrow, interment being at Riverview.

The father of Mr. Birch became suddenly ill a few days ago and attend-

ing physicians said the old gentleman had a severe attack of the grip. He has been unable to leave his home, and most of the housework fell upon Mr. Birch.

Mrs. Birch yesterday went to the Chaffin grocery to get some groceries, but as she was just about to go up the steps leading to the grocery, she fell. John Burchitt saw the woman fall and hastening to her assistance asked if she was injured in falling, as there was considerable ice on the ground about the steps.

"Something terrible is the matter," said Mrs. Birch, and these were the

last words she spoke. She was hastily removed to her home and physicians summoned, who so far have been unable to restore her voice. Her condition this morning was such that her recovery was not expected.

CROWING POPULATION

Numerous Families From Down the River Due to Arrive in Chaffinville.

Once more the chances for increasing the population of the East End are very bright, and all on account of the recent rise in the Ohio river. Alexander Chaffin this morning announced that Sunday all the up-bound boats would bring new residents to the East End. When asked how many would come here, he intimated that quite a "bunch" would arrive.

The Greenwood this morning brought several families up from the southern counties, but had the boat been able to make additional landings the crowd would have been much larger. The people who are expected to arrive on the Virginia this afternoon were to come from Graysville, Louisa, Buchanan and Richardson, Ky. Sunday there will be lots of fun in Chaffinville when these folks arrive.

Flood Caused Removal.

Mrs. Nelson, of Venango county, Pa., arrived in Glasgow yesterday afternoon to visit her sister, Mrs. Troop who has been ill for several weeks. Arriving there Mrs. Nelson discovered there had been a flood in the Ohio river and much property in Glasgow had been flooded and that Mrs. Troop had been removed to the home of Mrs. Archie Searight, of Pennsylvania avenue. Mrs. Nelson then came to the East End at once.

EAST END AFFAIRS.

Dr. Davis, of St. George street, is spending the day at Sebring.

George Anderson, secretary of the United Power company, is very ill at his home in Oakland, suffering with a threatened attack of pneumonia.

James Davis, formerly of Calcutta, is a new attorney in the East End. He is the first one of his profession to open an office in the Fifth ward.

Mrs. Frank S. White, of Pennsylvania avenue, while preparing dinner yesterday, severely burned her hand. The injury was dressed by Dr. W. F. Davis.

John Goddard, a jiggerman at the Niles pottery, arrived in the East End last evening to visit his father, who is ill at his home on Pennsylvania avenue.

The small child of Mr. and Mrs. M. J. Stevens, who has been suffering with diphtheria, is recovering and it is expected the quarantine will be raised early next week.

J. E. Smith and Conrad Goodballet expected to go to Barberton this morning, but owing to the illness of Mr. Smith the trip has been deferred for two weeks. Mr. Smith expects to work at this new pottery.

Carpenters this morning commenced work repairing the old postoffice building on First avenue, recently purchased by Larkins & Ferguson, grocers. The firm expects to be able to occupy this building within a month.

"A dose in time saves lives." Dr. Wood's Norway Pine Syrup; nature's remedy for coughs, colds, pulmonary diseases of every sort.

All who use Atomizers in treating nasal catarrh will get the best results from Ely's Liquid Cream Balm. Price, including spraying tube, 75 cts. Sold by druggists or mailed by Ely Bros., 56 Warren street, N. Y.

New Orleans, Sept. 1, 1900. Messrs. Ely Bros.:—I sold two bottles of your Liquid Cream Balm to a customer, William Lambertson, 1415 De lachaise street, New Orleans; he has used the two bottles, giving him wonderful and most satisfactory results.

Opportunity for Small Investment to Acquire an Income

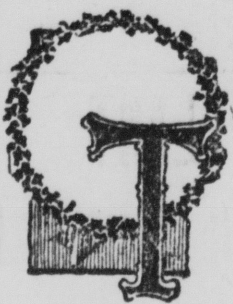

The Green Mountain

Mining and Milling Co.

CAPITAL \$2,000,000.

Par Value of Shares, \$1.00, full paid, non-assessable.

EAST LIVERPOOL, OHIO.

THE properties of the Green Mountain Mining and Milling Company consists of twelve claims lying in one body, on the east slope of Green Mountain in Cunniamham Gulch, San Juan County, Colorado, and is crossed for a distance of three thousand feet by three parallel veins which average from 15 to 21 feet in width and of good milling ore of \$60 to \$90 per ton concentrates.

The company has been operating, developing and driving tunnels since May 1st, 1901, in determining the value and extent of the property and now know what they have, having paid the expenses themselves during the period of uncertainty. For the purpose of completing development and equipment of our mines we now offer to the investor stock in a home mining company, almost ready to start its career as a dividend payer, with the element of uncertainty eliminated.

Assay reports samples of ore from the different workings. Official receipts of ore shipped may be seen at the office of S. J. Cripps, secretary of the company, where persons interested are earnestly invited to call or write for prospectus and map and any other information or verification that may be desired.

To secure stock, fill out this blank and mail with remittance to S. J. Cripps, East Liverpool, O.

PROPOSED DOG FIGHT

To Take Place Opposite Mingo Would Shame Even a Barbarian.

Steubenville, March 7.—Half of Mingo will attend the dog fight across the river on Wednesday next, and many will go from Steubenville, Brilliant and Wellsburg. Brooke county farmers will also be on deck.

The dogs are being kept in a partially starved condition, and are being fed on raw meat and each given a quart of beef blood each day. It takes a half dozen men to hold them when loosened from the posts they are fastened to. The barks and roars of the giant brutes cause everybody in the neighborhood to shudder for fear they will get loose.

Starkey Is Missing.

Zanesville, March 7.—County Auditor James J. Starkey mysteriously disappeared Tuesday evening, the night before the jury returned the verdict in the sensational Roberts-Starkey breach of promise case. His attorneys do not know where he is, and have filed a motion for a new trial. Miss Roberts, who was awarded damages in the sum of \$13,250, is ill at her home, of nervous prostration.

Children's drawers, from 10c up

THE BON TON

EAST END

A STRICKEN FAMILY

SON DEAD AND FATHER AND MOTHER BOTH ILL.

The Latter Speechless From Apoplexy And Not Expected to Recover.

A son dead, the father ill with the grip and the mother suffering with a stroke of apoplexy, is the sad condition of a family residing on Erie street, Chaffinville. For weeks Charles L. Birch, aged 25 years, has been suffering from consumption and although the parents did all possible to prolong his life, death won a victory and the young man died last evening about 10 o'clock. He was lame and had been a sufferer from an accident for several years. The funeral service will be held tomorrow, interment being at Riverview.

The father of Mr. Birch became suddenly ill a few days ago and attend-

ing physicians said the old gentleman had a severe attack of the grip. He has been unable to leave his home, and most of the housework fell upon Mr. Birch.

Mrs. Birch yesterday went to the Chaffin grocery to get some groceries, but as she was just about to go up the steps leading to the grocery, she fell. John Burchitt saw the woman fall and hastening to her assistance asked if she was injured in falling, as there was considerable ice on the ground about the steps.

"Something terrible is the matter," said Mrs. Birch, and these were the

last words she spoke. She was hastily removed to her home and physicians summoned, who so far have been unable to restore her voice. Her condition this morning was such that her recovery was not expected.

GROWING POPULATION

Numerous Families From Down the River Due to Arrive in Chaffinville.

Once more the chances for increasing the population of the East End are very bright, and all on account of the recent rise in the Ohio river. Alexander Chaffin this morning announced that Sunday all the up-bound boats would bring new residents to the East End. When asked how many would come here, he intimated that quite a "bunch" would arrive.

The Greenwood this morning brought several families up from the southern counties, but had the boat been able to make additional landings the crowd would have been much larger. The people who are expected to arrive on the Virginia this afternoon were to come from Graysville, Louisa, Buchanan and Richardson, Ky. Sunday there will be lots of fun in Chaffinville when these folks arrive.

Flood Caused Removal.

Mrs. Nelson, of Venango county, Pa., arrived in Glasgow yesterday afternoon to visit her sister, Mrs. Troop who has been ill for several weeks. Arriving there Mrs. Nelson discovered there had been a flood in the Ohio river and much property in Glasgow had been flooded and that Mrs. Troop had been removed to the home of Mrs. Archie Searight, of Pennsylvania avenue. Mrs. Nelson then came to the East End at once.

EAST END AFFAIRS.

Dr. Davis, of St. George street, is spending the day at Sebring.

George Anderson, secretary of the United Power company, is very ill at his home in Oakland, suffering with a threatened attack of pneumonia.

James Davis, formerly of Calcutta, is a new attorney in the East End. He is the first one of his profession to open an office in the Fifth ward.

Mrs. Frank S. White, of Pennsylvania avenue, while preparing dinner yesterday, severely burned her hand. The injury was dressed by Dr. W. F. Davis.

John Goddard, a jiggerman at the Niles pottery, arrived in the East End last evening to visit his father, who is ill at his home on Pennsylvania avenue.

The small child of Mr. and Mrs. M. J. Stevens, who has been suffering with diphtheria, is recovering and it is expected the quarantine will be raised early next week.

J. E. Smith and Conrad Goodballet expected to go to Barborton this morning, but owing to the illness of Mr. Smith the trip has been deferred for two weeks. Mr. Smith expects to work at this new pottery.

Carpenters this morning commenced work repairing the old postoffice building on First avenue, recently purchased by Larkins & Ferguson, grocers. The firm expects to be able to occupy this building within a month.

"A dose in time saves lives." Dr. Wood's Norway Pine Syrup; nature's remedy for coughs, colds, pulmonary diseases of every sort.

All who use Atomizers in treating nasal catarrh will get the best results from Ely's Liquid Cream Balm. Price, including spraying tube, 75 cts. Sold by druggists or mailed by Ely Bros., 56 Warren street, N. Y.

New Orleans, Sept. 1, 1900. Messrs. Ely Bros.:—I sold two bottles of your Liquid Cream Balm to a customer, William Lamberton, 1415 De lachaise street, New Orleans; he has used the two bottles, giving him wonderful and most satisfactory results. GEO. W. McDUFF, Pharmacist.

Opportunity for Small Investment to Acquire an Income

The Green Mountain Mining and Milling Co.

CAPITAL \$2,000,000.

Par Value of Shares, \$1.00, full paid, non-assessable.

EAST LIVERPOOL, OHIO.

THE properties of the Green Mountain Mining and Milling Company consists of twelve claims lying in one body, on the east slope of Green Mountain in Cunningham Gulch, San Juan County, Colorado, and is crossed for a distance of three thousand feet by three parallel veins which average from 15 to 21 feet in width and of good milling ore of \$60 to \$90 per ton concentrates.

The company has been operating, developing and driving tunnels since May 1st, 1901, in determining the value and extent of the property and now know what they have, having paid the expenses themselves during the period of uncertainty. For the purpose of completing development and equipment of our mines we now offer to the investor stock in a home mining company, almost ready to start its career as a dividend payer, with the element of uncertainty eliminated.

Assay reports samples of ore from the different workings. Official receipts of ore shipped may be seen at the office of S. J. Cripps, secretary of the company, where persons interested are earnestly invited to call or write for prospectus and map and any other information or verification that may be desired.

THE BON TON

PRESIDENT IS FIRM.

His Attitude on Cuban Reciprocity Unchanged, According to a Statement Issued.

NO INJURY TO HOME INDUSTRIES

Payne Says None Would Result From His Plan—More Particularly Attacks Plan Proposed by Tawney. Futile Republican Conference.

Washington, March 7.—The following authorized statement was made at the White House last evening: Any statement that the President has changed his attitude on the Cuban reciprocity business is without the slightest foundation in fact. Chairman Payne of the ways and means committee yesterday gave out an authorized statement in connection with the discussion over Cuban reciprocity, saying in part: "I think the large majority of the Republicans have made up their minds that we must do something for Cuba. There are three propositions presented which have this professed end in view. The proposition of Mr. Morris, of Minnesota, provides for an increase in the tariff on sugar to the outside world and a rebate on sugar imported from Cuba. It does not seem to me that many Republicans are willing to increase the duty on sugar. Then there is the proposition of Mr. Tawney to vote between \$7,000,000 and \$8,000,000 directly into the Cuban treasury and to ask the Cuban government to distribute about \$1,000,000 according to his figures, to native Cuban planters. This first payment is to be paid without any compensation from Cuba in any way or manner—a pure gift to the Cuban government. It hardly needs the opinion of a lawyer to say that such a procedure would be unconstitutional. His proposition is further to pay a like sum yearly on the granting of reciprocal concessions and the passage of our immigration and exclusion laws.

Attacks Tawney's Plan. "Of course no bounty of this kind could be distributed without scandal and a fraud. In the next place seven eighths of the Cuban laborers would still remain without work. It would be just as easy for the sugar trust to obtain a concession on the sugar they bought on account of the bounty, as to obtain a concession

You can do no satisfactory work when your throat is sore and tied up, your head buzzing and feverish—

Tonsiline

will almost immediately cure a sore throat and by removing the cause, allay troublesome symptoms. 25c. 50c. at your druggists. The Tonsiline Co., Canton, Ohio.

where the planter knew he was to have a twenty per cent. concession in duty. So that Mr. Tawney's proposition has no advantages over that for a twenty per cent. reduction and it has the disadvantages named. "The third proposition is that for a twenty per cent. reduction of duties. This would injure no home industry. Coupled with the provision to extend our exclusion laws to Cuba no one appearing before the committee on ways and means contended that it would so injure home industries. All agreed that the price of sugar to the American consumer would remain the same. Nor would it inure to the benefit of the sugar trust. The witnesses before the committee united in the testifying—and the statistics prove—that the trust has received no benefit in buying sugar, either in Hawaii or Porto Rico since the duty was reduced or removed. The entire benefits have been reaped by the planters in the islands. We have every reason to believe the same would prove true as to Cuba."

FUTILE REPUBLICAN CAUCUS.

Dalzell Advocated Payne Cuban Plan Taylor, (O.) Declared for No Inroads on Protection.

Washington, March 7.—The third conference of Republican members of the house to consider the question of Cuban tariff concessions was held last night in the hall of the house. About 125 members were present. Prior to the meeting Speaker Henderson and Representative Cannon of Illinois, the latter chairman of the caucus, called at the White House and were understood to have held a further conference with the President on the situation.

Mr. Dalzell, of Pennsylvania, a member of the ways and means committee and an ardent supporter of the Payne reciprocity plan, was recognized at the outset for an extended speech, presenting legal objections to the Tawney proposition.

spoke in favor of the Payne proposition and had not completed his argument when at 11 o'clock he yielded to Speaker Henderson. The latter counseled the fullest discussion before action was taken in order that differences might be reconciled and an amicable adjustment reached. The speaker's suggestion met general acceptance and at 11:15 the conference adjourned until next Tuesday night. He spoke of President Roosevelt's position and read from the President's message favoring reciprocity. At one point Representative Mahon of Pennsylvania, interjected the query: "Suppose Cuba's products were iron and steel instead of sugar and tobacco should they receive 20 per cent. tariff concessions?"

One of the Philadelphia members added the statement that his district did not favor the reciprocity plan. Mr. Dalzell proceeded with his argument, maintaining that from the standpoint of expediency and practicability, the Payne plan offered the best solution of the problem.

Representative Taylor, of Ohio, representing the old McKinley district, followed in a speech maintaining that there should be no inroads in the doctrine of protection.

Representative Mahon followed up the query he had made of Representative Dalzell by presenting a postponement of the entire subject until the next session of Congress. In the course of a short speech he declared that the west had stood by Pennsylvania when there was not a smoke-stack in the west and he proposed to stand by the beet sugar smoke stacks of the west.

"I owe my whole life to Burdock Blood Bitters. Scrofulous sores covered my body. I seemed beyond cure. B. B. B. has made me a perfectly well woman." Mrs. Chas. Hutton, Berville, Mich.

COUNTY AND NEIGHBORHOOD

P. M. Frampton, of Sharon, Pa., has purchased 20,000 acres of timber land in Virginia, and it will be developed. In Youngstown 565 building permits were issued for the year ending March 1, for improvements costing \$1,428,925.

Twenty-five families, driven out of home by flood, have been living in the Mingo Junction city building, and half of them are there yet.

Orville C. Dewey, born in Cadiz in 1833, a pioneer nail manufacturer, is dead at Wheeling. He was a relative of Admiral Dewey.

An eight-year-old son of John Davin, of Steubenville, was so badly burned by his clothes catching fire at a grate that he will die.

Grant Young, a roller at the New Philadelphia mills, went to the cupboard for a drink of whisky, got carbolic acid instead, and died.

While walking the P. & L. E. railroad track near Youngstown, Harley B. Walker, aged 35, of New Castle was struck by a train and killed.

William E. Stoops, a former resident of Columbiana, but now of Leesdale, Pa., has been promoted to the position as detective on the Ft. Wayne road between Salem and State line, with headquarters at Columbiana.

Ham Skaggs, of Brilliant, attempted suicide at his home by cutting his throat. He did not cut very deep and when the blood commenced to flow he lost his nerve and failed to finish the job. This was his second attempt, brought on by drink and family troubles.

BIDS TO BE ASKED

For the Building of a Line of Railroad Between Mingo And Jewett.

Steubenville, March 7.—Bids will be invited this week by Chief Engineer James W. Patterson, of the Pittsburgh, Carnegie & Western railroad, for the construction of 23 miles of new road between the Ohio river at Mingo Junction and Jewett station, on the Wheeling & Lake Erie railroad.

The work will cost \$2,500,000 and will require the remainder of the year to complete. The section is the last link of the new road to be built to connect the Wheeling & Lake Erie directly with Pittsburgh.

The Quickest Cough Eradicator. (From the Shortsville, N. Y., Enterprise.)

This is the month that one takes cold so easily and quickly—secures that hacking cough, which is so persistently disagreeable as we know by personal experience. And we also know that the quickest eradicator of such cough has been Chamberlain's Cough Remedy, and which has been our staunch standby for several years. This is no paid "puff," but merely a just recognition for an invariable remedy for for coughs, colds, and all lung affections, and like the editor, it has scores of other staunch friends in this town. This remedy is for sale by Alvin H. Bulger.

Moffat's Life Pills cure biliousness, costiveness, and all diseases of the stomach, bowels and liver. Warranted to cure or money refunded.

Wintering in Colorado And Utah. The climate of Colorado and Utah has long been world famous, but it is only within recent years that attention has been given to the delightful winter climate of these states. Today physicians all over the United States send their patients to Colorado and Utah to escape the rigors of eastern winters and to benefit by her invigorating atmosphere and health-giving sunshine.

It is not necessary to add an elaborate argument—the conclusion is self-evident and inevitable. The winter climate of Colorado and Utah on the whole presents advantages for the invalid and the pleasure-seeker that cannot fail to command attention.

An erroneous impression prevails that because the Rocky mountains have a high elevation the mercury in the thermometer drops down below zero in the winter season and stops there, and that the snow mounts up with the altitude. The fact is that the average precipitation of moisture in the lowlands of the mountain region during the entire year is only 14.15 inches. With such average precipitation there is practically no danger of snow blockades on the railroads, save at a few points exposed to drifts and these points have been amply protected. This is especially true of the lines of the Denver & Rio Grande and the Rio Grande Western between Denver and Ogden at all seasons of the year. Facts speak for themselves, and the fact is that travel over "The Scenic Line of the World" has gone on with less interruption from snow blockades during the last ten winters than it has upon the majority of railroads in other localities which are popularly supposed to be more free from such delays than the mountain systems. For free illustrated booklet write S. K. Hooper, R. P. & T. A., Denver, Col. 8-14-44

STAR BARGAIN STORE.

PRESIDENT IS FIRM.

His Attitude on Cuban Reciprocity Unchanged, According to a Statement Issued.

NO INJURY TO HOME INDUSTRIES

Payne Says None Would Result From His Plan—More Particularly Attacks Plan Proposed by Tawney. Futile Republican Conference.

Washington, March 7.—The following authorized statement was made at the White House last evening:

Any statement that the President has changed his attitude on the Cuban reciprocity business is without the slightest foundation in fact.

Chairman Payne of the ways and means committee yesterday gave out an authorized statement in connection with the discussion over Cuban reciprocity, saying in part:

"I think the large majority of the Republicans have made up their minds that we must do something for Cuba. There are three propositions presented which have this professed end in view. The proposition of Mr. Morris, of Minnesota, provides for an increase in the tariff on sugar to the outside world and a rebate on sugar imported from Cuba. It does not seem to me that many Republicans are willing to increase the duty on sugar. Then there is the proposition of Mr. Tawney to vote between \$7,000,000 and \$8,000,000 directly into the Cuban treasury and to ask the Cuban government to distribute about \$1,000,000 according to his figures, to native Cuban planters. This first payment is to be paid without any compensation from Cuba in any way or manner—a pure gift to the Cuban government. It hardly needs the opinion of a lawyer to say that such a procedure would be unconstitutional. His proposition is further to pay a like sum yearly on the granting of reciprocal concessions and the passage of our immigration and exclusion laws.

Attacks Tawney's Plan.

"Of course no bounty of this kind could be distributed without scandal and a fraud. In the next place seven eighths of the Cuban laborers would still remain without work. It would be just as easy for the Sugar trust to obtain a concession on the sugar they bought on account of the bounty, as to obtain a concession

where the planter knew he was to have a twenty per cent. concession in duty. So that Mr. Tawney's proposition has no advantages over that for a twenty per cent. reduction and it has the disadvantages named.

"The third proposition is that for a twenty per cent. reduction of duties. This would injure no home industry. Coupled with the provision to extend our exclusion laws to Cuba no one appearing before the committee on ways and means contended that it would so injure home industries. All agreed that the price of sugar to the American consumer would remain the same. Nor would it inure to the benefit of the Sugar trust. The witnesses before the committee united in the testifying—and the statistics prove—that the trust has received no benefit in buying sugar, either in Hawaii or Porto Rico since the duty was reduced or removed. An eight-year-old son of John Davin, of Steubenville, was so badly burned by his clothes catching fire at a grate that he will die.

Grant Young, a roller at the New Philadelphia mills, went to the cupboard for a drink of whisky, got carbolic acid instead, and died.

While walking the P. & L. E. railroad track near Youngstown, Harley B. Walker, aged 35, of New Castle was struck by a train and killed.

William E. Stoops, a former resident of Columbiana, but now of Leesdale, Pa., has been promoted to the position of detective on the Ft. Wayne road between Salem and State line, with headquarters at Columbiana.

Ham Skaggs, of Brilliant, attempted suicide at his home by cutting his throat. He did not cut very deep and when the blood commenced to flow he lost his nerve and failed to finish the job. This was his second attempt, brought on by drink and family troubles.

BIDS TO BE ASKED

For the Building of a Line of Railroad Between Mingo And Jewett.

Steubenville, March 7.—Bids will be invited this week by Chief Engineer James W. Patterson, of the Pittsburgh, Carnegie & Western railroad, for the construction of 23 miles of new road between the Ohio river at Mingo Junction and Jewett station, on the Wheeling & Lake Erie railroad.

The work will cost \$2,500,000 and will require the remainder of the year to complete. The section is the last link of the new road to be built to connect the Wheeling & Lake Erie directly with Pittsburgh.

The Quickest Cough Eradicator. (From the Shortsville, N. Y., Enterprise.)

This is the month that one takes cold so easily and quickly—secures that hacking cough, which is so persistently disagreeable as we know by personal experience. And we also know that the quickest eradicator of such cough has been Chamberlain's Cough Remedy, and which has been our staunch standby for several years. This is no paid "puff," but merely a just recognition for an invariable remedy for coughs, colds, and all lung affections, and like the editor, it has scores of other staunch friends in this town. This remedy is for sale by Alvin H. Bulger.

Moffat's Life Pills cure biliousness, costiveness, and all diseases of the stomach, bowels and liver. Warranted to cure or money refunded.

Wintering in Colorado And Utah.

The climate of Colorado and Utah has long been world famous, but it is only within recent years that attention has been given to the delightful winter climate of these states. Today physicians all over the United States send their patients to Colorado and Utah to escape the rigors of eastern winters and to benefit by her invigorating atmosphere and health-giving sunshine.

It is not necessary to add an elaborate argument—the conclusion is self-evident and inevitable. The winter climate of Colorado and Utah on the whole presents advantages for the invalid and the pleasure-seeker that cannot fail to command attention.

An erroneous impression prevails that because the Rocky mountains have a high elevation the mercury in the thermometer drops down below zero in the winter season and stops there, and that the snow mounts up with the altitude. The fact is that the average precipitation of moisture in the lowlands of the mountain region during the entire year is only 14.15 inches. With such average precipitation there is practically no danger of snow blockades on the railroads, save at a few points exposed to drifts and these points have been amply protected. This is especially true of the lines of the Denver & Rio Grande and the Rio Grande Western between Denver and Ogden at all seasons of the year. Facts speak for themselves, and the fact is that travel over "The Scenic Line of the World" has gone on with less interruption from snow blockades during the last ten winters than it has upon the majority of railroads in other localities which are popularly supposed to be more free from such delays than the mountain systems. For free illustrated booklet write S. K. Hooper, R. P. & T. A., Denver, Col. 8-11-4-11

STAR BARGAIN STORE.

New Spring goods arriving every day which we put on sale at match less low prices.

New Dress Goods.

We show the greatest line of dress goods this season we ever did before which we offer at the lowest prices.

There are still those who doubt the progress of the negro. The official records for the state of Georgia show that at the close of the last year the negro owned 1,141,000 acres of land and paid taxes, all told, upon property to the value of over \$15,000,000, adding \$1,000,000 to the taxable value of his property during the year. In Virginia the reports are equally encouraging. Other southern states show much growth in the same direction. The race will continue to prosper if it continues to heed the advice of such men as Booker T. Washington. He said in a recent address: "The negro should be taught that his salvation is in learning to own and cultivate intelligently and skilfully the soil. Agriculture will prove our salvation, and the race should be slow to abandon the farm. Just now a large proportion of the race needs that education which will make the youth return to the farm and produce 50 bushels of corn, where only 25 grew before, rather than yield to the temptations to go to a city and attempt to live by their wits."

The school superintendent of Reading, Pa., has just served notice upon the teachers under his charge that they must read the newspapers and keep the run of current events. Probably such a notice is not necessary in Ohio, where everybody who can read devotes a portion at least of his time to the newspapers. Any school teacher or other person who omits to read the newspapers must be ignorant of the great events that are constantly transpiring, and, however much he may know of mathematics, Greek and Latin, is neglecting an important and essential part of education. He must keep abreast of twentieth century affairs or reckon himself a back number. The newspaper is indispensable to him who would be up to date.

The plan of Secretary Long for the establishment of naval stations in Cuba is one that should be put into effect. They will be a defense for Cuba, as well as for the United States. Uncle Sam has done much for Cuba and will continue to keep a watchful eye upon her interests. The Cubans are aware of this and will doubtless do their part in helping the United States to get the naval stations it needs.

The Spanish treaty claims commission finds that Spain was not responsible to individuals for injuries sustained by the wreck of the battleship Maine. The responsibility was to the nation, but that is a score that has been wiped out.

Both slavery and polygamy exist in the Philippines, but they will not long exist under the American flag. In-

stead of gloating over the unfortunate condition of the islanders, as some of the little Americans are doing, patriots and friends of humanity will aid the government in its task of educating and enlightening the natives and of bringing them into obedience to the national laws.

The Salem News evidently regards the date for next year's Republican county primaries as absolutely fixed for June. The Republican county chairman, as we understand it, puts an entirely different interpretation on the action of the committee, and holds that there are now no rules in existence governing the matter. Hence it is not "too late to discuss the subject," but the proper time to do so.

"South End of County Scoops All County Plums. Next Goes the Court House." This is the heading the East Palestine Reville Echo puts over the news of the primary election. Unquestionably a large part of the county would be glad to see the prediction fulfilled.

A bill is before congress providing for the purchase and preservation by the government of the giant trees in California. It should be acted upon forthwith and these world's wonders saved from the hands of vandals.

Cuba will begin to govern itself without a public debt and in receipt of customs revenues amounting to \$16,000,000 a year. With this start the island ought to get along without appeals to public charity.

A live alligator has been caught in the Ohio river at Wheeling. That is nothing. Examine a bucket of East Liverpool hydrant water and you can easily discover lots of things more terrible than alligators.

A Pittsburg paper states that the floods have stopped and the mills resumed. If the present heavy snow goes off too quickly it won't take long to reverse the situation.

Congressman Wheeler is badly cut up by a venerable Kentuckian's gift of peach brandy to Prince Henry. This is the supreme compliment in Kentucky.

AT THE THEATER

"The Span of Life" has been for several seasons a reigning favorite with the lovers of melodrama. It will no doubt be the occasion of an out-pouring of those amusement seekers who prefer their entertainment spiced with a dash of realism. Nothing more realistic than the bridge of human bodies in the "Span of Life" can be conceived, and the lighthouse on coffin rocks is conceded to be a marvel of stage mechanism.

The Davidson Stock company will begin a week's engagement at the Grand Monday night, March 10. The opening bill will be the great melodrama, "Sheridan Keene, Detective." Popular prices will prevail during the entire week's engagement, and a special matinee will be given on Saturday afternoon for the ladies and children, when the beautiful fairy play, "Little Red Riding Hood" will be presented for the first time in this city.

"At the Old Cross Roads," which comes to the Grand March 17, under the auspices of the ushers, has many extraordinary qualities. It is characterized by press and public as "the sweetest story that was ever told," and is the best effort of the great author, Hal Reid. The scene of the story is laid in Mississippi, and for pretty effects and handsome scenic arrangement is not equaled by any play now before the American public.

"A Wise Guy," in which Edmond Hayes took the leading part, pleased a large house at the Grand last evening. The production was a farce comedy, and the situations were exceedingly funny. "The Story of Gaston And Alphonso" was a closing skit, but was not up to the opening parts.

"At Cripple Creek," a strong, true play of American life by Hal Reid, one of the most noted of native dramatists, will be presented at the Grand tonight. The story is a wholesome, elevating one, enlivened by bright comedy and containing many novel effects and striking situations.

The Surprise Clothing House wants you to see the best shirt in the city. Ask for the Diamond Shirt.

POTTERY NEWS

Warehouse women's local, 7606, last night held what might rightly be called the largest meeting since the organization was formed. Every available space in the hall was occupied and during the evening 39 new members were obligated and a number of new applications presented. The three membership committees appointed at the last meeting reported progress and their good work was evidenced by the admission of such a large class last evening. A committee composed of biscuit and glost warehouse girls employed at Laughlin No. 2 was appointed to visit the warerooms of the National pottery and persuade the girls employed there to become members of this local. The National will probably be canvassed next week. The charter of this local was not closed last evening as expected, remaining open until the local becomes affiliated with the Brotherhood.

Robert Hawkins, late of the Union, but who will manage the clay department at the Barberton, has secured options on several shares of Union Potteries stock, and with those which he already controls, has placed them in the hands of Col. Hendricks, formerly of this city, but who now has offices at 524 Fourth avenue, Pittsburg. Mr. Hawkins stated he purchased the stock at par, and it is said Col. Hendricks optioned this stock at 80. An official of the Union said yesterday that this was double what the stock was worth, and at the present time it was not worth more than 40 in the open market. The outcome of this sale, if one is made by Col. Hendricks, will be watched with interest in this city.

Thomas Price, manager of the Chelsea at New Cumberland, was in the city yesterday and spent the afternoon at the office of the Union. Mr. Price stated the recent flood did some damage to the Chelsea, but since the water has receded the lower floors have been cleaned, and the plant is now being operated as usual.

The work of making saggers for the new end of Laughlin No. 2, has commenced under the direction of Jefferson Greene. He has one assistant, but the force will be increased as soon as needed. Mr. Greene was formerly employed as a kilnman at this plant.

Word was sent out yesterday that work would be resumed at the Diamond in full next Monday. Besides this the announcement is made that an additional printing crew will be put on in order that the present orders may be gotten out on time.

John Barnett, formerly a printer at the Globe, has been transferred by the East Liverpool company to the Wallace & Chetwynd plant. He took his entire crew with him. Orders for decorated ware are brisk at the latter factory.

E. S. Crawford, salesman for the Smith & Phillips, returned to the city Saturday from Cincinnati. He left last night for an extended trip through New York state in which territory he will be located for several weeks.

It is stated that a five-foot vein of fine clay has been discovered at Peninsula, near Akron, and that a company is to be formed to manufacture tile flooring and decorative tile from it.

Thomas Clarke, who has been employed as a packer at the Severs for a year, has taken the management of the packing department at the Smith & Phillips China. He commenced work this week.

Limmie McClurg, a taker-off in the dipping house of Laughlin No. 2, is ill at her home and unable to work.

Dippers' local No. 18 will elect delegates to the Trenton convention at its meeting tonight. The resolutions

Constipation

Headache, biliousness, heartburn, indigestion, and all liver ills are cured by
Hood's Pills
Sold by all druggists. 25 cents.

which this local will present to the convention will be discussed at the meeting.

On account of the large volume of business to be considered by No. 9 tonight, the meeting has been fixed for 7 o'clock. Delegates and alternates to the national convention will be elected.

Packers' No. 25, and Warehousemen No. 48 will meet in their respective halls this evening. Delegates to the Trenton convention will be elected by both.

Harry Meanor, a glost kilnhand at Laughlin No. 2, who has been unable to work for several days on account of illness, has resumed his bench.

Frank Ferran, a sagger maker, at Laughlin No. 2, has been confined to his home by illness for several days. He resides in the East End.

Frank Robinson, warehouseman at Wallace & Chetwynd, is able to resume his work after an illness of several weeks.

The last part of the order of machinery for the Laughlin addition was delivered this week. It will be installed soon.

Several kilns are being repaired at the Vodrey. It will require several days to complete the task.

A number of kiln ladders were received at the Thompson yesterday from Erie, Pa.

Frank Carland, an oddman at Laughlin No. 2, is unable to work on account of illness.

FRIENDS AND VISITORS

Mr. and Mrs. J. C. Thompson were in Pittsburg today.

H. A. Keffer has returned to the city from a southern trip.

Mrs. Mada Mealy has returned to the city after visiting her brother in Uhrichsville.

Forest Marrow, of Bridgeport, is visiting at the home of his mother on Second street.

Miss Kate Harker is absent from her duties in school by reason of the illness of her sister.

Mrs. Sarah McFall, of Connorsville, Ind., is the guest of friends and relatives on Lincoln avenue.

Miss Naomi Shontz, a teacher in the Central school building, is confined to her home by illness.

Miss Bennett, a teacher of the primary grade at the Sheridan avenue school, is out of school by reason of illness.

Mrs. W. L. Thompson and son Leland left yesterday for Florida, where they will meet Mr. Thompson, who went to Florida last week.

E. G. Davidson, traveling passenger agent of the Colorado Midland rail, way, with headquarters at Chicago, was in the city yesterday evening the guest of Adam Hill.

Mr. and Mrs. J. R. Warner left this morning for Canton, where they will attend the golden wedding of the former's parents, Mr. and Mrs. M. S. Warner. The affair takes place next Tuesday.

The Surprise Clothing House for new stylish spring Neckwear.

Beaver College vs. Y. M. C. A. tonight.

Pork loins, at

MURPHY & SON'S.

The Results of a Cash System

No doubt a great many people will be interested to know the results of the cash system we started on March the first, we wish to state that it has been the most satisfactory business we have ever done. We have done more business since the 1st of March than at any one time since Christmas, in the same length of time. This proves to us that the public appreciates the fact, that buying for cash is not only the cheapest way to buy, but the best, we treat everybody the same.

We have already given out a number of fine sheet iron trays, they are beautifully decorated, you get a check with each purchase at our store, \$10 in checks secures one of these fine trays, for \$12 in checks we give you 50c in trade. It means over 4 per cent. We can afford this on the cash system.

The Sleepless Shoe Co.

The only strictly cash store in town.

160 PAIRS

Jacob Stein

Sixth Street.

Sixth Street.

WE wish to announce to our patrons and the Public, that we have added to our store a complete Carpet Department; one that will compare favorably with any in this city, and we are now in a position to furnish you with carpets from 15c to 25c cheaper on each yard than can be bought elsewhere, beside that, we make, lay and line them free of charge. We have on display now, one of the most complete line of Ingrain carpets that was ever shown in East Liverpool ranging in price from 25c to 69c a yard. We will sell an extra heavy granite Ingrain carpet at 25c worth 35c a yard; quarter wool, ex-super, worth 69c at 49c and an all wool ex-super worth 80c yd at 69c. In Brussel we sell a good body Brussel worth 80c at 65c and 90c grade at 75c a yard. The beauty of each design could not be described here, it would require a visit to this Department to get a conception of their elegance.

A Word About Our Cloak Department

New spring goods are here galore; never before have we carried a more complete line ladies' tailor-made suits, skirts, jackets and waist than we have this season. We have gone to great pains to make this one of the most attractive cloak department in East Liverpool and our buyer has been at the Eastern markets for the past three weeks, and daily we are receiving the newest creations in woman's ready to wear garments.

In Our Dry Goods Department

You will find the newest fabrics for spring and summer wear in all their daintiness. It would require an inspection of these goods before their beauty is appreciated. In domestics this line is more complete than ever with new table linens, toweling, draperies, prints, percale, madras, gingham and in fact everything pertaining to a complete domestic department.

The opening days in our Carpet Department are Saturday, Monday and Tuesday.

JACOB STEIN, Sixth Street.

Cuba will begin to govern itself without a public debt and in receipt of customs revenues amounting to \$16,000,000 a year. With this start the island ought to get along without appeals to public charity.

A live alligator has been caught in the Ohio river at Wheeling. That is nothing. Examine a bucket of East Liverpool hydrant water and you can easily discover lots of things more terrible than alligators.

A Pittsburg paper states that the floods have stopped and the mills resumed. If the present heavy snow goes off too quickly it won't take long to reverse the situation.

Congressman Wheeler is badly cut up by a venerable Kentuckian's gift of peach brandy to Prince Henry. This is the supreme compliment in Kentucky.

AT THE THEATER

"The Span of Life" has been for several seasons a reigning favorite with the lovers of melodrama. It will no doubt be the occasion of an out-pouring of those amusement seekers who prefer their entertainment spiced with a dash of realism. Nothing more realistic than the bridge of human bodies in the "Span of Life" can be conceived, and the lighthouse on coffin rocks is conceded to be a marvel of stage mechanism.

The Davidson Stock company will begin a week's engagement at the Grand Monday night, March 10. The opening bill will be the great melodrama, "Sheridan Keene, Detective." Popular prices will prevail during the entire week's engagement, and a special matinee will be given on Saturday afternoon for the ladies and children, when the beautiful fairy play, "Little Red Riding Hood" will be presented for the first time in this city.

"At the Old Cross Roads," which comes to the Grand March 17, under the auspices of the ushers, has many extraordinary qualities. It is characterized by press and public as "the sweetest story that was ever told," and is the best effort of the great author, Hal Reid. The scene of the story is laid in Mississippi, and for pretty effects and handsome scenic arrangement is not equaled by any play now before the American public.

"A Wise Guy," in which Edmond Hayes took the leading part, pleased a large house at the Grand last evening. The production was a farce comedy, and the situations were exceedingly funny. "The Story of Gaston and Alphonso" was a closing skit, but was not up to the opening parts.

"At Cripple Creek," a strong, true play of American life by Hal Reid, one of the most noted of native dramatists, will be presented at the Grand tonight. The story is a wholesome, elevating one, enlivened by bright comedy and containing many novel effects and striking situations.

POTTERY NEWS

Warehouse women's local, 7606, last night held what might rightly be called the largest meeting since the organization was formed. Every available space in the hall was occupied and during the evening 39 new members were obligated and a number of new applications presented. The three membership committees appointed at the last meeting reported progress and their good work was evidenced by the admission of such a large class last evening. A committee composed of biscuit and glost warehouse girls employed at Laughlin No. 2 was appointed to visit the warerooms of the National pottery and persuade the girls, employed there to become members of this local. The National will probably be canvassed next week. The charter of this local was not closed last evening as expected, remaining open until the local becomes affiliated with the Brotherhood.

Robert Hawkins, late of the Union, but who will manage the clay department at the Barberton, has secured options on several shares of Union Potteries stock, and with those which he already controls, has placed them in the hands of Col. Hendricks, formerly of this city, but who now has offices at 524 Fourth avenue, Pittsburg. Mr. Hawkins stated he purchased the stock at par, and it is said Col. Hendricks optioned this stock at 80. An official of the Union said yesterday that this was double what the stock was worth, and at the present time it was not worth more than 40 in the open market. The outcome of this sale, if one is made by Col. Hendricks, will be watched with interest in this city.

Thomas Price, manager of the Chelsea at New Cumberland, was in the city yesterday and spent the afternoon at the office of the Union. Mr. Price stated the recent flood did some damage to the Chelsea, but since the water has receded the lower floors have been cleaned, and the plant is now being operated as usual.

The work of making saggars for the new end of Laughlin No. 2, has commenced under the direction of Jefferson Greene. He has one assistant, but the force will be increased as soon as needed. Mr. Greene was formerly employed as a kilnman at this plant.

Word was sent out yesterday that work would be resumed at the Diamond in full next Monday. Besides this the announcement is made that an additional printing crew will be put on in order that the present orders may be gotten out on time.

John Barnett, formerly a printer at the Globe, has been transferred by the East Liverpool company to the Wallace & Chetwynd plant. He took his entire crew with him. Orders for decorated ware are brisk at the latter factory.

E. S. Crawford, salesman for the Smith & Phillips, returned to the city Saturday from Cincinnati. He left last night for an extended trip through New York state in which territory he will be located for several weeks.

It is stated that a five-foot vein of fine clay has been discovered at Peninsula, near Akron, and that a company is to be formed to manufacture tile flooring and decorative tile from it.

Thomas Clarke, who has been employed as a packer at the Severs for a year, has taken the management of the packing department at the Smith & Phillips China. He commenced work this week.

Limmie McClurg, a taker-off in the dipping house of Laughlin No. 2, is ill at her home and unable to work.

Dippers' local No. 18 will elect delegates to the Trenton convention at its meeting tonight. The resolutions

Constipation

Headache, biliousness, heartburn, indigestion, and all liver ills are cured by
Hood's Pills
 Sold by all druggists. 25 cents.

which this local will present to the convention will be discussed at the meeting.

On account of the large volume of business to be considered by No. 9 tonight, the meeting has been fixed for 7 o'clock. Delegates and alternates to the national convention will be elected.

Packers' No. 25, and Warehousemen No. 48 will meet in their respective halls this evening. Delegates to the Trenton convention will be elected by both.

Harry Meanor, a glost kilnhand at Laughlin No. 2, who has been unable to work for several days on account of illness, has resumed his bench.

Frank Ferran, a sagger maker at Laughlin No. 2, has been confined to his home by illness for several days. He resides in the East End.

Frank Robinson, warehousman at Wallace & Chetwynd, is able to resume his work after an illness of several weeks.

The last part of the order of machinery for the Laughlin addition was delivered this week. It will be installed soon.

Several kilns are being repaired at the Vodrey. It will require several days to complete the task.

A number of kiln ladders were received at the Thompson yesterday from Erie, Pa.

Frank Carland, an oddman at Laughlin No. 2, is unable to work on account of illness.

FRIENDS AND VISITORS

Mr. and Mrs. J. C. Thompson were in Pittsburg today.

H. A. Keffer has returned to the city from a southern trip.

Mrs. Mada Mealy has returned to the city after visiting her brother in Uhrichsville.

Forest Marrow, of Bridgeport, is visiting at the home of his mother on Second street.

Miss Kate Harker is absent from her duties in school by reason of the illness of her sister.

Mrs. Sarah McFall, of Connorsville, Ind., is the guest of friends and relatives on Lincoln avenue.

Miss Naomi Shontz, a teacher in the Central school building, is confined to her home by illness.

Miss Bennett, a teacher of the primary grade at the Sheridan avenue school, is out of school by reason of illness.

Mrs. W. L. Thompson and son Leland left yesterday for Florida, where they will meet Mr. Thompson, who went to Florida last week.

E. G. Davidson, traveling passenger agent of the Colorado Midland rail. way, with headquarters at Chicago, was in the city yesterday evening the guest of Adam Hill.

Mr. and Mrs. J. R. Warner left this morning for Canton, where they will attend the golden wedding of the former's parents, Mr. and Mrs. M. S. Warner. The affair takes place next Tuesday.

The Results of a Cash System

No doubt a great many people will be interested to know the results of the cash system we started on March the first, we wish to state that it has been the most satisfactory business we have ever done. We have done more business since the 1st of March than at any one time since Christmas, in the same length of time. This proves to us that the public appreciates the fact, that buying for cash is not only the cheapest way to buy, but the best, we treat everybody the same.

We have already given out a number of fine sheet iron trays, they are beautifully decorated, you get a check with each purchase at our store, \$10 in checks secures one of these fine trays, for \$12 in checks we give you 50c in trade. It means over 4 per cent. We can afford this on the cash system.

WE wish to announce to our patrons and the Public, that we have added to our store a complete Carpet Department; one that will compare favorably with any in this city, and we are now in a position to furnish you with carpets from 15c to 25c cheaper on each yard than can be bought elsewhere, beside that, we make, lay and line them free of charge. We have on display now, one of the most complete line of Ingrain carpets that was ever shown in East Liverpool ranging in price from 25c to 69c a yard. We will sell an extra heavy granite Ingrain carpet at 25c worth 35c a yard; quarter wool, ex-super, worth 69c at 49c and an all wool ex-super worth 80c yd at 69c. In Brussel we sell a good body Brussel worth 80c at 65c and 90c grade at 75c a yard. The beauty of each design could not be described here, it would require a visit to this Department to get a conception of their elegance.

A Word About Our Cloak Department

New spring goods are here galore; never before have we carried a more complete line ladies' tailor-made suits, skirts, jackets and waist than we have this season. We have gone to great pains to make this one of the most attractive cloak department in East Liverpool and our buyer has been at the Eastern markets for the past three weeks, and daily we are receiving the newest creations in woman's ready to wear garments.

In Our Dry Goods Department

You will find the newest fabrics for spring and summer wear in all their daintiness. It would require an inspection of these goods before their beauty is appreciated. In domestics this line is more complete than ever with new table linens, toweling, draperies, prints, percale, madras, gingham and in fact everything pertaining to a complete domestic department.

The opening days in our Carpet Department are Saturday, Monday and Tuesday.

There are still those who doubt the progress of the negro. The official records for the state of Georgia show that at the close of the last year the negro owned 1,141,000 acres of land and paid taxes, all told, upon property to the value of over \$15,000,000, adding \$1,000,000 to the taxable value of his property during the year. In Virginia the reports are equally encouraging. Other southern states show much growth in the same direction. The race will continue to prosper if it continues to heed the advice of such men as Booker T. Washington. He said in a recent address: "The negro should be taught that his salvation is in learning to own and cultivate intelligently and skilfully the soil. Agriculture will prove our salvation, and the race should be slow to abandon the farm. Just now a large proportion of the race needs that education which will make the youth return to the farm and produce 50 bushels of corn, where only 25 grew before, rather than yield to the temptations to go to a city and attempt to live by their wits."

The school superintendent of Reading, Pa., has just served notice upon the teachers under his charge that they must read the newspapers and keep the run of current events. Probably such a notice is not necessary in Ohio, where everybody who can read devotes a portion at least of his time to the newspapers. Any school teacher or other person who omits to read the newspapers must be ignorant of the great events that are constantly transpiring, and, however much he may know of mathematics, Greek and Latin, is neglecting an important and essential part of education. He must keep abreast of twentieth century affairs or reckon himself a back number. The newspaper is indispensable to him who would be up to date.

The plan of Secretary Long for the establishment of naval stations in Cuba is one that should be put into effect. They will be a defense for Cuba, as well as for the United States. Uncle Sam has done much for Cuba and will continue to keep a watchful eye upon her interests. The Cubans are aware of this and will doubtless do their part in helping the United States to get the naval stations it needs.

The Spanish treaty claims commission finds that Spain was not responsible to individuals for injuries sustained by the wreck of the battleship Maine. The responsibility was to the nation, but that is a score that has been wiped out.

Both slavery and polygamy exist in the Philippines, but they will not long exist under the American flag. In-

stead of gloating over the unfortunate condition of the islanders, as some of the little Americans are doing, patriots and friends of humanity will aid the government in its task of educating and enlightening the natives and of bringing them into obedience to the national laws.

The Salem News evidently regards the date for next year's Republican county primaries as absolutely fixed for June. The Republican county chairman, as we understand it, puts an entirely different interpretation on the action of the committee, and holds that there are now no rules in existence governing the matter. Hence it is not "too late to discuss the subject," but the proper time to do so.

"South End of County Scoops All County Plums. Next Goes the Court House." This is the heading the East Palestine Reville Echo puts over the news of the primary election. Unquestionably a large part of the county would be glad to see the prediction fulfilled.

A bill is before congress providing for the purchase and preservation by the government of the giant trees in California. It should be acted upon forthwith and these world's wonders saved from the hands of vandals.

Cuba will begin to govern itself without a public debt and in receipt of customs revenues amounting to \$16,000,000 a year. With this start the island ought to get along without appeals to public charity.

A live alligator has been caught in the Ohio river at Wheeling. That is nothing. Examine a bucket of East Liverpool hydrant water and you can easily discover lots of things more terrible than alligators.

A Pittsburg paper states that the floods have stopped and the mills resumed. If the present heavy snow goes off too quickly it won't take long to reverse the situation.

Congressman Wheeler is badly cut up by a venerable Kentuckian's gift of peach brandy to Prince Henry. This is the supreme compliment in Kentucky.

AT THE THEATER

"The Span of Life" has been for several seasons a reigning favorite with the lovers of melodrama. It will no doubt be the occasion of an out-pouring of those amusement seekers who prefer their entertainment spiced with a dash of realism. Nothing more realistic than the bridge of human bodies in the "Span of Life" can be conceived, and the lighthouse on coffin rocks is conceded to be a marvel of stage mechanism.

The Davidson Stock company will begin a week's engagement at the Grand Monday night, March 10. The opening bill will be the great melodrama, "Sheridan Keene, Detective." Popular prices will prevail during the entire week's engagement, and a special matinee will be given on Saturday afternoon for the ladies and children, when the beautiful fairy play, "Little Red Riding Hood" will be presented for the first time in this city.

"At the Old Cross Roads," which comes to the Grand March 17, under the auspices of the ushers, has many extraordinary qualities. It is characterized by press and public as "the sweetest story that was ever told," and is the best effort of the great author, Hal Reid. The scene of the story is laid in Mississippi, and for pretty effects and handsome scenic arrangement is not equaled by any play now before the American public.

"A Wise Guy," in which Edmond Hayes took the leading part, pleased a large house at the Grand last evening. The production was a farce comedy, and the situations were exceedingly funny. "The Story of Gaston And Alphonso" was a closing skit, but was not up to the opening parts.

"At Cripple Creek," a strong, true play of American life by Hal Reid, one of the most noted of native dramatists, will be presented at the Grand tonight. The story is a wholesome, elevating one, enlivened by bright comedy and containing many novel effects and striking situations.

WELLSVILLE

END NOT IN SIGHT

New Controversy Has Arisen In Park
Leach's Suit Against
Mrs. Strowe.

The end of the replevin case of Park Leach against Mrs. Strowe, which was heard in Squire Riley's court a few days ago, does not seem to be in sight.

Leach alleged that in the purchase of a restaurant from Mrs. Strowe certain utensils which he had contracted for, and which were missing when he took possession, should be returned to him and the court decided in his favor.

Mrs. Strowe had the disputed articles, together with a lot of household goods, stored in a building on Third street, where Leach was told to go and get whatever belonged to him and remove them to his place of business. It is now alleged that instead of taking only his own property, Leach also took the household goods of Mrs. Strowe and she now threatens to file suit unless her goods are returned forthwith. An action will probably be filed today.

SILVER WEDDING

Of Mr. and Mrs. Lafayette Heiner
Enjoyably Celebrated
Yesterday.

At their beautiful home, Eighteenth and Main street, Mr. and Mrs. Lafayette Heiner celebrated the 25th anniversary of their marriage yesterday afternoon.

The interior of the house was prettily decorated, the prevailing colors being pink and green. About 40 guests were present, many of them being from out of town. At 10 o'clock the company sat down to a choice supper, which was served in six courses.

Among the many valuable presents received by the happy couple was an 186-piece fine decorated dinner set. It was near midnight when the company dispersed. The out-of-town guests, together with the bride and groom of 25 years ago, made a tour of the East Liverpool potteries today.

WANTED \$300 DAMAGES

Suit of Mrs. Orr Against Contractor
Anderson Argued in Court
Yesterday.

The case of Mrs. Margaretta Orr against Contractor Edward Anderson was argued in Justice MacKenzie's court yesterday. The plaintiff alleged that in removing dirt from her premises on the hillside above the power house the defendant recklessly damaged the house and removed stone which the city did not buy, to the value of about \$300.

The testimony in the case was taken last Friday, but the arguments were deferred until today on account of the illness of one of the attorneys. Wilbur Snediker represented the plaintiff and W. F. Lones the defendant.

Asks Homestead Exemption.

Renaldo Runyon, a well known farmer of Knoxville, who filed a petition in bankruptcy some time ago, has filed an application with the referee at Steubenville, demanding a homestead exemption, and asks that it be set aside for him out of the assets of the property now in the hands of the court. Among the property is a valuable farm near Yellow creek, which is being appraised by the referee today.

MINOR NEWS OF WELLSVILLE.

Mrs. George Clark is visiting friends in Toledo.

STREET RAILWAY

ASKS CHESTER COUNCIL FOR
RIGHTS FOR AN EXTENSION.

Matter Deferred Until Next Meeting.
Carolina Avenue Paving
Discussed.

The paving of Carolina avenue and a proposition for a granting an additional franchise to the East Liverpool and Rock Springs Street Railway company occupied the attention of council, the greater part of of the time at their meeting last night.

A petition, signed by a majority of the property owners on Carolina avenue, requesting that an ordinance for the grading and paving of that thoroughfare be passed, was presented. After considerable discussion, and on the solicitor's advice, the matter was deferred until an estimate of cost can be prepared by the city engineer. The solicitor was also of the opinion that a debt of this kind could not be incurred without first submitting it a to vote of the people.

In connection with the Carolina avenue paving a proposition from the street car company was received. It proposes to furnish the gravel and brick for a strip fourteen feet wide in the middle of street, the town to furnish the balance of the gravel, and brick and do the work, provided a 50 franchise is granted for the extension of the lines between First and Third streets. The proposition was laid over until the next meeting.

Mr. Riley moved that an assessor be appointed, which carried, and applicants for the position are requested to file their applicants before the next meeting night when the appointment will be made.

The town sergeant was ordered to file a bond of \$3,000.

It was decided that the poles for the street lights should be 22 feet long instead of 20 feet, as originally ordered.

The contract for digging holes for the light poles was let to Arch Severs at 75c each.

A bill of Mr. Severs of \$4 for hauling the new safe was ordered paid.

Councilman Hough presented Mayor Schrader a beautiful gavel which was accepted in a neat speech by the mayor.

ACCESS TO THE PARK

Will Be Facilitated By a New Entrance And a Change in Car Line.

Surveyors are at work staking off the ground for the new entrance to Rock Springs park. As was stated some time ago, the entrance that has been used for the past several years will be closed, and a new one, which will be of much easier access to the park, will be made near the lower spring.

According to the new arrangements the street cars will enter the park, crossing a new bridge that will be built across Mark's run, south of the one the car line crosses at present.

McBane-Devott.

At the home of Mr. and Mrs. John Neville, Carolina avenue, Chester, last evening, Miss Mary McBane, a teacher in the new Chester school, was married to Louis Devott, a prominent young business man of Franklin, Pa., by Rev. H. M. Carnahan. Miss McBane resides at Hookstown, but has been employed by the school board of Grant district for several years. Only the intimate friends were present at the wedding.

Lights Will Soon Be Ready.

Contractor Robert Allison, who is to furnish poles for the new street lights has been delayed considerably on account of the bad weather of the past few days. It is expected, however, that the lights will be ready for service within the next few weeks.

CHESTER NOTES.

Lacrosse Riley is confined to the house by the grip.

Charles Mackey and family have moved to East Liverpool.

Mrs. Jesse Good is rapidly recovering from her late illness.

J. W. Brunson, of Hookstown, was in Chester on business yesterday.

Earl, son of Thomas Durin, is recovering from an attack of the grip.

James Kevan has returned from Hookstown where he purchased a fine saddle horse.

William Sheckler has commenced to raise the frame of a 6 room house on Middle Run.

Prosecuting Attorney McKenzie, of Hancock county, was in Chester on a business trip.

Miss Clara B. Grim is confined to the house with pneumonia and her condition is serious.

The family of James Koerber has moved into one of the mill houses on California avenue.

Elijah Smith has moved from the Kinney farm to one of the mill houses

on California avenue.

Taylor Glass is critically ill at the home of his brother, A. J. Glass, on the Samuel Allison farm.

Mrs. Robert Marshall and family will move back to her former home about the 1st of April.

David Barcus, of Ben's Run, W. Va. has returned home after a short visit at the home of Mrs. Robert Marshall.

Miss Alma Marshall left this morning for Pittsburg to resume her studies in the Pennsylvania College for Women.

The dance held at the home of Al Priest, on Middle Run, was well attended and enjoyed by all. A number of young people from the Turkeyfoot oil field were present.

As soon as the weather permits, McDonald & Marshall will begin the erection of a new building opposite the Rock Springs park entrance, which will be occupied as a news stand and barber shop.

Freight business on the branch is now in fairly good shape. For several days during the flood there was very little freight hauled to Chester, but it is thought that all danger of wash-outs is now past.

VALUABLE FARM SOLD

Youngstown Men Purchase 356 Acres
on Yellow Creek for
\$10,000.

One of the largest real estate deals consummated in Wellsville for some time was completed yesterday, when William G. McCullough sold a farm containing 356 acres to S. D. L. Jackson and F. B. Midbury, lumber dealers of Youngstown, for \$10,000.

The farm is situated on Yellow creek, on the Hollow Rock camp ground road. It is almost entirely covered with oak timber and the purchasers intend to put a large number of men to work at once clearing the timber off. Several saw mills will also be put in operation as soon as possible.

Accepts a Call.

Rev. W. E. Previtt, of Malvern, has accepted the call extended to him some time ago by the First Christian church of this city.

Eggs, eggs, eggs, 27c per dozen at SCHMIDT'S CASH GROCERY.

END NOT IN SIGHT

New Controversy Has Arisen in Park Leach's Suit Against Mrs. Strowe.

The end of the replevin case of Park Leach against Mrs. Strowe, which was heard in Squire Riley's court a few days ago, does not seem to be in sight.

Leach alleged that in the purchase of a restaurant from Mrs. Strowe certain utensils which he had contracted for, and which were missing when he took possession, should be returned to him and the court decided in his favor.

Mrs. Strowe had the disputed articles, together with a lot of household goods, stored in a building on Third street, where Leach was told to go and get whatever belonged to him and remove them to his place of business. It is now alleged that instead of taking only his own property, Leach also took the household goods of Mrs. Strowe and she now threatens to file suit unless her goods are returned forthwith. An action will probably be filed today.

SILVER WEDDING

Of Mr. and Mrs. Lafayette Heiner Enjoyably Celebrated Yesterday.

At their beautiful home, Eighteenth and Main street, Mr. and Mrs. Lafayette Heiner celebrated the 25th anniversary of their marriage yesterday afternoon.

The interior of the house was prettily decorated, the prevailing colors being pink and green. About 40 guests were present, many of them being from out of town. At 10 o'clock the company sat down to a choice supper, which was served in six courses.

Among the many valuable presents received by the happy couple was an 186-piece fine decorated dinner set. It was near midnight when the company dispersed. The out-of-town guests, together with the bride and groom of 25 years ago, made a tour of the East Liverpool potteries today.

WANTED \$300 DAMAGES

Suit of Mrs. Orr Against Contractor Anderson Argued in Court Yesterday.

The case of Mrs. Margaretta Orr against Contractor Edward Anderson was argued in Justice MacKenzie's court yesterday. The plaintiff alleged that in removing dirt from her premises on the hillside above the power house the defendant recklessly damaged the house and removed stone which the city did not buy, to the value of about \$300.

The testimony in the case was taken last Friday, but the arguments were deferred until today on account of the illness of one of the attorneys. Wilbur Snediker represented the plaintiff and W. F. Lones the defendant.

Asks Homestead Exemption.

Renaldo Runyon, a well known farmer of Knoxville, who filed a petition in bankruptcy some time ago, has filed an application with the referee at Steubenville, demanding a homestead exemption, and asks that it be set aside for him out of the assets of the property now in the hands of the court. WELLSVILLE

END NOT IN SIGHT

New Controversy Has Arisen in Park Leach's Suit Against Mrs. Strowe.

The end of the replevin case of Park Leach against Mrs. Strowe, which was heard in Squire Riley's court a few days ago, does not seem to be in sight.

Leach alleged that in the purchase of a restaurant from Mrs. Strowe certain utensils which he had contracted for, and which were missing when he took possession, should be returned to him and the court decided in his favor.

Mrs. Strowe had the disputed articles, together with a lot of household goods, stored in a building on Third street, where Leach was told to go and get whatever belonged to him and remove them to his place of business. It is now alleged that instead of taking only his own property, Leach also took the household goods of Mrs. Strowe and she now threatens to file suit unless her goods are returned forthwith. An action will probably be filed today.

SILVER WEDDING

Of Mr. And Mrs. Lafayette Heiner Enjoyably Celebrated Yesterday.

At their beautiful home, Eighteenth and Main street, Mr. and Mrs. Lafayette Heiner celebrated the 25th anniversary of their marriage yesterday afternoon.

The interior of the house was prettily decorated, the prevailing colors being pink and green. About 40 guests were present, many of them being from out of town. At 10 o'clock the company sat down to a choice supper, which was served in six courses.

Among the many valuable presents received by the happy couple was an 186-piece fine decorated dinner set. It was near midnight when the company dispersed. The out-of-town guests, together with the bride and groom of 25 years ago, made a tour of the East Liverpool potteries today.

WANTED \$300 DAMAGES

Suit of Mrs. Orr Against Contractor Anderson Argued in Court Yesterday.

The case of Mrs. Margaretta Orr against Contractor Edward Anderson was argued in Justice MacKenzie's court yesterday. The plaintiff alleged that in removing dirt from her premises on the hillside above the power house the defendant recklessly damaged the house and removed stone which the city did not buy, to the value of about \$300.

The testimony in the case was taken last Friday, but the arguments were deferred until today on account of the illness of one of the attorneys. Wilbur Snediker represented the plaintiff and W. F. Lones the defendant.

Asks Homestead Exemption.

Renaldo Runyon, a well known farmer of Knoxville, who filed a petition in bankruptcy some time ago, has filed an application with the referee at Steubenville, demanding a homestead exemption, and asks that it be set aside for him out of the assets of the property now in the hands of the court. Among the property is a valuable farm near Yellow creek, which is being appraised by the referee today.

MINOR NEWS OF WELLSVILLE.

Mrs. George Clark is visiting friends in Toledo.

Rev. Father Halligan is visiting in Cleveland.

Mrs. Harry Brook is visiting at Yellow Creek.

SOUTH SIDE

STREET RAILWAY

ASKS CHESTER COUNCIL FOR RIGHTS FOR AN EXTENSION.

Matter Deferred Until Next Meeting. Carolina Avenue Paving Discussed.

The paving of Carolina avenue and a proposition for a granting an additional franchise to the East Liverpool and Rock Springs Street Railway company occupied the attention of council, the greater part of of the time at their meeting last night.

A petition, signed by a majority of the property owners on Carolina avenue, requesting that an ordinance for the grading and paving of that thoroughfare be passed, was presented. After considerable discussion, and on the solicitor's advice, the matter was deferred until an estimate of cost can be prepared the city engineer. The solicitor was also of the opinion that a debt of this kind could not be incurred without first submitting it a to vote of the people.

In connection with the Carolina avenue paving a proposition from the street car company was received. It proposes to furnish the gravel and brick for a strip fourteen feet wide in the middle of street, the town to furnish the balance of the gravel, and brick and do the work, provided a 50 franchise is granted for the extension of the lines between First and Third streets. The proposition was laid over until the next meeting.

Mr. Riley moved that an assessor be appointed, which carried, and applicants for the position are requested to file their applications before the next meeting night when the appointment will be made.

The town sergeant was ordered to file a bond of \$3,000.

It was decided that the poles for the street lights should be 22 feet long instead of 20 feet, as originally ordered.

The contract for digging holes for the light poles was let to Arch Severs at 75c each.

A bill of Mr. Severs of \$4 for hauling the new safe was ordered paid.

Councilman Hough presented Mayor Schrader a beautiful gavel which was accepted in a neat speech by the mayor.

ACCESS TO THE PARK

Will Be Facilitated by a New Entrance And a Change in Car Line.

Surveyors are at work staking off the ground for the new entrance to Rock Springs park. As was stated some time ago, the entrance that has been used for the past several years will be closed, and a new one, which will be of much easier access to the park, will be made near the lower spring.

According to the new arrangements the street cars will enter the park, crossing a new bridge that will be built across Mark's run, south of the one the car line crosses at present.

McBane-Devott.

At the home of Mr. and Mrs. John Neville, Carolina avenue, Chester, last evening, Miss Mary McBane, a teacher in the new Chester school, was married to Louis Devott, a prominent young business man of Franklin, Pa., by Rev. H. M. Carnahan. Miss McBane resides at Hookstown, but has been employed by the school board of Grant district for several years. Only the intimate friends were present at the wedding.

Lights Will Soon Be Ready.

Contractor Robert Allison, who is to furnish poles for the new street lights has been delayed considerably on account of the bad weather of the past few days. It is expected, however, that the lights will be ready for service within the next few weeks.

CHESTER NOTES.

Lacrosse Riley is confined to the house by the grip.

Charles Mackey and family have moved to East Liverpool.

Mrs. Jesse Good is rapidly recovering from her late illness.

J. W. Brunson, of Hookstown, was in Chester on business yesterday.

Earl, son of Thomas Durin, is recovering from an attack of the grip.

James Kevan has returned from Hookstown where he purchased a fine saddle horse.

William Sheckler has commenced to raise the frame of a 6 room house on Middle Run.

Prosecuting Attorney McKenzie, of Hancock county, was in Chester on a business trip.

Miss Clara B. Grim is confined to the house, with pneumonia and her condition is serious.

The family of James Koerber has moved into one of the mill houses on Carolina avenue.

Elijah Smith has moved from the Kinney farm to one of the mill houses

on California avenue.

Taylor Glass is critically ill at the home of his brother, A. J. Glass, on the Samuel Allison farm.

Mrs. Robert Marshall and family will move back to her former home about the 1st of April.

David Barcus, of Ben's Run, W. Va., has returned home after a short visit at the home of Mrs. Robert Marshall.

Miss Alma Marshall left this morning for Pittsburg to resume her studies in the Pennsylvania College for Women.

The dance held at the home of Al Priest, on Middle Run, was well attended and enjoyed by all. A number of young people from the Turkeyfoot oil field were present.

As soon as the weather permits, McDonald & Marshall will begin the erection of a new building opposite the Rock Springs park entrance, which will be occupied as a news stand and barber shop.

Freight business on the branch is now in fairly good shape. For several days during the flood there was very little freight hauled to Chester, but it is thought that all danger of wash-outs is now past.

VALUABLE FARM SOLD

Youngstown Men Purchase 356 Acres on Yellow Creek for \$10,000.

One of the largest real estate deals consummated in Wellsville for some time was completed yesterday, when William G. McCullough sold a farm containing 356 acres to S. D. L. Jackson and F. B. Midbury, lumber dealers of Youngstown, for \$10,000.

The farm is situated on Yellow creek, on the Hollow Rock camp ground road. It is almost entirely covered with oak timber and the purchasers intend to put a large number of men to work at once clearing the timber off. Several saw mills will also be put in operation as soon as possible.

Accepts a Call.

FIVE MEN PERISHED.

They Were Entombed In a Coal Mine, at Monongahela Pa.

TWO INJURED, BUT ESCAPED.

Explosion Occurred While Experts Were Letting Gas Out of Mine, Bratticed Up to Smother a Fire. Party Rescued.

Monongahela, Pa., March 7.—Five expert mine workers were entombed in the Catsburg mines of the Monongahela River Consolidated Coal and Coke Company about noon yesterday. A rescuing party consisting of 11 certificate men, or mine officials, started into the mine shortly after 9 o'clock last night and later brought the bodies out.

Beside the five men there were two others in the mine at the time of the explosion. These escaped, one coming out at the main entry and the other through an air passage nearly three miles from the entrance.

The Dead.

Robert Howry, mine foreman, 50 years old, lived in Cemetery street, Monongahela, came to the Catsburg mine from Fairview two months ago.

James Howe, of Monongahela, 23 years old, married and has family of two children.

John Gelder, mine boss, 46 years old, married, lived at Charleroi.

Isaac Eastwood, fire boss, 47 years old, married and lived in Main street, Monongahela, has family of ten children.

William M'Farland, boss driver, 39 years old, married and lived in Main street, Monongahela.

The Injured.

James Ternnet, electrician, 35 years old, married and lives in Main street, near mine entrance; had cut on right arm, bruised about head and eyes, escaped by crawling on his hands and knees more than a mile along.

John Hagger, roadman, 38 years old, married, badly bruised and scratched none of his injuries serious, escaped by crawling on hands and knees to main entrance, a distance of nearly two miles.

Mine Superintendent William Sedden, accompanied by State Inspector Henry Louttit, who lives here, and George Tempest, a machinist, started into the mine about noon in the hope of getting the men out alive. Their efforts were in vain, and before Superintendent Sedden got out he was almost overcome by gas, from the effect of which he was still suffering last night.

There were two explosions at the Catsburg mine yesterday. The first occurred about 11 o'clock in the morning and the second explosion morning and the second explosion about 1 o'clock. The mine has not been worked since Monday last on account of a fire, which started near chambers 65 and 66, near the main entry.

Thought Mine was Safe.

The fire was caused by a blast put in by a miner and could have been easily extinguished at the time, had the miner realized the danger. As soon as the mine officials knew of the fire the entries to the burning chambers were bratticed up to shut off the supply of air and smother the fire.

The Supposed Dead.

Close watch has been kept on the mine since then and Wednesday night it was decided that it would be safe to enter the mine yesterday morning and prepare for work. Accordingly the most expert mine officials were told to enter the mine, remove the brattice work, board by board and allow the gas to be drawn out into the air passages.

The men entered the mine about 6:30 o'clock and had torn off several boards to allow the gas to escape gradually, when the explosion occurred.

AN EXHIBIT OF STRENGTH

NEURALGYLINE FOR THE NERVES

is the enemy of all neuralgic and other nerve troubles. Accept no substitutes for it. Neuralgyline does not cure or relieve all diseases. It only RELIEVES PAINS CAUSED BY NEURALGIA AND OTHER NERVOUS TROUBLES. No matter how bad the case is, it must succumb to the all-powerful influence of Neuralgyline. Neuralgyline, by soothing the nerves, restores them to their normal state.

Neuralgyline is absolutely harmless. It is a combination of health giving chemicals. Try a box of it if you are one of the great army of neuralgic sufferers. ONE PILL WILL BRING YOU RELIEF WITHIN TWENTY MINUTES. Read what these representative people have to say of Neuralgyline:

I have been a great sufferer from neuralgia; Neuralgyline has effected a permanent cure in my case. Miss E. V. EVANS, Sistersville, W. Va.

I have suffered for over a week with neuralgic pains in the head, unable to sleep and nearly crazed with pain. Thirty minutes after taking one NEURALGYLINE tablet I was completely cured. Mr. J. R. SIAN, St. Paul, Minn.

Your suffering can be relieved too!

Every first-class druggist in town sells Neuralgyline. Price, 25c, a box.

If you find that Neuralgyline is not as represented, money will be cheerfully refunded. Samples free on request.

NEURALGYLINE FOR THE NERVES

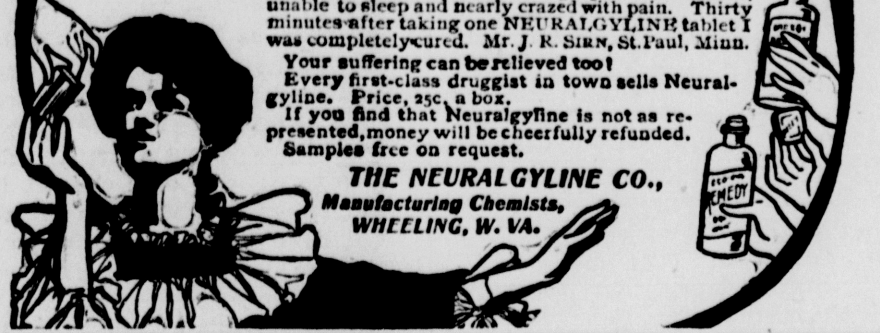

is the enemy of all neuralgic and other nerve troubles. Accept no substitutes for it. Neuralgyline does not cure or relieve all diseases. It only RELIEVES PAINS CAUSED BY NEURALGIA AND OTHER NERVOUS TROUBLES. No matter how bad the case is, it must succumb to the all-powerful influence of Neuralgyline. Neuralgyline, by soothing the nerves, restores them to their normal state.

Neuralgyline is absolutely harmless. It is a combination of health giving chemicals. Try a box of it if you are one of the great army of neuralgic sufferers. ONE PELLETT WILL BRING YOU RELIEF WITHIN TWENTY MINUTES. Read what these representative people have to say of Neuralgyline:

I have been a great sufferer from neuralgia; Neuralgyline has effected a permanent cure in my case. Miss E. V. EVANS, Sistersville, W. Va. I have suffered for over a week with neuralgic pains in the head, unable to sleep and nearly crazed with pain. Thirty minutes after taking one NEURALGYLINE tablet I was completely cured. Mr. J. R. SIMS, St. Paul, Minn.

Your suffering can be relieved too! Every first-class druggist in town sells Neuralgyline. Price, 25c. a box. If you find that Neuralgyline is not as represented, money will be cheerfully refunded. Samples free on request.

STEAMER WAESLAND SUNK.

Went Down, After a Collision, with Another Vessel, Off Holyhead, Coast of Wales.

London, March 7.—The American line steamer Waesland Capt. Atfield from Liverpool March 5th for Philadelphia, and the British steamship Harmonides, Captain Pentin, from Para, Feb. 13, for Liverpool, met in collision last night off Holyhead, Wales. The Waesland sank.

The Harmonides rescued the passengers and crew of the Waesland and is bringing them to Liverpool.

Tugs have been sent from Liverpool to meet the Harmonides.

The Waesland carried 32 cabin and 82 steerage passengers.

The Waesland is owned by the International Navigation Company but flies the Belgian flag. She plied regularly in the American line service between Philadelphia and Liverpool touching at Queenstown each way. Formerly she was known as the Russia. She is a four-masted bark-rigged iron vessel.

PRINCE HARVARD MAN

A Degree Conferred Upon Him,
While Visiting the
University.

EMPEROR CONGRATULATED HIM.

Banquet One Feature of Entertain-

ment at Boston—Long and Olney

Two of Speakers—West Point One

Place to be Visited To-day.

Boston, March 7.—Prince Henry of Prussia was the guest of Boston yesterday and his welcome to the city was a cordial one. Gov. Winthrop, Murray Crane and Mayor Collins, acting for the state and the city extended the official courtesies to him and when the prince had ceremoniously returned their calls, he went to Cambridge to deliver the gifts of his brother, the Kaiser, to the Germanic museum, and to receive from Harvard the honorary degree of Doctor of Laws.

Prince Henry's first act at the Harvard Union shortly after he received the degree was to propose and lead three cheers for President Roosevelt who is a Harvard alumnus. The prince received a cablegram from the Emperor congratulating him on his newest honor.

Last night the prince was given a dinner by the city of Boston and sat at a table with more than two hundred of the representative citizens of the commonwealth.

Bright sunlight favored the day and the streets and avenues were thronged with people.

The special train which carried the prince was not delayed by flood or storm and made the time planned for it by the railroad men. It halted for a few moments at Springfield but not at Worcester.

A Banquet To the Prince.

The heartiest part of Boston's formal welcome to Prince Henry was concentrated in the banquet at the Somerset last evening. To the sentiments expressed there His Royal Highness made a formal response.

Among the speakers were Mayor Collins, Secretary Long, Gov. Crane and Ex-Secretary Olney.

After the banquet, the prince and his suite retired to their apartments reappearing a few minutes later for departure for the residence of J. Montgomery Sears where a reception was tendered the prince by the Thursday Evening Club. At this reception which was entirely informal his royal highness had the opportunity of meeting the representative literary people of Boston.

PLEDGES TO AMERICA.

Germany and Russia will Preserve Commercial Rights of Other Nations in War Spheres in China.

Washington, March 7.—The United States has received fresh pledges from Russia and also from Germany as to the conservation of the commercial rights of other nations in China, within the zones of influence of the above named powers. The Russian promise has been repeated at short intervals and is regarded as quite binding as any written statement can be made.

In the case of Germany, which power has been projecting some railroad and kindred enterprises in Shan Tung

TWIN TROUBLES

They Are Often Together These Days.
They Work Havoc All over
the Country and in East
Liverpool.

Weak, nervous, the digestion out of order. That is what ails a host of people. It comes about in this way. First from overwork or other causes, the nerves are burdened beyond endurance, nerve waste is not replaced, nerve force is weakened. Then the stomach loses its nerve controlling power, and indigestion follows with falling strength. When first Dr. A. W. Chase's Nerve Pills came to East Liverpool, people could hardly believe that this great medicine should remove these troubles. Now it is an accepted fact because of its cure of very stubborn cases no other medicine would influence. Mrs. Margaret Tracy, of No. 178 Seventh street, East Liverpool, O. says: "One of my family was very nervous—subject to nervous spells—weak and irritable—could not sleep and the digestion was very poor. I asked the invalid to take Dr. A. W. Chase's Nerve Pills I got at Larkins' drug store, corner Sixth and East Market streets. The result was splendid. The medicine built her up, enriched the blood, made the nerves strong, gave restful sleep and so strengthened the stomach that digestion is perfect. The old time languid, played out feeling has given place to one of strength and energy, and as a result we are more than pleased with the medicine."

Dr. A. W. Chase's Nerve Pills are sold at 50 cents a box at dealers, or Dr. A. W. Chase Medicine company, Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D. are on every package.

Moffat's
Life PillsThe Great Stomach and
Liver Medicine.

If you feel sick, bad taste in the mouth, coated tongue, dizziness, bilious or sick headache, your stomach and liver are out of order, correct these at once by using Moffat's Life Pills.

A positive cure for Malaria, Biliousness, Indigestion, Costiveness, Colds, Grippe, Rheumatism, Impure Blood and all diseases arising from a disordered condition of the stomach and liver, and guaranteed to cure or money refunded.

For sale by all Druggists, or sent by mail on receipt of 25c. A box of 5 boxes for \$1.00.
J. P. MILLS, SOLE PROPRIETOR, NEW YORK.

province back of Kian Chaou, the German naval port on the Chinese coast, the state department, in answer to its inquiries on the subject has been assured that there is no intention to exclude the citizens of other nations from any advantages to be enjoyed in that quarter of China by Germany.

AMBASSADOR FROM AUSTRIA.

That Country to Raise Grade—This Country to Follow Suit.

Washington, March 7.—The Austrian Minister, Mr. Ladislaus Hengelmüller von Hengervar, confirms the report that the Austrian-Hungarian Ministry here is to be elevated into an Embassy. He called at the State Department to-day to acquaint Secretary Hay with the purpose of his government and the Secretary extended his warmest congratulations.

It is believed that the matter already has been laid before the proper committee of the Reichstag, which must sanction the change. The next step in order is to elevate the United States Ministry at Vienna to an Embassy and under the law the President has authority to do this as soon as he is formally notified of the fact that Austria-Hungary has taken the initiative.

A WOMAN MURDERED.

Some Person Apparently Substituted

Poison for Medicine.

Grand Rapids, Mich., March 7.—Sheriff Chapman returned from Lowell where he has been investigating the death of Mrs. William Klump, aged 20. He found evidence that she was murdered. The woman was found a supposed sample headache powder by mail.

She used it and died twelve hours later. An autopsy showed that strychnine poisoning was the cause of death. The sheriff found that the powder was sent in an envelope postmarked at Lowell. It is believed that the headache powder was removed and the poison was substituted for it.

Murderer Executed.

Marion, Ala., March 7.—Luke Sanders was hanged here for the murder of Read Overseer Mullins last April.

A household necessity—Dr. Thomas' Electric Oil. Heals burns, cuts, wounds of any sort; cures sore throat, group, catarrh, asthma; never fails.

Boils, carbuncles and all eruptive diseases, yield rapidly to the healing influence of Page's Climax Salve. Always keep a box in the house.

AGAINST THE MAINE CLAIMANTS

Commission Decides Spain Is Not Responsible to Individuals for Injuries Sustained by Explosion.

Washington, March 7.—The Spanish treaty claims commission yesterday handed down a decision against the claimants for deaths and injuries received by officers and seamen in the wreck of the battleship Maine, in Havana harbor.

The commission holds that "individual claims of citizens of one nation may arise against the government of another nation for redress of injuries to persons or property which such citizens may have sustained from such government or any of its agents. But such individual claims do not arise in favor of the officers and seamen of a ship of war who receive in the line of duty, injuries to their persons for which a foreign government is responsible. The claim against the foreign government is wholly national and all injuries to such officers and seamen are merged in the national injury; and they can look only to their own government for such remuneration as it may choose to give them."

"A seaman injured by the explosion which destroyed the battleship Maine in the harbor of Havana, Cuba, on February 15, 1898, had no individual claim against Spain, even if that government was responsible to the United States for the explosion, and therefore such a seaman is not entitled to an award in his favor from the Spanish treaty claims commission organized by the claims of Congress of March 2, 1901, to adjudicate all individual claims of citizens of the United States against Spain, which the United States released to Spain and agreed to pay by the treaty of peace of December 10, 1898."

The claims so far filed with the commission which will be effected by this decision amount to about \$2,500,000, which probably would be increased to \$5,000,000 had the decision been favorable to the claims.

Notice to Contractors

Sealed proposals will be received by the undersigned until

Saturday, March 8, 1902,

for furnishing all material and doing the work, including excavating, of constructing a brick sewer through the lot of Catherine E. Carraher, East Liverpool, O. Said sewer to connect with and be a continuation of the sewer which now extends through the property of the Crockery City Brewing and Ice Company and in Ravine Alley, and is to be built of brick with stone footers and in material, workmanship, size and in all other respects to be built the same as the said sewer of which it is to be a continuation. Said sewer to be approved by the City Engineer of East Liverpool, O. The right is reserved to reject any and all bids.

The line on which it is to be built and all details can be ascertained from the undersigned. The successful bidder to enter into a contract with the undersigned before the bid is binding. Dated February 21, 1902.

Then the stomach loses its nerve controlling power, and indigestion follows with failing strength. When first Dr. A. W. Chase's Nerve Pills came to East Liverpool, people could hardly believe that this great medicine should remove these troubles. Now it is an accepted fact because of its cure of very stubborn cases no other medicine would influence. Mrs. Margaret Tracy, of No. 178 Seventh street, East Liverpool, O. says: "One of my family was very nervous—subject to nervous spells—weak and irritable—could not sleep and the digestion was very poor. I asked the invalid to take Dr. A. W. Chase's Nerve Pills I got at Larkins' drug store, corner Sixth and East Market streets. The result was splendid. The medicine built her up, enriched the blood, made the nerves strong, gave restful sleep and so strengthened the stomach that digestion is perfect. The old time languid, played out feeling has given place to one of strength and energy, and as a result we are more than pleased with the medicine."

Dr. A. W. Chase's Nerve Pills are sold at 50 cents a box at dealers, or Dr. A. W. Chase Medicine company, Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D. are on every package.

Moffat's
Life Pills

province back of Kian Chaou, the German naval port on the Chinese coast, the state department, in answer to its inquiries on the subject has been assured that there is no intention to exclude the citizens of other nations from any advantages to be enjoyed in that quarter of China by Germany.

AMBASSADOR FROM AUSTRIA.

That Country to Raise Grade—This Country to Follow Suit.

Washington, March 7.—The Austrian Minister, Mr. Ladislaus Hengelmüller von Hengervar, confirms the report that the Austrian-Hungarian Ministry here is to be elevated into an Embassy. He called at the State Department to-day to acquaint Secretary Hay with the purpose of his government and the Secretary extended his warmest congratulations. It is believed that the matter already has been laid before the proper committee of the Reichstag, which must sanction the change. The next step in order is to elevate the United States Ministry at Vienna to an Embassy and under the law the President has authority to do this as soon as he is formally notified of the fact that Austria-Hungary has taken the initiative.

A WOMAN MURDERED.

Some Person Apparently Substituted Poison for Medicine.

Grand Rapids, Mich., March 7.—Sheriff Chapman returned from Lowell where he has been investigating the death of Mrs. William Klump, aged 20. He found evidence that she was murdered. The woman was sent a supposed sample headache powder by mail.

She used it and died twelve hours later. An autopsy showed that strychnine poisoning was the cause of death. The sheriff found that the powder was sent in an envelope postmarked at Lowell. It is believed that the headache powder was removed and the poison was substituted for it.

Murderer Executed.

Marion, Ala., March 7.—Luke Sanders was hanged here for the murder of Read Overseer Mullins last April.

A household necessity—Dr. Thomas' Electric Oil. Heals burns, cuts, wounds of any sort; cures sore throat, group, catarrh, asthma; never fails.

Boils, carbuncles and all eruptive diseases, yield rapidly to the healing influence of Page's Climax Salve. Always keep a box in the house.

AGAINST THE MAINE CLAIMANTS

Commission Decides Spain Is Not Responsible to Individuals for Injuries Sustained by Explosion.

Washington, March 7.—The Spanish treaty claims commission yesterday handed down a decision against the claimants for deaths and injuries received by officers and seamen in the wreck of the battleship Maine, in Havana harbor.

The commission holds that "individual claims of citizens of one nation may arise against the government of another nation for redress of injuries to persons or property which such citizens may have sustained from such government or any of its agents. But such individual claims do not arise in favor of the officers and seamen of a ship of war who receive in the line of duty, injuries to their persons for which a foreign government is responsible. The claim against the foreign government is wholly national and all injuries to such officers and seamen are merged in the national injury; and they can look only to their own government for such remuneration as it may choose to give them."

"A seaman injured by the explosion which destroyed the battleship Maine in the harbor of Havana, Cuba, on February 15, 1898, had no individual claim against Spain, even if that government was responsible to the United States for the explosion, and therefore such a seaman is not entitled to an award in his favor from the Spanish treaty claims commission organized by the claims of Congress of March 2, 1901, to adjudicate all individual claims of citizens of the United States against Spain, which the United States released to Spain and agreed to pay by the treaty of peace of December 10, 1898."

The claims so far filed with the commission which will be effected by this decision amount to about \$2,500,000, which probably would be increased to \$5,000,000 had the decision been favorable to the claims.

Notice to Contractors

Sealed proposals will be received by the undersigned until Saturday, March 8, 1902, for furnishing all material and doing the work, including excavating, of constructing a brick sewer through the lot of Catherine E. Carraher, East Liverpool, O. Said sewer to connect with and be a continuation of the sewer which now extends through the property of the Crockery City Brewing and Ice Company and in Ravine Alley, and is to be built of brick with stone footers and in material, workmanship, size and in all other respects to be built the same as the said sewer of which it is to be a continuation. Said sewer to be approved by the City Engineer of East Liverpool, O. The right is reserved to reject any and all bids.

The line on which it is to be built and all details can be ascertained from the undersigned. The successful bidder to enter into a contract with the undersigned. Dated February 21, 1902.

PRINCE HARVARD MAN

A Degree Conferred Upon Him, While Visiting the University.

EMPEROR CONGRATULATED HIM.

Banquet One Feature of Entertainment at Boston—Long and Olney

Two of Speakers—West Point One

Place to be Visited To-day.

Boston, March 7.—Prince Henry of Prussia was the guest of Boston yesterday and his welcome to the city was a cordial one. Gov. Winthrop, Murray Crane and Mayor Collins, acting for the state and the city extended the official courtesies to him and when the prince had ceremoniously returned their calls, he went to Cambridge to deliver the gifts of his brother, the Kaiser, to the Germanic museum, and to receive from Harvard the honorary degree of Doctor of Laws.

Prince Henry's first act at the Harvard Union shortly after he received the degree was to propose and lead three cheers for President Roosevelt who is a Harvard alumnus. The prince received a cablegram from the Emperor congratulating him on his newest honor.

Last night the prince was given a dinner by the city of Boston and sat at a table with more than two hundred of the representative citizens of the commonwealth.

Bright sunlight favored the day and the streets and avenues were thronged with people.

The special train which carried the prince was not delayed by flood or storm and made the time planned for it by the railroad men. It halted for a few moments at Springfield but not at Worcester.

A Banquet To the Prince.

The heartiest part of Boston's formal welcome to Prince Henry was concentrated in the banquet at the Somerset last evening. To the sentiments expressed there His Royal Highness made a formal response.

Among the speakers were Mayor Collins, Secretary Long, Gov. Crane and Ex-Secretary Olney.

After the banquet, the prince and his suite retired to their apartments reappearing a few minutes later for departure for the residence of J. Montgomery Sears where a reception was tendered the prince by the Thursday Evening Club. At this reception which was entirely informal his royal highness had the opportunity of meeting the representative literary people of Boston.

PLEDGES TO AMERICA.

Germany and Russia will Preserve Commercial Rights of Other Nations in War Spheres in China.

Washington, March 7.—The United States has received fresh pledges from Russia and also from Germany as to the conservation of the commercial rights of other nations in China, within the zones of influence of the above named powers. The Russian promise has been repeated at short intervals and is regarded as quite binding as any written statement can be made.

In the case of Germany, which power has been projecting some railroad and kindred enterprises in Shan Tung

TWIN TROUBLES

They Are Often Together These Days. They Work Havoc All over the Country and in East Liverpool.

Weak, nervous, the digestion out of order. That is what ails a host of people. It comes about in this way. First from overwork or other causes, the nerves are burdened beyond endurance, nerve waste is not replaced, nerve force is weakened. Then the stomach loses its nerve controlling power, and indigestion follows with failing strength. When first Dr. A. W. Chase's Nerve Pills came to East Liverpool, people could hardly believe that this great medicine should remove these troubles. Now it is an accepted fact because of its cure of very stubborn cases no other medicine would influence. Mrs. Margaret Tracy, of No. 178 Seventh street, East Liverpool, O., says: "One of my family was very nervous—subject to nervous spells—weak and irritable—could not sleep and the digestion was very poor. I asked the invalid to take Dr. A. W. Chase's Nerve Pills I got at Larkins' drug store, corner Sixth and East Market streets. The result was splendid. The medicine built her up, enriched the blood, made the nerves strong, gave restful sleep and so strengthened the stomach that digestion is perfect. The old time languid, played out feeling has given place to one of strength and energy, and as a result we are more than pleased with the medicine."

Dr. A. W. Chase's Nerve Pills are sold at 50 cents a box at dealers, or Dr. A. W. Chase Medicine company, Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D. are on every package.

AGAINST THE MAINE CLAIMANTS

Commission Decides Spain Is Not Responsible to Individuals for Injuries Sustained by Explosion.

Washington, March 7.—The Spanish treaty claims commission yesterday handed down a decision against the claimants for deaths and injuries received by officers and seamen in the wreck of the battleship Maine, in Havana harbor.

The commission holds that "individual claims of citizens of one nation may arise against the government of another nation for redress of injuries to persons or property which such citizens may have sustained from such government or any of its agents. But such individual claims do not arise in favor of the officers and seamen of a ship of war who receive in the line of duty, injuries to their persons for which a foreign government is responsible. The claim against the foreign government is wholly national and all injuries to such officers and seamen are merged in the national injury; and they can look only to their own government for such reparation as it may choose to give them."

"A seaman injured by the explosion which destroyed the battleship Maine in the harbor of Havana, Cuba, on February 15, 1898, had no individual claim against Spain, even if that government was responsible to the United States for the explosion, and therefore such a seaman is not entitled to an award in his favor from the Spanish treaty claims commission organized by the claims of Congress of March 2, 1901, to adjudicate all individual claims of citizens of the United States against Spain, which the United States released to Spain and agreed to pay by the treaty of peace of December 10, 1898."

The claims so far filed with the commission which will be effected by this decision amount to about \$2,500,000, which probably would be increased to \$5,000,000 had the decision been favorable to the claims.

EAST LIVERPOOL REAL ESTATE

A SPECIALTY.

Homes from \$600 to \$25,000 in all
parts of the city.

ALLEGES DESERTION

Mahoning County Wife Files Charges
Against a Wealthy
Farmer.

Youngstown, March 7.—Although he is the owner of a farm of 107 acres in West township, Carroll county, O., and houses and lots in Columbiana county Margaret J. Stackhouse alleges that John Stackhouse, her husband, refuses to support her. This allegation is contained in a petition for a limony filed in common pleas court.

The couple were married in Alliance on October 14, 1897. The plaintiff alleges that on March 30, 1899, the defendant, without cause, deserted her and has since absented himself. He refuses to live with or contribute to the support of plaintiff, who petitions court for an order compelling him to support her. The plaintiff is represented by Attorney D. Fording.

DEMOCRATIC HOPES

Of Help From Other Parties in the
City—Talk of Citizens'
Ticket.

A meeting of the city Democratic central committee has been called for next Monday night at city hall. The committee expects a number of representatives of other parties will meet with it. It is the intention of those at the head of the movement to place a citizens' ticket in the field to oppose the nominees of the Republican party selected last Saturday.

Democrats hope to secure the aid of a number of the unsuccessful candidates for honors at the late primary, and if they succeed in this and can bring their following with them, they believe a showing can be made against the regular nominees. Their hopes will probably be in vain, as usual.

Fall Down Stairs.

Roy Green fell down stairs at his home near the Diamond yesterday afternoon and came near breaking his right arm. The member was badly sprained and it was necessary to put it in splints.

IT CERTAINLY PAYS

SMALL INVESTMENTS IN MINING
BROUGHT BIG PROFITS.

Examples of Small Fortunes Made
From \$25 to \$100 Judiciously
Placed.

The statement is frequently made "What is the use of investing a small sum in a mining company, it will never amount to anything." Taken at the time the company is selling its first issue of treasury stock, there is no trouble to look over the field of active mining operations and enumerate hundreds of companies, where a small sum invested would mean an income of no small amount.

\$25.00 invested in Isabella in '93 is now worth \$1,240.00, and in addition you would have received \$350.00 in dividends.

\$25.00 invested in the Jackpot in '94 is now worth \$1,500.00, and in addition you would have received \$750.00 in dividends.

\$50.00 invested in the Elkton stock in '95 is now worth \$1,800.00, and in addition you would have received \$950.00 in dividends.

\$50.00 invested in the Wolverine Copper stock in '93 is now worth \$2,000.00.

\$100.00 invested in Gold Coin stock in '94 is now worth \$2,000.00, and in addition you would have received \$1,000.00 in dividends.

\$100.00 invested in "Green Consolidated" less than two years ago is now worth \$8,700.00, and in addition you would have received large dividends.

\$100.00 invested in the Butte & Boston stock in '96 is now worth \$7,900.00.

\$100.00 invested in the Homestake of South Dakota when the stock was selling at \$1.00 a share is now worth \$20,000.00.

\$100.00 invested in the United States stock only twelve years ago at \$1.00 a share is now worth \$30,000.00, and the company is paying dividends at the rate of \$1.200 per year.

In fact the New York Engineering Journal gives a list of 237 dividend paying mines that an investment of a small amount, when the stock was first issued, would mean at the present time not only a large advance in price, but a very respectable income. There are few avenues of trade that offer safer investments, and certainly none more profitable.

For further information apply or write to S. J. Cripps, secretary of the Green Mountain Mining and Milling company, East Liverpool, Ohio.

CONTRACT NOT CLOSED

East Liverpool Sagger Company Has
Not Yet Sold Out to the Penn-
sylvania Company.

It now develops that the announce-
ment made a few days ago, containing
the information that the East Liver-
pool Sagger company had disposed of
its property in Pink alley to the Penn-
sylvania company, was premature.

As a matter of fact no deal has been
closed. A member of the firm own-
ing the sagger company site was inter-
viewed this morning and said:

"The Pennsylvania company would
doubtless buy the property, as it has
use for it, but to the present no op-
tion has been taken, nor contract en-
tered into. To make a deal there
must be a consideration and not a
cent has been paid nor has there been
the scratch of a pen toward a con-
tract. There will be no options. If
the Pennsylvania company buys it it
will do so outright."

There seems to be little doubt that
the deal will go through, as the rail-
road people need the ground.

The Rinehart building on Second
street is now a part of the Pennsylv-
ania company's possessions, and the
work of tearing down the old portion
of the building may be commenced
in a few days, although full possession
will not be given until March 27.

\$100.00 invested in "Green Consolidated" less than two years ago is now worth \$8,700.00, and in addition you would have received large dividends.

\$100.00 invested in the Butte & Boston stock in '96 is now worth \$7,900.00.

\$100.00 invested in the Homestake of South Dakota when the stock was selling at \$1.00 a share is now worth \$20,000.00.

\$100.00 invested in the United States stock only twelve years ago at \$1.00 a share is now worth \$30,000.00, and the company is paying dividends at the rate of \$1.200 per year.

In fact the New York Engineering Journal gives a list of 237 dividend paying mines that an investment of a small amount, when the stock was first issued, would mean at the present time not only a large advance in price, but a very respectable income. There are few avenues of trade that offer safer investments, and certainly none more profitable.

For further information apply or write to S. J. Cripps, secretary of the Green Mountain Mining and Milling company, East Liverpool, Ohio.

CONTRACT NOT CLOSED

East Liverpool Sagger Company Has Not Yet Sold Out to the Pennsylvania Company.

It now develops that the announcement made a few days ago, containing the information that the East Liverpool Sagger company had disposed of its property in Pink alley to the Pennsylvania company, was premature.

As a matter of fact no deal has been closed. A member of the firm owning the sagger company site was interviewed this morning and said:

"The Pennsylvania company would doubtless buy the property, as it has use for it, but to the present no option has been taken, nor contract entered into. To make a deal there must be a consideration and not a cent has been paid nor has there been the scratch of a pen toward a contract. There will be no options. If the Pennsylvania company buys it it will do so outright."

There seems to be little doubt that the deal will go through, as the railroad people need the ground.

The Rinehart building on Second street is now a part of the Pennsylvania company's possessions, and the work of tearing down the old portion of the building may be commenced in a few days, although full possession will not be given until March 27.

LOST FOR SEVERAL DAYS BUT NOW BEFORE SOLONS

**East Liverpool Registration Bill
Is Expected to Have
Smooth Sailing.**

CASE OF BARBARA BOLTON

**Attracts Attention and Some Sen-
ators Oppose Sending Her
to Massillon.**

STATIONARY ENGINEERS' BILL

**Amended in the Senate And Passed.
Archer Bill Making the State Res-
ervoir Lands Parks Is Postponed.
Important School Measure.**

From a Staff Correspondent

Columbus, March 7.—The East Liverpool registration bill was buried under an avalanche of measures and was lost for a while. Mr. Crist, who introduced the bill, could not understand why it had not been returned to the house by the revision committee in whose hands it had been placed, and so yesterday he proceeded to ascertain the why and whereof of the delay. He found that the bill had been lost sight of by the committee, but a search was instituted for it which resulted in its discovery in an obscure committee room. The revision committee made a few slight changes in the bill which do not affect its spirit, and if there is not a further miscarriage of plans it will be placed on the calendar and passed next week. Mr. Crist left for his home Thursday evening.

Representative Crist's joint resolution providing for the removal of Barbara Bolton, an insane patient of East Liverpool, from the Columbiana county infirmary to the Massillon hospital for the insane, passed the house and on Thursday was messaged over to the senate, where it was at once referred to the committee on benevolent institutions, which, it is expected, will report back to the senate by not later than Tuesday. The resolution had smooth sailing in the house, but may encounter some opposition in the senate.

The Bolton woman is an alien and it developed several weeks ago during the discussion of a measure by Senator Wilhelm, of Stark, to admit a non-resident to one of the state hospitals that considerable sentiment exists in the upper body against admitting persons not having a legal residence in Ohio to these institutions. This feeling may be ascribed to the crowded condition of these hospitals. Senator Connell will, in spite of this objection, strive earnestly to secure the passage of the resolution.

The house adjourned Thursday afternoon until Monday afternoon. The finance committee of the senate started on a junketing tour this morning and will visit the state institutions at Massillon, Cleveland, Sandusky and Toledo. Only a few senators were in their seats today and no business worth speaking about was transacted.

The Fisher bill making January 29, the anniversary of the late President McKinley, a state holiday, was passed by the house on Thursday. The Pollock bill requiring the use of the union label on all state printing, which was defeated early this week, was reconsidered and passed by the house on Thursday. The slight changes made to the stationary engineers' bill by the senate on Wednesday were concurred in by the house on Thursday and the bill is now a law. Senator Longworth, of Cincinnati, introduced a bill drawn by the state library association, which provides for county libraries. The commissioners may upon petition of 50 per cent of the selectors establish a library, where there is none at a county seat, which shall be supported by a tax levy of five-tenths of a mill.

After a spirited debate in which personalities were exchanged, the senate on Thursday postponed action on the Archer bill which dedicates the Lewistown and Licking reservoirs and the lakes and reservoirs in Summit county as public parks. The bill places the management of these parks under the control of the state board of public works, chief state engineer and canal commission, and objection was made on the ground that its ob-

ject was to perpetuate these departments.

Representative Gear, of Wyandot, has introduced a bill, its object being to compel each county to pay for its own schools. It is claimed that one-half of the counties of the state are paying for the education of the youth of other counties. The author claims that Columbiana county receives from the state treasury for school purposes \$5,501.26 in excess of what it puts in. Forty-one counties receive nearly \$200,000 more than they give.

The Republican house caucus held a meeting on the redistricting bill which it is proposed to amend to make changes in the Columbus, Dayton and Toledo districts. Mr. Crist took part in the discussion and served notice that no change was desired in the Eighteenth district. No action was taken, but another meeting will be held next week.

WHOLESALE HOUSE

**MAY BE ESTABLISHED BY A GRO-
CERY CONCERN HERE.**

**Deal Now in Progress to Secure the
Rinehart Property for
a Site.**

If the plans of a certain company recently formed in a nearby town do not fail, there will be a very large wholesale grocery concern established in East Liverpool within a few weeks. Prominent men in this line of business have had their eye upon this district for a long time, and they have determined to open a house here. One of the greatest handicaps has been the absence of a suitable location. It is well known to every one interested in building and business sites, there is not a structure in the city that would be suitable for the purpose mentioned.

When the deal was closed by the Pennsylvania company for the Rinehart property on Second street the grocery firm was not long in opening negotiations with the new owners. The members of the proposed corporation were encouraged to believe that the building could be secured. If the deal goes through the building will be remodeled and fitted up in such a manner as to provide all conveniences necessary for a large and up-to-date wholesale grocery business. The concern will be the largest in this section.

AT SHERIFFS' SALE

**E. H. Riggs Purchased Clark Property
in Wellsville for
\$3,650.**

Lisbon, March 7. (Special)—E. H. Riggs, of Wellsville, has purchased at sheriff's sale the property formerly belonging to Anna D. Clark, situated on Water and 18th Streets, Wellsville. It is sold as a result of the suit of Horace D. Nicholson, administrator, against Anna D. Clark. Riggs paid \$3,650 for the property.

FEARS HER HUSBAND

**Mrs. A. M. Weaver, of Wellsville, Has
Weaver Under Bond to
Keep Peace.**

Lisbon, March 7. (Special)—Albert M. Weaver, of Wellsville, has been bound over under \$200 bond to keep the peace. On the transcript from Squire MacKenzie's court appears the affidavit of his wife Mary who says she fears he will assault and beat and unlawfully destroy her personal property.

TO IMPROVE BEAVER RIVER

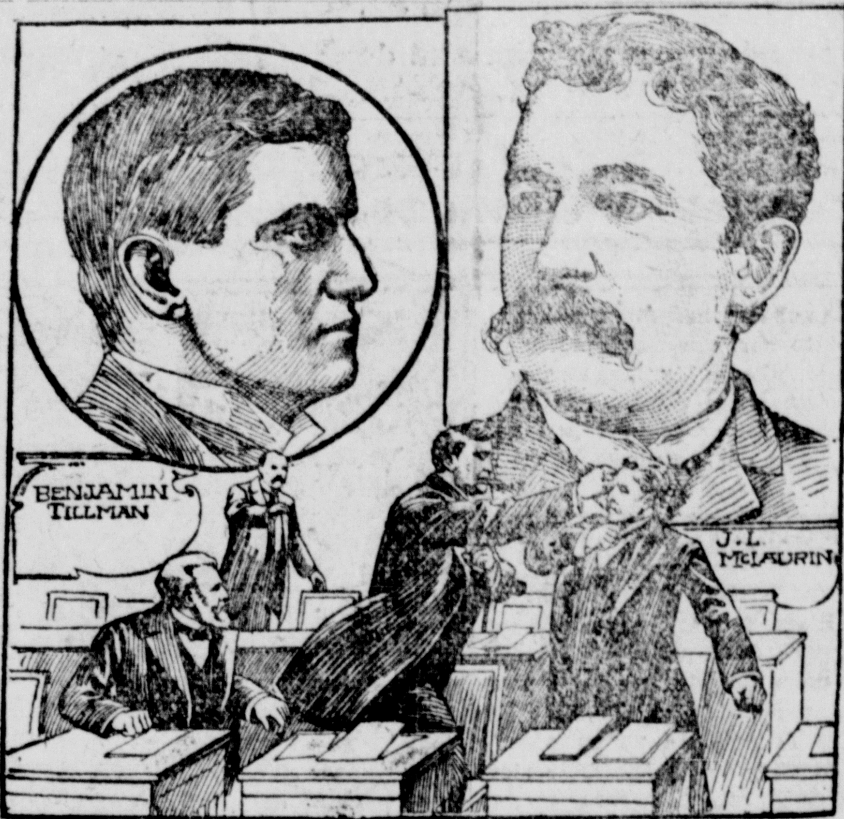

**Survey Provided for in Rivers and
Harbors Bill.**

Washington, March 7.—Representative Acheson has had a paragraph put in to the rivers and harbors bill, authorizing a survey of the Beaver river from its junction with the Ohio to Beaver Falls, the object being the establishment of slack water navigation between those two points.

Wants Title Quieted.

Lisbon, March 7. (Special)—Isabella Coleman has asked that the court quiet the title of the New Lisbon Coal Co. to the mineral rights in 381 acres bought by her subject to its leases. She claims that the company has never done anything in the way of opening miner in land, which lies about 2½ miles north of Lisbon along the Erie railroad.

Fine job work—News Review office.

THE TILLMAN-McLAURIN FIGHT IN THE SENATE.

Senators Tillman and McLaurin, of South Carolina, recently gave the senate's dignity quite a jolt when they engaged in a fist fight on the senate floor. Tillman said McLaurin had been improperly influenced to vote on a certain measure. McLaurin said the statement was a lie, and blows followed.

BIG NEW PLANT TO BE ERECTED

**New Clay Company Formed to
Build Tile Works Near
Wellsville Mill.**

CAPITAL STOCK \$50,000

**Brick, Roofing, Building Blocks And
Other Material to Be Manufactured.
Prominent Wellsville Men Incorpo-
rators of the Concern.**

The Champion Clay company, with a capital stock of \$50,000, has been incorporated and will begin the erection of an immense tile works, at the mouth of Rouse's run, near the Wellsville sheet mill, at once.

The new company will manufacture brick, roofing, tile building blocks and other clay products.

Thomas H. Silver, Julius Goetz, Henry Cooper, Samuel Anderson and G. W. Adams, all of Wellsville, are the incorporators.

TWENTY CENTS AN HOUR

**The New Rate of Wages in Effect for
Wheeling Traction Company
Employees.**

Information was received in this city today by street railway employees to the effect that the Wheeling Traction company had advanced the wages of all employees, both on the Ohio and West Virginia sides of the Ohio river, from 19 to 20 cents an hour.

The men asked for an advance several months ago, and the company posted a notice stating it would pay 20 cents an hour for three-year men, 17 cents an hour for those working six months and 18 cents for the second six months.

This was not agreeable to the employees, as they thought it would not be long until the road would be equipped with cheap men. Another letter was addressed to the company, after which it was agreed to pay all men 20 cents an hour straight. This is the same rate paid on the East Liverpool railway, the exception being all first year men are being paid 18 cents an hour, and after that 20 cents an hour is paid.

RAILROAD EXTENSION

**Work to Begin Tomorrow on New
West End Street Railway
Line in Wellsville.**

The work of extending the East Liverpool railway west of Wellsville will be started tomorrow morning.

The company has secured the services of Roy Rinehart to superintend the work, and a gang of workmen has already been engaged.

The extension is one mile in length, and materials for the track have been on the ground for some time. It will depend entirely upon the weather as to the length of time it will take to finish the contract.

Ordered to Take Testimony.

Lisbon, March 7. (Special)—W. F. Lones, of Wellsville, has been ordered to take the testimony of A. P. Dennis, Wellsville, subscribing witness to the will of the late Frances A. Riddle, of Wellsville, and report to court.

AN ELECTRICIAN CRIPPLE FOR LIFE

**Thomas Jones Meets With Terrible
Accident at Chester
Tin Mill.**

**While at Work Under a Huge Electric
Crane He Took Hold of the Rail,
And the Wheels Passed Over His
Hand.**

Thomas Jones, an electrician, lies at his home in the East End crippled for life, as the result of a terrible accident at the Chester tin mill about 10 o'clock this morning.

At the time of the accident Jones was engaged in placing wires under the huge electric crane in the tin house. In some unaccountable manner he placed his left hand on one of the rails and the wheels of the crane passed over it, literally mashing it to shreds.

The injured man was immediately removed to the mill office and Dr. Lewis summoned. He dressed the wounds temporarily and called Dr. Clark, from East Liverpool, to assist in the amputation which he knew must follow.

The young man was then removed to Dr. Lewis' office, where the four fingers were amputated and he was later removed to his home. The accident is one of the worst that has happened at the mill since the present management took charge.

CHILD'S ARM BROKEN

**Little One Got a Serious Fall From
the Upsetting of a
Chair.**

Letha, the 17-months-old daughter of Mr. and Mrs. Roy Rinehart, met with a peculiar and very painful accident yesterday.

Mrs. Rinehart had placed the child upon a chair while she went to the kitchen to bring some needed article. When she returned the chair was lying upon its side and it is thought overbalanced, throwing the little one to the floor, breaking her arm and dislocating the shoulder. The fracture was reduced and the child made comfortable, but the hurt is a very painful one.

DAMAGES \$300

**Coal Float, Struck By Ice, Will Have
to Be Repaired at Much
Cost.**

The large coal float at the foot of Market street was so badly damaged by the recent flood in the Ohio river that it will have to be docked before the necessary repairs can be made.

This float belongs to the coal combine of Pittsburgh, and it will cost at least \$300 to repair the damage, which was caused by it being caught in the ice gorge.

A RISE IS EXPECTED

**Towboats And Packets on the Ohio.
The Water Still Fall-
ing Here.**

The warm weather yesterday and today made quick work of the snow and a rise of several feet of water in the Ohio is expected. The following boats

ESCAPING GAS IN A KILN CAUSED A BAD EXPLOSION

passed down: Jim Wood, Harry Brown, Josh Cook, James Moren, Horner No. 2, Fallie, B. D. Wood, Tom Rees, Valiant, The Josh Cook and Harry Brown were up late last night with empties, and the Nellie Walton, which is helping up the river with an empty tow, is also due.

The Greenwood passed up this morning and will be down tomorrow morning about 9 o'clock. The Lorena is due up today and also the Virginia. The last named packets will go south tomorrow evening. The Ben Hur and Keystone State will be up as usual Sunday.

The river at this port at noon registered 17.6 feet and falling.

PETITION CIRCULATED

**TO SAVE COUNTY TREASURER
SMITH FROM LOSS.**

**Public Money in Lisbon Bank Which
He Must Lose Unless
Relieved.**

A petition is being circulated throughout the county in behalf of County Treasurer Smith who is about to ask the state legislature to relieve him of the responsibility of paying out of his own pocket the money that was lost in checks and drafts at the time of the collapse of the First National bank of Lisbon.

The petition asks taxpayers to do what they can to relieve Mr. Smith of the payment of the money which he thought he had placed in safe keeping in a responsible bank.

The law requires taxes to be paid at the treasurer's office in currency and that no checks or drafts be accepted, but it has been the custom of the county treasurer for years to take drafts and checks from the taxpayers and then deposit them in the bank and get the currency in return merely for the accommodation of the taxpayers.

When the Lisbon First National bank failed, Smith had deposited checks and drafts in the bank to the amount of \$800 or \$900, and as the bank will pay out in the neighborhood of 75 per cent of the loss, the legislature will be asked to grant to Treasurer Smith 25 per cent and thus relieve him of the responsibility of paying the loss.

SNOWBALL THROWERS

**Will Be Arrested on Sight And Locked
Up—Mayor Issues
Order.**

Mayor Davidson issued instructions to the police this afternoon to arrest every boy caught throwing snowballs, and the officers do not propose to make any exceptions.

Always willing to be lenient with the youngsters, Mayor Davidson has allowed them all reasonable privileges but not satisfied with this the bolder ones have openly defied him and persisted in the practice of throwing snowballs in the streets to the extreme danger of pedestrians.

Scores of windows have been broken and so many complaints have been coming to the mayor that he proposes to set an example that will stop the practices of bad boys.

TARR LINGERS IN JAIL

**Lisbon People Think Liquor Alone Is
Responsible for His
Condition.**

Lisbon, March 7.—(Special)—Infirmary Director W. A. Tarr is still in jail. The affidavit filed in probate court will demand removal of the case to that court, where physicians will give their opinions as to his sanity. Although the affidavit was filed on Wednesday, the hearing cannot be held before next week, Judge Boone being out of town.

It is not the opinion of Lisbon people that Tarr's mind is unbalanced except by the excessive use of liquor for the last several days.

SEEKS A DIVORCE

**Eli Flickinger, of Columbiana, Ac-
cuses His Wife of
Unfaithfulness.**

Lisbon, March 7. (Special)—Suit for divorce has been filed by Eli L. Flickinger of Columbiana and Alice Flickinger. They were married September 1, 1900, and three children have been born.

The husband charges unfaithfulness names Bert Miller, of Lisbon, as co-respondent. He asks also the custody of the children.

**J. S. Campbell, a Kiln Burner,
Sustained Terrible
Injuries.**

HURLED ACROSS THE SHED

**And Tumbled Into a Heap In a
Corner In a Dazed
Condition.**

HIS FACE AND ARMS BURNED

**Hair Singed And It Is Feared His Eye-
sight May Be Seriously Affected.
Much Damage to the Kiln Results
From the Explosion.**

Suffering from terrible burns about the arms, face and head, J. S. Campbell, a kiln burner, lies at his home on Third street under the care of a physician. It is feared the man's eyes are also injured and the sight may be seriously affected.

Campbell is employed at the G. F. Brunt porcelain works. At about 5 o'clock last evening he went to the pottery for the purpose of starting fire in one of the kilns, but unknown to him a gas valve near the bottom had been leaking for some time, allowing the kiln to become filled.

With a lighted torch in hand Campbell went to the mouth of the kiln, but no sooner had he placed the torch at the opening than a terrific explosion resulted. He was thrown with tremendous force entirely across the kiln shed and rolled into a heap in a corner in a thoroughly dazed condition.

Aside from the bruises he sustained, Campbell was severely burned. His hair, eye lashes and mustache were badly singed and the skin of his face and arms painfully seared. He was immediately taken to his home, where Dr. J. H. Norris made an examination of his injuries. While the burns are serious, it is not thought by the physician that there is any immediate danger. The most deplorable feature of the accident is the belief that the man's eyesight will be impaired.

The kiln in which the explosion occurred was considerably damaged. The mouth was completely blown out and the interior dismantled.

Y. M. C. A. ANNIVERSARY

**Reunion And Social Next Thursday
Promises to Be a Big
Affair.**

There will be a membership reunion and social next Thursday, March 13, at the Y. M. C. A., which, it is expected, will break all records.

The occasion will be the anniversary of the advent of Mr. Wright as secretary and the reopening of the rooms. Invitations have been sent to state and local secretaries in Ohio and there will doubtless be a full gathering of the members of the association and of the auxiliary.

Committees of the members, of the board of directors and of the ladies' auxiliary will join in arranging for the occasion. When arrangements have been completed the program will be published.

YOUNG PEOPLE WED

**Miss Estella Moninger Becomes the
Wife of Mr. W. H.
Travis.**

Rev. Dr. J. C. Taggart performed the ceremony at the First U. P. parsonage last evening that united Miss Estella Moninger and Mr. A. H. Travis. The ceremony was performed in the presence of a few friends.

Both the bride and groom are among the city's popular young people and both have numerous friends who extend congratulations.

They will make their home at 111 Sixth street.

Deserves All.

The East Liverpool News Review is rejoicing over a circulation increased from 887 a year ago to 2,600 today. The Review deserves all of the 2,600 and we wish the management greater prosperity.—Buckeye State, Lisbon.

Cox Jury Disagreed.

Youngstown, March 7.—The jury trying William A. Cox for the murder of Enos Brain at Washingtonville disagreed. Cox will probably be released on bail.

EAST END

A STRICKEN FAMILY

SON DEAD AND FATHER AND MOTHER BOTH ILL.

The Latter Speechless From Apoplexy And Not Expected to Recover.

A son dead, the father ill with the grip and the mother suffering with a stroke of apoplexy, is the sad condition of a family residing on Erie street, Chafinville. For weeks Charles L. Birch, aged 25 years, has been suffering from consumption and although the parents did all possible to prolong his life, death won a victory and the young man died last evening about 10 o'clock. He was lame and had been a sufferer from an accident for several years. The funeral service will be held tomorrow, interment being at Riverview.

The father of Mr. Birch became suddenly ill a few days ago and attend-

ing physicians said the old gentleman had a severe attack of the grip. He has been unable to leave his home, and most of the housework fell upon Mr. Birch.

Mrs. Birch yesterday went to the Chafin grocery to get some groceries, but as she was just about to go up the steps leading to the grocery, she fell. John Burchitt saw the woman fall and hastening to her assistance asked if she was injured in falling, as there was considerable ice on the ground about the steps.

"Something terrible is the matter," said Mrs. Birch, and these were the

last words she spoke. She was hastily removed to her home and physicians summoned, who so far have been unable to restore her voice. Her condition this morning was such that her recovery was not expected.

GROWING POPULATION

Numerous Families From Down the River Due to Arrive in Chafinville.

Once more the chances for increasing the population of the East End are very bright, and all on account of the recent rise in the Ohio river. Alexander Chafin this morning announced that Sunday all the up-bound boats would bring new residents to the East End. When asked how many would come here, he intimated that quite a "bunch" would arrive.

The Greenwood this morning brought several families up from the southern counties, but had the boat been able to make additional landings the crowd would have been much larger. The people who are expected to arrive on the Virginia this afternoon were to come from Graysville, Louisa, Buchanan and Richardson, Ky. Sunday there will be lots of fun in Chafinville when these folks arrive.

Flood Caused Removal.

Mrs. Nelson, of Venango county, Pa., arrived in Glasgow yesterday afternoon to visit her sister, Mrs. Troop who has been ill for several weeks. Arriving there Mrs. Nelson discovered there had been a flood in the Ohio river and much property in Glasgow had been flooded and that Mrs. Troop had been removed to the home of Mrs. Archie Searight, of Pennsylvania avenue. Mrs. Nelson then came to the East End at once.

EAST END AFFAIRS.

Dr. Davis, of St. George street, is spending the day at Sebring.

George Anderson, secretary of the United Power company, is very ill at his home in Oakland, suffering with a threatened attack of pneumonia.

James Davis, formerly of Calcutta, is a new attorney in the East End. He is the first one of his profession to open an office in the Fifth ward.

Mrs. Frank S. White, of Pennsylvania avenue, while preparing dinner yesterday, severely burned her hand. The injury was dressed by Dr. W. F. Davis.

John Goddard, a jiggerman at the Niles pottery, arrived in the East End last evening to visit his father, who is ill at his home on Pennsylvania avenue.

The small child of Mr. and Mrs. M. J. Stevens, who has been suffering with diphtheria, is recovering and it is expected the quarantine will be raised early next week.

J. E. Smith and Conrad Goodballet expected to go to Barborton this morning, but owing to the illness of Mr. Smith the trip has been deferred for two weeks. Mr. Smith expects to work at this new pottery.

Carpenters this morning commenced work repairing the old postoffice building on First avenue, recently purchased by Larkins & Ferguson, grocers. The firm expects to be able to occupy this building within a month.

"A dose in time saves lives." Dr. Wood's Norway Pine Syrup; nature's remedy for coughs, colds, pulmonary diseases of every sort.

All who use Atomizers in treating nasal catarrh will get the best results from Ely's Liquid Cream Balm. Price, including spraying tube, 75 cts. Sold by druggists or mailed by Ely Bros., 56 Warren street, N. Y.

New Orleans, Sept. 1, 1900. Messrs. Ely Bros.:—I sold two bottles of your Liquid Cream Balm to a customer, William Lamberton, 1415 De lachaise street, New Orleans; he has used the two bottles, giving him wonderful and most satisfactory results. GEO. W. McDUFF, Pharmacist.

Opportunity for Small Investment to Acquire an Income

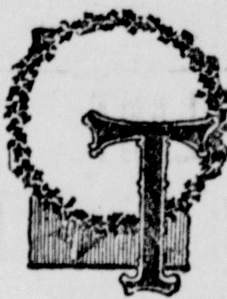

The Green Mountain

Mining and Milling Co.

CAPITAL \$2,000,000.

Par Value of Shares, \$1.00, full paid, non-assessable.

EAST LIVERPOOL, OHIO.

THE properties of the Green Mountain Mining and Milling Company consists of twelve claims lying in one body, on the east slope of Green Mountain in Cunniangham Gulch, San Juan County, Colorado, and is crossed for a distance of three thousand feet by three parallel veins which average from 15 to 21 feet in width and of good milling ore of \$60 to \$90 per ton concentrates.

The company has been operating, developing and driving tunnels since May 1st, 1901, in determining the value and extent of the property and now know what they have, having paid the expenses themselves during the period of uncertainty. For the purpose of completing development and equipment of our mines we now offer to the investor stock in a home mining company, almost ready to start its career as a dividend payer, with the element of uncertainty eliminated.

Assay reports samples of ore from the different workings. Official receipts of ore shipped may be seen at the office of S. J. Cripps, secretary of the company, where persons interested are earnestly invited to call or write for prospectus and map and any other information or verification that may be desired.

To secure stock, fill out this blank and mail with remittance to S. J. Cripps, East Liverpool, O.

.....1902

PROPOSED DOG FIGHT

To Take Place Opposite Mingo Would Shame Even a Barbarian.

Steubenville, March 7.—Half of Mingo will attend the dog fight across the river on Wednesday next, and many will go from Steubenville, Brilliant and Wellsburg, Brooke county farmers will also be on deck.

The dogs are being kept in a partially starved condition, and are being fed on raw meat and each given a quart of beef blood each day. It takes a half dozen men to hold them when loosened from the posts they are fastened to. The barks and roars of the giant brutes cause everybody in the neighborhood to shudder for fear they will get loose.

Starkey Is Missing.

Zanesville, March 7.—County Auditor or James J. Starkey mysteriously disappeared Tuesday evening, the night before the jury returned the verdict in the sensational Roberts-Starkey breach of promise case. His attorneys do not know where he is, and have filed a motion for a new trial. Miss Roberts, who was awarded damages in the sum of \$13,250, is ill at her home, of nervous prostration.

Children's good muslin gowns, 1 to 16 years, 39c

Children's drawers, from 10c up

THE BON TON

PRESIDENT IS FIRM.

His Attitude on Cuban Reciprocity Unchanged, According to a Statement Issued.

NO INJURY TO HOME INDUSTRIES

Payne Says None Would Result From His Plan—More Particularly Attacks Plan Proposed by Tawney. Futile Republican Conference.

Washington, March 7.—The following authorized statement was made at the White House last evening: Any statement that the President has changed his attitude on the Cuban reciprocity business is without the slightest foundation in fact. Chairman Payne of the ways and means committee yesterday gave out an authorized statement in connection with the discussion over Cuban reciprocity, saying in part: "I think the large majority of the Republicans have made up their minds that we must do something for Cuba. There are three propositions presented which have this professed end in view. The proposition of Mr. Morris, of Minnesota, provides for an increase in the tariff on sugar to the outside world and a rebate on sugar imported from Cuba. It does not seem to me that many Republicans are willing to increase the duty on sugar. Then there is the proposition of Mr. Tawney to vote between \$7,000,000 and \$8,000,000 directly into the Cuban treasury and to ask the Cuban government to distribute about \$1,000,000 according to his figures, to native Cuban planters. This first payment is to be paid without any compensation from Cuba in any way or manner—a pure gift to the Cuban government. It hardly needs the opinion of a lawyer to say that such a procedure would be unconstitutional. His proposition is further to pay a like sum yearly on the granting of reciprocal concessions and the passage of our immigration and exclusion laws.

Attacks Tawney's Plan.

"Of course no bounty of this kind could be distributed without scandal and a fraud. In the next place seven eighths of the Cuban laborers would still remain without work. It would be just as easy for the Sugar trust to obtain a concession on the sugar they bought on account of the bounty, as to obtain a concession

where the planter knew he was to have a twenty per cent. concession in duty. So that Mr. Tawney's proposition has no advantages over that for a twenty per cent. reduction and it has the disadvantages named. "The third proposition is that for a twenty per cent. reduction of duties. This would injure no home industry. Coupled with the provision to extend our exclusion laws to Cuba no one appearing before the committee on ways and means contended that it would so injure home industries. All agreed that the price of sugar to the American consumer would remain the same. Nor would it inure to the benefit of the Sugar trust. The witnesses before the committee united in the testifying—and the statistics prove—that the trust has received no benefit in buying sugar, either in Hawaii or Porto Rico since the duty was reduced or removed. The entire benefits have been reaped by the planters in the islands. We have every reason to believe the same would prove true as to Cuba."

FUTILE REPUBLICAN CAUCUS.

Dalzell Advocated Payne Cuban Plan Taylor, (O.) Declared for No Inroads on Protection.

Washington, March 7.—The third conference of Republican members of the house to consider the question of Cuban tariff concessions was held last night in the hall of the house. About 125 members were present. Prior to the meeting Speaker Henderson and Representative Cannon of Illinois, the latter chairman of the caucus, called at the White House and were understood to have held a further conference with the President on the situation.

Mr. Dalzell, of Pennsylvania, a member of the ways and means committee and an ardent supporter of the Payne reciprocity plan, was recognized at the outset for an extended speech, presenting legal objections to the Tawney proposition.

Spoke For the Payne Plan.

Representative Long, of Kansas

An Invalid

of the weakest type can take

Clinic Headache Wafers.

They are absolutely harmless, easy to take, speedy and sure—a true heart tonic. All druggists. 10 cents.

CLINIC PHARMACAL CO.
TORONTO, OHIO.

spoke in favor of the Payne proposition and had not completed his argument when at 11 o'clock he yielded to Speaker Henderson. The latter counseled the fullest discussion before action was taken in order that differences might be reconciled and an amicable adjustment reached. The speaker's suggestion met general acceptance and at 11:15 the conference adjourned until next Tuesday night. He spoke of President Roosevelt's position and read from the President's message favoring reciprocity. At one point Representative Mahon of Pennsylvania, interjected the query: "Suppose Cuba's products were iron and steel instead of sugar and tobacco should they receive 20 per cent. tariff concessions?"

One of the Philadelphia members added the statement that his district did not favor the reciprocity plan. Mr. Dalzell proceeded with his argument, maintaining that from the standpoint of expediency and practicability, the Payne plan offered the best solution of the problem.

Representative Taylor, of Ohio, representing the old McKinley district, followed in a speech maintaining that there should be no inroads in the doctrine of protection.

Representative Mahon followed up the query he had made of Representative Dalzell by presenting a postponement of the entire subject until the next session of Congress. In the course of a short speech he declared that the west had stood by Pennsylvania when there was not a smokestack in the west and he proposed to stand by the beet sugar smokestacks of the west.

"I owe my whole life to Burdock Blood Bitters. Scrofulous sores covered my body. I seemed beyond cure. B. B. B. has made me a perfectly well woman." Mrs. Chas. Hatton, Berville, Mich.

COUNTY AND NEIGHBORHOOD

P. M. Frampton, of Sharon, Pa., has purchased 20,000 acres of timber land in Virginia, and it will be developed. In Youngstown 565 building permits were issued for the year ending March 1, for improvements costing \$1,428,925.

Twenty-five families, driven out of home by flood, have been living in the Mingo Junction city building, and half of them are there yet.

Orville C. Dewey, born in Cadiz in 1833, a pioneer nail manufacturer, is dead at Wheeling. He was a relative of Admiral Dewey.

An eight-year-old son of John Davin, of Steubenville, was so badly burned by his clothes catching fire at a grate that he will die.

Grant Young, a roller at the New Philadelphia mills, went to the cupboard for a drink of whisky, got carbolic acid instead, and died.

While walking the P. & L. E. railroad track near Youngstown, Harley B. Walker, aged 35, of New Castle was struck by a train and killed.

William E. Stoops, a former resident of Columbiana, but now of Leesdale, Pa., has been promoted to the position of detective on the Ft. Wayne road between Salem and State line, with headquarters at Columbiana.

Ham Skaggs, of Brilliant, attempted suicide at his home by cutting his throat. He did not cut very deep and when the blood commenced to flow he lost his nerve and failed to finish the job. This was his second attempt, brought on by drink and family troubles.

BIDS TO BE ASKED

For the Building of a Line of Railroad Between Mingo And Jewett.

Steubenville, March 7.—Bids will be invited this week by Chief Engineer James W. Patterson, of the Pittsburg, Carnegie & Western railroad, for the construction of 23 miles of new road between the Ohio river at Mingo Junction and Jewett station, on the Wheeling & Lake Erie railroad.

The work will cost \$2,500,000 and will require the remainder of the year to complete. The section is the last link of the new road to be built to connect the Wheeling & Lake Erie directly with Pittsburg.

The Quickest Cough Eradicator.

(From the Shortsville, N. Y., Enterprise.)

This is the month that one takes cold so easily and quickly—secures that hacking cough, which is so persistently disagreeable as we know by personal experience. And we also know that the quickest eradicator of such cough has been Chamberlain's Cough Remedy, and which has been our staunch standby for several years. This is no paid "puff," but merely a just recognition for an invariable remedy for for coughs, colds, and all lung affections, and like the editor, it has scores of other staunch friends in this town. This remedy is for sale by Alvin H. Bulger.

Moffat's Life Pills cure biliousness, costiveness, and all diseases of the stomach, bowels and liver. Warranted to cure or money refunded.

Wintering in Colorado And Utah.

The climate of Colorado and Utah has long been world famous, but it is only within recent years that attention has been given to the delightful winter climate of these states. Today physicians all over the United States send their patients to Colorado and Utah to escape the rigors of eastern winters and to benefit by her invigorating atmosphere and health-giving sunshine.

It is not necessary to add an elaborate argument—the conclusion is self-evident and inevitable. The winter climate of Colorado and Utah on the whole presents advantages for the invalid and the pleasure-seeker that cannot fail to command attention.

An erroneous impression prevails that because the Rocky mountains have a high elevation the mercury in the thermometer drops down below zero in the winter season and stops there, and that the snow mounts up with the altitude. The fact is that the average precipitation of moisture in the lowlands of the mountain region during the entire year is only 14.15 inches. With such average precipitation there is practically no danger of snow blockades on the railroads, save at a few points exposed to drifts and these points have been amply protected. This is especially true of the lines of the Denver & Rio Grande and the Rio Grande Western between Denver and Ogden at all seasons of the year. Facts speak for themselves, and the fact is that travel over "The Scenic Line of the World" has gone on with less interruption from snow blockades during the last ten winters than it has upon the majority of railroads in other localities which are popularly supposed to be more free from such delays than the mountain systems. For free illustrated booklet write S. K. Hooper, R. P. & T. A., Denver, Col. 8-14-14

STAR BARGAIN STORE.

New Spring goods arriving every day which we put on sale at match less low prices.

New Dress Goods.

We show the greatest line of dress goods this season we ever did before which we offer at the lowest prices.

There are still those who doubt the
progress of the negro. The official re-
cords for the state of Georgia show
that at the close of the last year the
negro owned 1,141,000 acres of land
and paid taxes, all told, upon property
to the value of over \$15,000,000, adding
\$1,000,000 to the taxable value of his
property during the year. In Virginia
the reports are equally encouraging.
Other southern states show much
growth in the same direction. The
race will continue to prosper if it con-
tinues to heed the advice of such men
as Booker T. Washington. He said in
a recent address: "The negro should
be taught that his salvation is in
learning to own and cultivate intelli-
gently and skilfully the soil. Agricul-
ture will prove our salvation, and the
race should be slow to abandon the
farm. Just now a large proportion of
the race needs that education which
will make the youth return to the
farm and produce 50 bushels of corn,
where only 25 grew before, rather than
yield to the temptations to go to a
city and attempt to live by their wits."

The school superintendent of Read-
ing, Pa., has just served notice upon
the teachers under his charge that
they must read the newspapers and
keep the run of current events. Prob-
ably such a notice is not necessary in
Ohio, where everybody who can read
devotes a portion at least of his time
to the newspapers. Any school teach-
er or other person who omits to read
the newspapers must be ignorant of
the great events that are constantly
transpiring, and, however much he
may know of mathematics, Greek and
Latin, is neglecting an important and
essential part of education. He must
keep abreast of twentieth century af-
fairs or reckon himself a back num-
ber. The newspaper is indispensable
to him who would be up to date.

The plan of Secretary Long for the
establishment of naval stations in
Cuba is one that should be put into
effect. They will be a defense for
Cuba, as well as for the United States.
Uncle Sam has done much for Cuba
and will continue to keep a watchful
eye upon her interests. The Cubans
are aware of this and will doubtless
do their part in helping the United
States to get the naval stations it
needs.

The Spanish treaty claims commis-
sion finds that Spain was not respon-
sible to individuals for injuries sus-
tained by the wreck of the battleship
Maine. The responsibility was to the
nation, but that is a score that has
been wiped out.

Both slavery and polygamy exist in
the Philippines, but they will not long
exist under the American flag. In-

stead of gloating over the unfortunate
condition of the islanders, as some of
the little Americans are doing, pa-
triotism and friends of humanity will
aid the government in its task of edu-
cating and enlightening the natives
and of bringing them into obedience
to the national laws.

The Salem News evidently regards
the date for next year's Republican
county primaries as absolutely fixed
for June. The Republican county
chairman, as we understand it, puts
an entirely different interpretation on
the action of the committee, and holds
that there are now no rules in exist-
ence governing the matter. Hence it
is not "too late to discuss the subject,"
but the proper time to do so.

"South End of County Scoops All
County Plums. Next Goes the Court
House." This is the heading the East
Palestine Reville Echo puts over the
news of the primary election. Un-
questionably a large part of the coun-
ty would be glad to see the prediction
fulfilled.

A bill is before congress providing
for the purchase and preservation by
the government of the giant trees in
California. It should be acted upon
forthwith and these world's wonders
saved from the hands of vandals.

Cuba will begin to govern itself
without a public debt and in receipt
of customs revenues amounting to
\$16,000,000 a year. With this start
the island ought to get along without
appeals to public charity.

A live alligator has been caught in
the Ohio river at Wheeling. That is
nothing. Examine a bucket of East
Liverpool hydrant water and you can
easily discover lots of things more
terrible than alligators.

A Pittsburg paper states that the
floods have stopped and the mills re-
sumed. If the present heavy snow
goes off too quickly it won't take long
to reverse the situation.

Congressman Wheeler is badly cut
up by a venerable Kentuckian's gift
of peach brandy to Prince Henry.
This is the supreme compliment in
Kentucky.

AT THE THEATER

"The Span of Life" has been for sev-
eral seasons a reigning favorite with
the lovers of melodrama. It will no
doubt be the occasion of an out-pour-
ing of those amusement seekers who
prefer their entertainment spiced with
a dash of realism. Nothing more real-
istic than the bridge of human bodies
in the "Span of Life" can be conceiv-
ed, and the lighthouse on coffin rocks
is conceded to be a marvel of stage
mechanism.

The Davidson Stock company will
begin a week's engagement at the
Grand Monday night, March 10. The
opening bill will be the great melo-
drama, "Sheridan Keene, Detective." Popular
prices will prevail during the
entire week's engagement, and a spe-
cial matinee will be given on Saturday
afternoon for the ladies and children,
when the beautiful fairy play, "Little
Red Riding Hood" will be presented
for the first time in this city.

"At the Old Cross Roads," which
comes to the Grand March 17, under
the auspices of the ushers, has many
extraordinary qualities. It is charac-
terized by press and public as "the
sweetest story that was ever told," and
is the best effort of the great author,
Hal Reid. The scene of the story is
laid in Mississippi, and for pretty ef-
fects and handsome scenic arrange-
ment is not equaled by any play now
before the American public.

"A Wise Guy," in which Edmond
Hayes took the leading part, pleased
a large house at the Grand last even-
ing. The production was a farce com-
edy, and the situations were exceeding-
ly funny. "The Story of Gaston And
Alphonso" was a closing skit, but was
not up to the opening parts.

"At Cripple Creek," a strong, true
play of American life by Hal Reid, one
of the most noted of native dramatists,
will be presented at the Grand tonight.
The story is a wholesome, elevating
one, enlivened by bright comedy and
containing many novel effects and
striking situations.

POTTERY NEWS

Warehouse women's local, 7606, last
night held what might rightly be
called the largest meeting since the
organization was formed. Every avail-
able space in the hall was occupied
and during the evening 39 new mem-
bers were obligated and a number of
new applications presented. The three
membership committees appointed at
the last meeting reported progress and
their good work was evidenced by the
admission of such a large class last
evening. A committee composed of
biscuit and glost warehouse girls em-
ployed at Laughlin No. 2 was appoint-
ed to visit the warerooms of the Na-
tional pottery and persuade the girls
employed there to become members
of this local. The National will prob-
ably be canvassed next week. The
charter of this local was not closed
last evening as expected, remaining
open until the local becomes affiliated
with the Brotherhood.

Robert Hawkins, late of the Union,
but who will manage the clay depart-
ment at the Barberton, has secured
options on several shares of Union
Potteries stock, and with those which
he already controls, has placed them
in the hands of Col. Hendricks, former-
ly of this city, but who now has offices
at 524 Fourth avenue, Pittsburg. Mr.
Hawkins stated he purchased the stock
at par, and it is said Col. Hendricks
optioned this stock at 80. An official
of the Union said yesterday that this
was double what the stock was worth,
and at the present time it was not
worth more than 40 in the open mar-
ket. The outcome of this sale, if one
is made by Col. Hendricks, will be
watched with interest in this city.

Thomas Price, manager of the Chel-
sea at New Cumberland, was in the
city yesterday and spent the afternoon
at the office of the Union. Mr. Price
stated the recent flood did some dam-
age to the Chelsea, but since the wa-
ter has receded the lower floors have
been cleaned, and the plant is now be-
ing operated as usual.

The work of making saggars for the
new end of Laughlin No. 2, has com-
menced under the direction of Jeffer-
son Greene. He has one assistant, but
the force will be increased as soon as
needed. Mr. Greene was formerly em-
ployed as a kilnman at this plant.

Word was sent out yesterday that
work would be resumed at the Dia-
mond in full next Monday. Besides
this the announcement is made that an
additional printing crew will be put on
in order that the present orders may
be gotten out on time.

John Barnett, formerly a printer at
the Globe, has been transferred by the
East Liverpool company to the Wal-
lace & Chetwynd plant. He took his
entire crew with him. Orders for de-
corated ware are brisk at the latter fac-
tory.

E. S. Crawford, salesman for the
Smith & Phillips, returned to the city
Saturday from Cincinnati. He left last
night for an extended trip through
New York state in which territory he
will be located for several weeks.

It is stated that a five-foot vein of
fine clay has been discovered at Pen-
insula, near Akron, and that a com-
pany is to be formed to manufacture
tile flooring and decorative tile from
it.

Thomas Clarke, who has been em-
ployed as a packer at the Severs for a
year, has taken the management of
the packing department at the Smith
& Phillips China. He commenced work
this week.

Limmie McClurg, a taker-off in the
dipping house of Laughlin No. 2, is
ill at her home and unable to work.

Dippers' local No. 18 will elect
delegates to the Trenton convention at
its meeting tonight. The resolutions

The Results of a Cash System

No doubt a great many people will be interested to know the results
of the cash system we started on March the first, we wish to state that
it has been the most satisfactory business we have ever done. We
have done more business since the 1st of March than at any one time
since Christmas, in the same length of time. This proves to us that
the public appreciates the fact, that buying for cash is not only the
cheapest way to buy, but the best, we treat everybody the same.

We have already given out a number of fine sheet iron trays, they are
beautifully decorated, you get a check with each purchase at our store,
\$10 in checks secures one of these fine trays, for \$12 in checks we give
you 50c in trade. It means over 4 per cent. We can afford this on the
cash system.

The Sleepless Shoe Co.
The only strictly cash store in town.

Constipation

Headache, biliousness, heartburn, indi-
gestion, and all liver ills are cured by

Hood's Pills

Sold by all druggists. 25 cents.

which this local will present to the
convention will be discussed at the
meeting.

On account of the large volume of
business to be considered by No. 9
tonight, the meeting has been fixed for
7 o'clock. Delegates and alternates to
the national convention will be elect-
ed.

Packers' No. 25, and Warehousemen
No. 48 will meet in their respective
halls this evening. Delegates to the
Trenton convention will be elected by
both.

Harry Meanor, a glost kilnhand at
Laughlin No. 2, who has been unable
to work for several days on account of
illness, has resumed his bench.

Frank Ferran, a sagger maker at
Laughlin No. 2, has been confined to
his home by illness for several days.
He resides in the East End.

Frank Robinson, warehousman at
Wallace & Chetwynd, is able to re-
sume his work after an illness of sev-
eral weeks.

The last part of the order of ma-
chinery for the Laughlin addition was
delivered this week. It will be install-
ed soon.

Several kilns are being repaired at
the Vodrey. It will require several
days to complete the task.

A number of kiln ladders were re-
ceived at the Thompson yesterday
from Erie, Pa.

Frank Carland, an oddman at Laugh-
lin No. 2, is unable to work on account
of illness.

FRIENDS AND VISITORS

Mr. and Mrs. J. C. Thompson were
in Pittsburg today.

H. A. Keffer has returned to the city
from a southern trip.

Mrs. Mada Mealy has returned to
the city after visiting her brother in
Uhrichsville.

Forest Marrow, of Bridgeport, is
visiting at the home of his mother on
Second street.

Miss Kate Harker is absent from
her duties in school by reason of the
illness of her sister.

Mrs. Sarah McFall, of Connorsville,
Ind., is the guest of friends and re-
latives on Lincoln avenue.

Miss Naomi Shontz, a teacher in
the Central school building, is con-
fined to her home by illness.

Miss Bennett, a teacher of the pri-
mary grade at the Sheridan avenue
school, is out of school by reason of
illness.

Mrs. W. L. Thompson and son Le-
land left yesterday for Florida, where
they will meet Mr. Thompson, who
went to Florida last week.

E. G. Davidson, traveling passenger
agent of the Colorado Midland rail-
way, with headquarters at Chicago,
was in the city yesterday evening the
guest of Adam Hill.

Mr. and Mrs. J. R. Warner left this
morning for Canton, where they will
attend the golden wedding of the for-
mer's parents, Mr. and Mrs. M. S. War-
ner. The affair takes place next Tues-
day.

WE wish to announce to our patrons and the
Public, that we have added to our store
a complete Carpet Department; one that
will compare favorably with any in this
city, and we are now in a position to furnish you with
carpets from 15c to 25c cheaper on each yard than
can be bought elsewhere, beside that, we make, lay
and line them free of charge. We have on display
now, one of the most complete line of Ingrain carpets
that was ever shown in East Liverpool ranging in
price from 25c to 69c a yard. We will sell an extra
heavy granite Ingrain carpet at 25c worth 35c a yard;
quarter wool, ex-super, worth 69c at 49c and an all
wool ex-super worth 80c yd at 69c. In Brussel we
sell a good body Brussel worth 80c at 65c and 90c
grade at 75c a yard. The beauty of each design
could not be described here, it would require a visit
to this Department to get a conception of their ele-
gance.

A Word About Our Cloak Department

New spring goods are here galore; never before
have we carried a more complete line ladies' tailor-
made suits, skirts, jackets and waist than we have
this season. We have gone to great pains to make
this one of the most attractive cloak department in
East Liverpool and our buyer has been at the East-
ern markets for the past three weeks, and daily
we are receiving the newest creations in woman's
ready to wear garments.

In Our Dry Goods Department

You will find the newest fabrics for spring and
summer wear in all their daintiness. It would
require an inspection of these goods before their
beauty is appreciated. In domestics this line is more
complete than ever with new table linens, toweling,
draperies, prints, percale, madras, ginghams and in
fact everything pertaining to a complete domestic de-
partment.

The opening days in our Carpet Department
are Saturday, Monday and Tuesday.

JACOB STEIN,
Sixth Street.

WELLSVILLE

END NOT IN SIGHT

New Controversy Has Arisen in Park
Leach's Suit Against
Mrs. Strowe.

The end of the replevin case of Park Leach against Mrs. Strowe, which was heard in Squire Riley's court a few days ago, does not seem to be in sight.

Leach alleged that in the purchase of a restaurant from Mrs. Strowe certain utensils which he had contracted for, and which were missing when he took possession, should be returned to him and the court decided in his favor.

Mrs. Strowe had the disputed articles, together with a lot of household goods, stored in a building on Third street, where Leach was told to go and get whatever belonged to him and remove them to his place of business. It is now alleged that instead of taking only his own property, Leach also took the household goods of Mrs. Strowe and she now threatens to file suit unless her goods are returned forthwith. An action will probably be filed today.

SILVER WEDDING

Of Mr. and Mrs. Lafayette Heiner
Enjoyably Celebrated
Yesterday.

At their beautiful home, Eighteenth and Main street, Mr. and Mrs. Lafayette Heiner celebrated the 25th anniversary of their marriage yesterday afternoon.

The interior of the house was prettily decorated, the prevailing colors being pink and green. About 40 guests were present, many of them being from out of town. At 10 o'clock the company sat down to a choice supper, which was served in six courses.

Among the many valuable presents received by the happy couple was an 186-piece fine decorated dinner set. It was near midnight when the company dispersed. The out-of-town guests, together with the bride and groom of 25 years ago, made a tour of the East Liverpool potteries today.

WANTED \$300 DAMAGES

Suit of Mrs. Orr Against Contractor
Anderson Argued in Court
Yesterday.

The case of Mrs. Margaretta Orr against Contractor Edward Anderson was argued in Justice MacKenzie's court yesterday. The plaintiff alleged that in removing dirt from her premises on the hillside above the power house the defendant recklessly damaged the house and removed stone which the city did not buy, to the value of about \$300.

The testimony in the case was taken last Friday, but the arguments were deferred until today on account of the illness of one of the attorneys. Wilbur Snediker represented the plaintiff and W. F. Lones the defendant.

Asks Homestead Exemption.

Renaldo Runyon, a well known farmer of Knoxville, who filed a petition in bankruptcy some time ago, has filed an application with the referee at Steubenville, demanding a homestead exemption, and asks that it be set aside for him out of the assets of the property now in the hands of the court. Among the property is a valuable farm near Yellow creek, which is being appraised by the referee today.

MINOR NEWS OF WELLSVILLE.

SOUTH SIDE

STREET RAILWAY

ASKS CHESTER COUNCIL FOR
RIGHTS FOR AN EXTENSION.

Matter Deferred Until Next Meeting.
Carolina Avenue Paving
Discussed.

The paving of Carolina avenue and a proposition for a granting an additional franchise to the East Liverpool and Rock Springs Street Railway company occupied the attention of council, the greater part of the time at their meeting last night.

A petition, signed by a majority of the property owners on Carolina avenue, requesting that an ordinance for the grading and paving of that thoroughfare be passed, was presented. After considerable discussion, and on the solicitor's advice, the matter was deferred until an estimate of cost can be prepared by the city engineer. The solicitor was also of the opinion that a debt of this kind could not be incurred without first submitting it to a vote of the people.

In connection with the Carolina avenue paving a proposition from the street car company was received. It proposes to furnish the gravel and brick for a strip fourteen feet wide in the middle of street, the town to furnish the balance of the gravel, and brick and do the work, provided a 50 franchise is granted for the extension of the lines between First and Third streets. The proposition was laid over until the next meeting.

Mr. Riley moved that an assessor be appointed, which carried, and applicants for the position are requested to file their applicants before the next meeting night when the appointment will be made.

The town sergeant was ordered to file a bond of \$3,000.

It was decided that the poles for the street lights should be 22 feet long instead of 20 feet, as originally ordered.

The contract for digging holes for the light poles was let to Arch Severs at 75c each.

A bill of Mr. Severs of \$4 for hauling the new safe was ordered paid.

Councilman Hough presented Mayor Schrader a beautiful gavel which was accepted in a neat speech by the mayor.

ACCESS TO THE PARK

Will Be Facilitated By a New Entrance And a Change in Car Line.

Surveyors are at work staking off the ground for the new entrance to Rock Springs park. As was stated some time ago, the entrance that has been used for the past several years will be closed, and a new one, which will be of much easier access to the park, will be made near the lower spring.

According to the new arrangements the street cars will enter the park, crossing a new bridge that will be built across Mark's run, south of the one the car line crosses at present.

McBane-Devott.

At the home of Mr. and Mrs. John Neville, Carolina avenue, Chester, last evening, Miss Mary McBane, a teacher in the new Chester school, was married to Louis Devott, a prominent young business man of Franklin, Pa., by Rev. H. M. Carnahan. Miss McBane resides at Hookstown, but has been employed by the school board of Grant district for several years. Only the intimate friends were present at the wedding.

Lights Will Soon Be Ready.

Contractor Robert Allison, who is to furnish poles for the new street lights has been delayed considerably on account of the bad weather of the past few days. It is expected, however, that the lights will be ready for service within the next few weeks.

CHESTER NOTES.

Lacrosse Riley is confined to the house by the grip.

Charles Mackey and family have moved to East Liverpool.

Mrs. Jesse Good is rapidly recovering from her late illness.

J. W. Brunson, of Hookstown, was in Chester on business yesterday.

Earl, son of Thomas Durin, is recovering from an attack of the grip.

James Kevan has returned from Hookstown where he purchased a fine saddle horse.

William Sheckler has commenced to raise the frame of a 6 room house on Middle Run.

Prosecuting Attorney McKenzie, of Hancock county, was in Chester on a business trip.

Miss Clara B. Grim is confined to the house with pneumonia and her condition is serious.

The family of James Koerber has moved into one of the mill houses on California avenue.

Elijah Smith has moved from the Kinney farm to one of the mill houses

on California avenue.

Taylor Glass is critically ill at the home of his brother, A. J. Glass, on the Samuel Allison farm.

Mrs. Robert Marshall and family will move back to her former home about the 1st of April.

David Barcus, of Ben's Run, W. Va., has returned home after a short visit at the home of Mrs. Robert Marshall.

Miss Alma Marshall left this morning for Pittsburg to resume her studies in the Pennsylvania College for Women.

The dance held at the home of Al Priest, on Middle Run, was well attended and enjoyed by all. A number of young people from the Turkeyfoot oil field were present.

As soon as the weather permits, McDonald & Marshall will begin the erection of a new building opposite the Rock Springs park entrance, which will be occupied as a news stand and barber shop.

Freight business on the branch is now in fairly good shape. For several days during the flood there was very little freight hauled to Chester, but it is thought that all danger of wash-outs is now past.

VALUABLE FARM SOLD

Youngstown Men Purchase 356 Acres
on Yellow Creek for
\$10,000.

One of the largest real estate deals consummated in Wellsville for some time was completed yesterday, when William G. McCullough sold a farm containing 356 acres to S. D. L. Jackson and F. B. Midbury, lumber dealers of Youngstown, for \$10,000.

The farm is situated on Yellow creek, on the Hollow Rock camp ground road. It is almost entirely covered with oak timber and the purchasers intend to put a large number of men to work at once clearing the timber off. Several saw mills will also be put in operation as soon as possible.

Accepts a Call.

Rev. W. E. Previtt, of Malvern, has accepted the call extended to him some time ago by the First Christian church of this city.

Eggs, eggs, eggs, 27c per dozen at SCHMIDT'S CASH GROCERY.

Strawberries, at MURPHY & SON'S.

Men's \$5 coin toe shoes, only six pairs left, now 98 cents, at FRANK, SHUMAKER & CO'S.

New turnips, at MURPHY & SON'S.

IN CONTRADICTION TO THE STATEMENT MADE LAST WEEK CONCERNING DR. MARSHALL'S EMPLOYING NON-UNION LABOR THE FOLLOWING IS A SECTION OF THE SPECIFICATIONS USED BY HIM WHEN BUILDING THE HOUSES:

"IT IS UNDERSTOOD AND AGREED TO THAT ALL WORK IS TO BE DONE BY UNION WORKMEN AND PAID FOR AT UNION PRICES."

WORKMEN WERE APPROVED BY ROBERT NEWELL, SECRETARY CARPENTER'S UNION, BEFORE THEY WERE PERMITTED TO WORK. IF ANY ONE DOUBTS THIS STATEMENT THEY ARE REFERRED TO MR. NEWELL.

JOSEPH BROS.

Coming Musical Event.

The Y. M. C. A. on Friday, March 14, will present to the public a piano and song recital by Miss Alyce Watson and W. C. Weeden. Miss Watson has recently returned from abroad and has appeared recently with some of America's noted artists in concert. The New York Tribune says of her: "Miss Alyce Watson, piano soloist, is simple in her manner, and yet charming in her rendition. Her work was above criticism." Mr. Weeden is well and favorably known here and his reputation is well established.

FIVE MEN PERISHED.

They Were Entombed In a Coal Mine, at Monongahela Pa.

TWO INJURED, BUT ESCAPED.

Explosion Occurred While Experts Were Letting Gas Out of Mine, Bratticed Up to Smother a Fire. Party Rescued.

Monongahela, Pa., March 7.—Five expert mine workers were entombed in the Catsburg mines of the Monongahela River Consolidated Coal and Coke Company about noon yesterday. A rescuing party consisting of 11 certificate men, or mine officials, started into the mine shortly after 9 o'clock last night and later brought the bodies out.

Beside the five men there were two others in the mine at the time of the explosion. These escaped, one coming out at the main entry and the other through an air passage nearly three miles from the entrance.

The Dead.

Robert Howry, mine foreman, 50 years old, lived in Cemetery street, Monongahela, came to the Catsburg mine from Finleyville two months ago.

James Howe, of Monongahela, 23 years old, married and has family of two children.

John Gelder, mine boss, 46 years old, married, lived at Charleroi.

Isaac Eastwood, fire boss, 47 years old, married and lived in Main street, Monongahela, has family of ten children.

William McFarland, boss driver, 39 years old, married and lived in Main street, Monongahela.

The Injured.

James Tennet, electrician, 35 years old, married and lives in Main street, near mine entrance; had cut on right arm, bruised about head and eyes, escaped by crawling on his hands and knees more than a mile along.

John Hager, roadman, 38 years old, married, badly bruised and scratched none of his injuries serious, escaped by crawling on hands and knees to main entrance, a distance of nearly two miles.

Mine Superintendent William Sedden, accompanied by State Inspector Henry Loult, who lives here, and George Tempest, a machinist, started into the mine about noon in the hope of getting the men out alive. Their efforts were in vain, and before Superintendent Sedden got out he was almost overcome by gas, from the effect of which he was still suffering last night.

There were two explosions at the Catsburg mine yesterday. The first occurred about 11 o'clock in the morning and the second explosion morning and the second explosion about 1 o'clock. The mine has not been worked since Monday last on account of a fire, which started near chambers 65 and 66, near the main entry.

Thought Mine was Safe.

The fire was caused by a blast put in by a miner and could have been easily extinguished at the time, had the miner realized the danger. As soon as the mine officials knew of the fire the entries to the burning chambers were bratticed up to shut off the supply of air and smother the fire.

The Supposed Dead.

Close watch has been kept on the mine since then and Wednesday night it was decided that it would be safe to enter the mine yesterday morning and prepare for work. Accordingly the most expert mine officials were told to enter the mine, remove the brattice work, board by board and allow the gas to be drawn out into the air passages.

The men entered the mine about 6:30 o'clock and had torn off several boards to allow the gas to escape gradually, when the explosion occurred.

AN EXHIBIT OF STRENGTH

In Spots, in the Stock Market, Thursday—Some of the Features of The Session.

New York, March 7.—Thursday's stock market made a remarkable exhibit of strength in spots. Several of the customary market leaders were

SCROFULA.

"Scattered consumption" is a good way of describing this disease. It is in fact a real consumption of the little glands under the skin.

Scott's Emulsion cures it. Scott's Emulsion is good for all kinds of consumption but especially good for scrofula.

It heals the sores—but doesn't stop there for the weakness and loss of flesh is the worst part of scrofula.

Scott's Emulsion feeds and strengthens scrofulous children.

Send for Free Sample.

NEURALGYLINE FOR THE NERVES

is the enemy of all neuralgic and other nerve troubles. Accept no substitutes for it. Neuralgyline does not cure or relieve all diseases. It only RELIEVES PAINS CAUSED BY NEURALGIA AND OTHER NERVOUS TROUBLES. No matter how bad the case is, it must succumb to the all-powerful influence of Neuralgyline. Neuralgyline, by soothing the nerves, restores them to their normal state.

Neuralgyline is absolutely harmless. It is a combination of health giving chemicals. Try a box of it if you are one of the great army of neuralgic sufferers. ONE PELLET WILL BRING YOU RELIEF WITHIN TWENTY MINUTES. Read what these representative people have to say of Neuralgyline:

I have been a great sufferer from neuralgia; Neuralgyline has effected a permanent cure in my case. Miss E. V. EVANS, Sistersville, W. Va. I have suffered for over a week with neuralgic pains in the head, unable to sleep and nearly crazed with pain. Thirty minutes after taking one NEURALGYLINE tablet I was completely cured. Mr. J. R. SIMS, St. Paul, Minn. Your suffering can be relieved too! Every first-class druggist in town sells Neuralgyline. Price, 25c a box. If you find that Neuralgyline is not as represented, money will be cheerfully refunded. Samples free on request.

STEAMER WAESLAND SUNK.

Went Down, After a Collision, with Another Vessel, Off Holyhead, Coast of Wales.

London, March 7.—The American line steamer Waesland Capt. Atfed from Liverpool March 5th for Philadelphia, and the British steamship Harmonides, Captain Pentin, from Para, Feb. 13, for Liverpool, met in collision last night off Holyhead, Wales. The Waesland sank.

The Harmonides rescued the passengers and crew of the Waesland and is bringing them to Liverpool. Tugs have been sent from Liverpool to meet the Harmonides.

The Waesland carried 32 cabin and 82 steerage passengers.

The Waesland is owned by the International Navigation Company but flies the Belgian flag. She plied regularly in the American line service between Philadelphia and Liverpool touching at Queenstown each way. Formerly she was known as the Russia. She is a four-masted bark-rigged iron vessel.

PRINCE HARVARD MAN

A Degree Conferred Upon Him, While Visiting the University.

EMPEROR CONGRATULATED HIM.

Banquet One Feature of Entertainment at Boston—Long and Olney
Two of Speakers—West Point One Place to be Visited To-day.

Boston, March 7.—Prince Henry of Prussia was the guest of Boston yesterday and his welcome to the city was a cordial one. Gov. Winthrop, Murray Crane and Mayor Collins, acting for the state and the city extended the official courtesies to him and when the prince had ceremoniously returned their calls, he went to Cambridge to deliver the gifts of his brother, the Kaiser, to the Germanic museum, and to receive from Harvard the honorary degree of Doctor of Laws.

Prince Henry's first act at the Harvard Union shortly after he received the degree was to propose and lead three cheers for President Roosevelt who is a Harvard alumnus. The prince received a cablegram from the Emperor congratulating him on his newest honor.

Last night the prince was given a dinner by the city of Boston and sat at a table with more than two hundred of the representative citizens of the commonwealth.

Bright sunlight favored the day and the streets and avenues were thronged with people.

The special train which carried the prince was not delayed by flood or storm and made the time planned for it by the railroad men. It halted for a few moments at Springfield but not at Worcester.

A Banquet To the Prince.

The heartiest part of Boston's formal welcome to Prince Henry was concentrated in the banquet at the Somerset last evening. To the sentiments expressed there His Royal Highness made a formal response.

Among the speakers were Mayor Collins, Secretary Long, Gov. Crane and Ex-Secretary Olney.

After the banquet, the prince and his suite retired to their apartments reappearing a few minutes later for departure for the residence of J. Montgomery Sears where a reception was tendered the prince by the Thursday Evening Club. At this reception which was entirely informal his royal highness had the opportunity of meeting the representative literary people of Boston.

PLEDGES TO AMERICA.

Germany and Russia will Preserve Commercial Rights of Other Nations in War Spheres in China.

Washington, March 7.—The United States has received fresh pledges from Russia and also from Germany as to the conservation of the commercial rights of other nations in China, within the zones of influence of the above named powers. The Russian promise has been repeated at short intervals and is regarded as quite binding as any written statement can be made.

In the case of Germany, which power has been projecting some railroad and kindred enterprises in Shan Tung

TWIN TROUBLES

They Are Often Together These Days. They Work Havoc All over the Country and in East Liverpool.

Weak, nervous, the digestion out of order. That is what ails a host of people. It comes about in this way. First from overwork or other causes, the nerves are burdened beyond endurance, nerve waste is not replaced, nerve force is weakened. Then the stomach loses its nerve controlling power, and indigestion follows with falling strength. When first Dr. A. W. Chase's Nerve Pills came to East Liverpool, people could hardly believe that this great medicine should remove these troubles. Now it is an accepted fact because of its cure of very stubborn cases no other medicine would influence. Mrs. Margaret Tracy, of No. 178 Seventh street, East Liverpool, O., says: "One of my family was very nervous—subject to nervous spells—weak and irritable—could not sleep and the digestion was very poor. I asked the invalid to take Dr. A. W. Chase's Nerve Pills I got at Larkins' drug store, corner Sixth and East Market streets. The result was splendid. The medicine built her up, enriched the blood, made the nerves strong, gave restful sleep and so strengthened the stomach that digestion is perfect. The old time languid, played out feeling has given place to one of strength and energy, and as a result we are more than pleased with the medicine."

Dr. A. W. Chase's Nerve Pills are sold at 50 cents a box at dealers, or Dr. A. W. Chase Medicine company, Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D. are on every package.

Moffat's
Life Pills

The Great Stomach and Liver Medicine.

A positive cure for Malaria, Biliousness, Indigestion, Costiveness, Colds, Grippe, Rheumatism, Impure Blood and all diseases arising from a disordered condition of the stomach and liver, and guaranteed to cure or money refunded. For sale by all Druggists, or sent by mail on receipt of 25c. a Box or 5 boxes for \$1.00. J. P. MILLS, Sole Proprietor, New York.

province back of Kiau Chaou, the German naval port on the Chinese coast, the state department. In answer to its inquiries on the subject has been assured that there is no intention to exclude the citizens of other nations from any advantages to be enjoyed in that quarter of China by Germany.

AMBASSADOR FROM AUSTRIA.

That Country to Raise Grade—This Country to Follow Suit.

Washington, March 7.—The Austrian Minister, Mr. Ladislaus Hengelmüller von Hengervar, confirms the report that the Austrian-Hungarian Ministry here is to be elevated into an Embassy. He called at the State Department to-day to acquaint Secretary Hay with the purpose of his government and the Secretary extended his warmest congratulations.

It is believed that the matter already has been laid before the proper committee of the Reichstag, which must sanction the change. The next step in order is to elevate the United States Ministry at Vienna to an Embassy and under the law the President has authority to do this as soon as he is formally notified of the fact that Austria-Hungary has taken the initiative.

A WOMAN MURDERED.

Some Person Apparently Substituted Poison for Medicine.

Grand Rapids, Mich., March 7.—Sheriff Chapman returned from Lowell where he has been investigating the death of Mrs. William Klump, aged 20. He found evidence that she was murdered. The woman was sent a supposed sample headache powder by mail.

She used it and died twelve hours later. An autopsy showed that strychnine poisoning was the cause of death. The sheriff found that the powder was sent in an envelope postmarked at Lowell. It is believed that the headache powder was removed and the poison was substituted for it.

Murderer Executed.

Marion, Ala., March 7.—Luke Sanders was hanged here for the murder of Read Overseer Mullins last April.

A household necessity—Dr. Thomas' Eclectic Oil. Heals burns, cuts, wounds of any sort; cures sore throat, group, catarrh, asthma; never fails.

Boils, carbuncles and all eruptive diseases, yield rapidly to the healing influence of Page's Climax Salve. Always keep a box in the house.

AGAINST THE MAINE CLAIMANTS

Commission Decides Spain Is Not Responsible to Individuals for Injuries Sustained by Explosion.

Washington, March 7.—The Spanish treaty claims commission yesterday handed down a decision against the claimants for deaths and injuries received by officers and seamen in the wreck of the battleship Maine, in Havana harbor.

The commission holds that "individual claims of citizens of one nation may arise against the government of another nation for redress of injuries to persons or property which such citizens may have sustained from such government or any of its agents. But such individual claims do not arise in favor of the officers and seamen of a ship of war who receive in the line of duty, injuries to their persons for which a foreign government is responsible. The claim against the foreign government is wholly national and all injuries to such officers and seamen are merged in the national injury; and they can look only to their own government for such remuneration as it may choose to give them."

"A seaman injured by the explosion which destroyed the battleship Maine in the harbor of Havana, Cuba, on February 15, 1898, had no individual claim against Spain, even if that government was responsible to the United States for the explosion, and therefore such a seaman is not entitled to an award in his favor from the Spanish treaty claims commission organized by the claims of Congress of March 2, 1901, to adjudicate all individual claims of citizens of the United States against Spain, which the United States released to Spain and agreed to pay by the treaty of peace of December 10, 1898."

The claims so far filed with the commission which will be effected by this decision amount to about \$2,500,000, which probably would be increased to \$5,000,000 had the decision been favorable to the claims.

Notice to Contractors

Sealed proposals will be received by the undersigned until **Saturday, March 8, 1902,** for furnishing all material and doing the work, including excavating, of constructing a brick sewer through the lot of Catherine E. Carraher, East Liverpool, O. Said sewer to connect with and be a continuation of the sewer which now extends through the property of the Crockery City Brewing and Ice Company and in Ravine Alley, and is to be built of brick with stone footers and in material, workmanship, size and in all other respects to be built the same as the said sewer of which it is to be a continuation. Said sewer to be approved by the City Engineer of East Liverpool, O. The right is reserved to reject any and all bids.
The line on which it is to be built and all details can be ascertained from the undersigned. The successful bidder to enter into a contract with the undersigned before the bid is binding. Dated February 21, 1902.

ALLEGES DESERTION

Mahoning County Wife Files Charges Against a Wealthy Farmer.

Youngstown, March 7.—Although he is the owner of a farm of 107 acres in West township, Carroll county, O., and houses and lots in Columbiana county Margaret J. Stackhouse alleges that John Stackhouse, her husband, refuses to support her. This allegation is contained in a petition for a limony filed in common pleas court.

The couple were married in Alliance on October 14, 1897. The plaintiff alleges that on March 30, 1899, the defendant, without cause, deserted her and has since absented himself. He refuses to live with or contribute to the support of plaintiff, who petitions court for an order compelling him to support her. The plaintiff is represented by Attorney D. Fordling.

DEMOCRATIC HOPES

Of Help From Other Parties in the City—Talk of Citizens' Ticket.

A meeting of the city Democratic central committee has been called for next Monday night at city hall. The committee expects a number of representatives of other parties will meet with it. It is the intention of those at the head of the movement to place a citizens' ticket in the field to oppose the nominees of the Republican party selected last Saturday.

Democrats hope to secure the aid of a number of the unsuccessful candidates for honors at the late primary, and if they succeed in this and can bring their following with them, they believe a showing can be made against the regular nominees. Their hopes will probably be in vain, as usual.

Fall Down Stairs.

Roy Green fell down stairs at his home near the Diamond yesterday afternoon and came near breaking his right arm. The member was badly sprained and it was necessary to put it in splints.

IT CERTAINLY PAYS

SMALL INVESTMENTS IN MINING BROUGHT BIG PROFITS.

Examples of Small Fortunes Made From \$25 to \$100 Judiciously Placed.

The statement is frequently made "What is the use of investing a small sum in a mining company, it will never amount to anything." Taken at the time the company is selling its first issue of treasury stock, there is no trouble to look over the field of active mining operations and enumerate hundreds of companies, where a small sum invested would mean an income of no small amount.

\$25.00 invested in Isabella in '93 is now worth \$1,240.00, and in addition you would have received \$350.00 in dividends.

\$25.00 invested in the Jackpot in '94 is now worth \$1,500.00, and in addition you would have received \$750.00 in dividends.

\$50.00 invested in the Elkton stock in '95 is now worth \$1,800.00, and in addition you would have received \$950.00 in dividends.

\$50.00 invested in the Wolverine Copper stock in '93 is now worth \$2,000.00.

\$100.00 invested in Gold Coin stock in '94 is now worth \$2,000.00, and in addition you would have received \$1,000.00 in dividends.

\$100.00 invested in "Green Consolidated" less than two years ago is now worth \$8,700.00, and in addition you would have received large dividends.

\$100.00 invested in the Butte & Boston stock in '96 is now worth \$7,900.00.

\$100.00 invested in the Homestake of South Dakota when the stock was selling at \$1.00 a share is now worth \$20,000.00.

\$100.00 invested in the United States stock only twelve years ago at \$1.00 a share is now worth \$30,000.00, and the company is paying dividends at the rate of \$1.200 per year.

In fact the New York Engineering Journal gives a list of 237 dividend paying mines that an investment of a small amount, when the stock was first issued, would mean at the present time not only a large advance in price, but a very respectable income. There are few avenues of trade that offer safer investments, and certainly none more profitable.

For further information apply or write to S. J. Cripps, secretary of the Green Mountain Mining and Milling company, East Liverpool, Ohio.

ENJOYABLE PARTY

Given By Mrs. Harry A. Keffer to a Large Number of Ladies.

Mrs. Harry A. Keffer was hostess yesterday afternoon at a very artistically arranged party. Preference was given to yellow and white in the decorations, all of which were superb in every detail. Choice refreshments were served and they also carried out the color scheme in pretty design.

Progressive peanuts was the amusement for about 45 ladies. The first prize was won by Mrs. George P. Ikert, while the consolation prize was awarded to Mrs. John Croxall.

The afternoon was greatly enjoyed by all present.

CONTRACT NOT CLOSED

East Liverpool Sagger Company Has Not Yet Sold Out to the Pennsylvania Company.

It now develops that the announcement made a few days ago, containing the information that the East Liverpool Sagger company had disposed of its property in Pink alley to the Pennsylvania company, was premature.

As a matter of fact no deal has been closed. A member of the firm owning the sagger company site was interviewed this morning and said:

"The Pennsylvania company would doubtless buy the property, as it has use for it, but to the present no option has been taken, nor contract entered into. To make a deal there must be a consideration and not a cent has been paid nor has there been the scratch of a pen toward a contract. There will be no options. If the Pennsylvania company buys it it will do so outright."

There seems to be little doubt that the deal will go through, as the railroad people need the ground.

The Rinehart building on Second street is now a part of the Pennsylvania company's possessions, and the work of tearing down the old portion of the building may be commenced in a few days, although full possession will not be given until March 27.
